LEGAL

Sale State Timber

Sealed bids will be received by the Oregon State Land Board in its office in the State Capitol, Salem, Oregon, up to 10:00 o'clock A. M. Tuesday, February 7, 1950 for all merchantable timber on Lots 1, 2 and 3 of Sec. 36, Twp. 29 S. R. 7 West Will. Mer., Douglas County, Oregon, cruised by the State Forester as follows:

Red Fir 1257 MBF

White Fir 106 MBF

Ponderosa Pine 86 MBF

Cedar 89 MBF

The minimum price per MBF that will be considered is:

Red Fir \$6.00

White Fir 5.00

Ponderosa Pine 10.00

Cedar 2.50

Bids must be accompanied by certified or cashier's check for full amount bid. The Land Board reserving the right to reject any and all bids.

Successful bidder will be allowed 2 years to remove the timber, said time limit subject to extension at option of Land Board.

Cash or surety bond acceptable to Land Board, in amount of \$500.00 will be required of successful bidder as a guarantee for complying with provisions of Oregon Forest Code including disposal of slash.

Establishment of property lines will be responsibility of successful bidder.

Bids should be sealed and addressed to E. T. Pierce, Clerk State Land Board, Salem, Oregon, and should be marked on face of envelope "Bid for Douglas County Timber."

Dated Dec. 28, 1949 at Salem, Oregon.

E. T. Pierce
Clerk, State Land Board

School Students Tell Rotary Club Of Activities

Five high school students were guest speakers before the Roseburg Rotary club Thursday noon at the Umpqua hotel.

Introduced by student Rotarian Irvin Stritzke, Shirley Gregory, Wilma Pope, George Packard and Don Parr said a few words concerning their respective activities at the senior high.

Shirley Gregory spoke of the Girls league, a national organization whose members try to better relations between high school girls. The group sponsors a sophomore tea, senior mothers tea, Christmas ball, Art club banquet and the achievement cup.

Wilma Pope explained the Girls Athletic association to the Rotarians. Her group emphasizes good sportsmanship and gives points and letters for activity in intramural sports.

George Packard, president of the Boys league, told of the assemblies, drives and other activities of that group. It emphasizes good sportsmanship and citizenship.

Don Parr reviewed activities of the "R" club, of which he is president. He reviewed the year's sports events at the high school, pointing out that the members of his organization must be letter winners. The chief aim of the "R" club, he said, is good leadership.

A fledgling member of Rotary, Irv Pugh, was introduced to the members and guests.

"Hank" Henry was a guest of President Leroy Hiatt, and Russ Marshall was the guest of Arlo Jacklin.

Unemployment In Douglas Upped During December

Unemployment in Douglas county increased sharply during the last part of December. The majority of the lumber operations closed down for the Christmas week and were unable to resume their operations after the New Year holiday because of snow.

The additional workers employed for the Christmas rush in retail trade are being released as inventories are completed. Construction work is practically at a standstill, with only a few jobs going at the present time.

It is estimated that there were approximately 2500 unemployed persons at the end of December. At the rate that new claims for unemployment insurance are being filed, it is believed that the total will reach 3500 very soon.

The prospects for the future are good after the weather clears up. Many construction jobs are awaiting more favorable conditions, as well as two major highway projects that are bogged down by the recent rains and snow.

It is recommended that anyone having odd jobs of any nature that should be done, advise the local office of the employment service of their needs, for many competent workers are available for almost any type of work.

Tom Coates based his talk on the thought that we constantly strive to save time, but continue to waste precious seconds and minutes. Alan Knudtson gave a somewhat scientific explanation of the measurement of time down through the centuries. In explaining the physics of such time recording devices as watches and clocks, Knudtson said present scientific systems of measuring time are accurate to an amazing degree.

Social Security Agent Changes Visiting Place

The location at which a representative of the Social Security administration may be contacted has been changed, effective Tuesday, Jan. 17, to the city council chambers in the city hall. The representative formerly made his headquarters here at the Oregon State Employment service office.

He will be available in the new location between the hours of 8:30 a.m. and noon on Tuesday to assist persons in the Roseburg area in all matters pertaining to the old-age and survivors insurance program.

Persons who have attained the age of 65 years and who have in the past been employed in activities covered by the Social Security act should plan to contact the representative if they are unemployed at this time.

Persons who have attained the age of 65 years and who have in the past been employed in activities covered by the Social Security act should plan to contact the representative if they are unemployed at this time.
