\$1 Billion Arms Shipment Awaits Approval Of Pact

WASHINGTON, Jan. 9.—(AP)—Officials today awaited President Truman's approval of a new Atlantic pact defense plan as the signal to start a full \$1 billion in arms rolling to western Europe within a month.

The official nod from the White House—expected promptly—is all that is needed now to make available the full amount appropriated by Congress last summer to re-arm America's European allies. Only \$100,000,000 has gone into the arms program thus far, pending final action on the defense plan.

This master blueprint against Communist aggression was approved unanimously yesterday by the 12-nation North Atlantic council. Secretary of State Acheson,

Shingle Weavers Demand \$100 Monthly Pensions

PORTLAND, Jan. 9.—(AP)—AFL shingle weavers of Oregon and Washington Friday called for \$100 monthly pensions.

The action was by the district council which asked for a strike vote to give backing to the de-

representing the United States, presided over the meeting. The other 11 governments were represented by their top diplomats here.

Even though Acheson voted for it, the President must now examine the strategy plan and issue a formal finding on whether it provides for "integration" of western European military defenses and production facilities.

In passing the arms-aid program, Congress insisted that this "integration" must be a fact before \$800,000,000 of the \$1 billion voted for Europe would be turned loose.
