The woman says: "DO YOU THINK COP'S DOING OKAY BACK THERE IN AMAZON-LAND?" Alley Oop says: "WHY NOT? HE'S BEEN THERE BEFORE—HE SHOULD KNOW HIS WAY AROUND!"

Willamette River Span Project Given Army's O. K. SALEM, Jan. 5.—(AP)—Apparently there is no objection to building the new highway bridge across the Willamette river at Salem. The army engineers held a hearing here on the bridge, and there was no opposition to the structure, which the State Highway commission hopes to start building this year. The army engineers are interested because they want the bridge high enough to allow boats to pass under it. G. S. Paxson, bridge engineer for the State Highway commission, said the bridge would be 83.4 feet above low water. That is the same height as the present bridge. The distance between piers will be 240 feet, compared with 146 feet between piers of the present bridge. The present bridge is on center street. The new one will be a block north. When the new bridge is finished, westbound traffic will be routed over the new bridge, and eastbound vehicles will use the old one. The new bridge will be a part of the Salem-Dallas highway, and is part of the highway commission's plan to relieve traffic congestion in Salem.

Now She Shops "Cash and Carry" Without Painful Backache. As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complaints of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Hoaxer Fails in Second Attempt To Close Schools. SEATTLE, Jan. 5.—(AP)—Seattle's public school administration had some unamusing but confusing moments last year when a radio station fell for a hoaxer's phone call and announced schools would be closed because of the bad weather. Wednesday the same radio station received a phone call from a party identifying himself as a member of Supt. Samuel B. Fleming's staff. "Would you please announce that all schools will be closed today," the party asked. "And the password?" inquired the man at the radio station. There was just a soft click at the other end of the line. Fleming had arranged with all local stations that any such announcement this year would be accompanied by a password known only by himself and a few station officials. Schools are open today, too, despite bad weather. Some undeveloped coal beds in the Durango, Colo., area are estimated to be 28 inches thick.
