

Foreign-Owned Firms In Hungary Seized

By The Associated Press
Hungary's Communist government Thursday seized a big number of foreign-owned companies, charging they were being used "to build up espionage and sabotage rings."

Among those ordered nationalized was the Standard Electric works, a subsidiary of the American-owned International Telephone and Telegraph company. Two foreign officials—an American and a Briton—and a Hungarian manager of the company are in a Hungarian jail charged with espionage and sabotage.

The government also broadened its nationalization program by taking over all Hungarian-owned enterprises employing more than 10 persons and all printing plants employing more than five.

Varied Records Of Pope, Bells To Circle Globe

VATICAN CITY — (AP)—The voice of Pope Pius XII as well as the tone of the bells of Saint Peter and music for the solemn ritual of Canonization have been recorded for worldwide distribution.

These recordings will enable many who cannot come to Rome for the 1950 Holy Year to hear in their own homes the voice of the pontiff and the ritual and music of some of the Catholic church's most solemn ceremonies.

The recordings range from a tiny disc made by Vatican radio, which can be sent as a postal card to a sumptuous album of the ritual of canonization and solemn papal mass.

The tiny postal recording contains the apostolic benediction (Urbi Et Orbi) to the city (of Rome) and the world, which the pontiff pronounces from time to time, usually at the end of his more important addresses. It is in Latin.

The album of canonization and solemn papal mass is being produced in the United States by Kyrie Recordings of New York from recordings made by Vatican Radio during canonization ceremonies in Saint Peter's basilica in 1947.

This—one of the most ambitious recordings ever made of ceremonies of the Catholic church—includes the voice of the pope, music by the celebrated Sistine and Julian chorals of the Vatican, the flourish of silver trumpets sounding upon the arrival of the pontiff in the basilica for the Canonization ceremony and the bronze tones of the bells of Saint Peter's announcing to the world the creation of a new Saint of the church.

In addition, Vatican Radio directors said that other records of the Pope's voice in various languages—selected from his speeches—will soon be produced by companies in America which have acquired recording rights.
