On Sunday, January 1, "The Adventures of the Falcon" makes a New Year's debut on KRNR. Mike "The Falcon" Waring will resolve to leave "No Stone Unturned." And that's unheard of for him. For this Drexel Drake-created fictional adventure-hero normally has eyes only for oppressed men and repressed women—and usually accidentally falls into the adventure situations which face him every Sunday afternoon. But now and forevermore Mike Waring vows to pay more attention to the dark corners, to still devotest of his attention to following the carefree, romance-seeking course which the novelist originally created for him. Leading "Falcon" roles are taken by Les Damon and Mercedes McCombridge. Franz Lehar's delightful musical romance, "The Merry Widow," will be adapted for "Chicago Theater of the Air" Sunday night at 10. Soprano Nancy Carr, tenor David Poler and baritone Earl Wilkie will be co-starred in the major singing roles.

The annual intercollegiate 'Gator Bowl football game will be broadcast exclusively over Mutual-Dor Lee and KRNR on Monday, January 2. This year's game will pit the fighting Tigers of the University of Maryland against the formidable Old Liners of the University of Missouri. Game time: 10:45 a. m. to conclusion.

ATOMS TIME BIRDS
 NEW YORK—(AP)—Radioactivity has been set to work to time the homing flights of wild birds. It will be necessary to sit up all hours, watching for a bird to return to its nest. Now a few radioactive atoms are attached to the band on a bird's leg. A meter that reads radioactivity is set near the nest. The meter writes the our and minute of the bird's arrival, day or night.
