Two Schools Rap NCAA 'Sanity Code'

CHICAGO, Jan. 19 — (AP) — The day opened peacefully on the National Collegiate Athletic association-rebel university front today but there was still speculation concerning the functions of the NCAA "sanity code."

Maryland and Virginia universities, two of the so-called rebels, yesterday challenged the right of two NCAA officials to boycott six member schools for non-compliance with the code. The quarantine was announced Tuesday by NCAA President Hugh C. Willett and Secretary-Treasurer Kenneth L. Wilson in a move to put some real "bite" in the code.

The NCAA executives yesterday emphasized that their Tuesday statement was correct and that all action had been taken under the association's constitution and the executive regulations.

However, Dr. H. C. Byrd, president of the University of Maryland, challenged the action, saying:

"No one has any authority to issue any official statement for the NCAA until after the duly elected council meets to determine what policies are to be set."

Sea lilies are really animals but they look like the plants for which they are named.

There are certain "soldiers" among ants whose duty is to defend the colony.

Canyonville Asks $75,000 To Meet School Expenses

The Canyonville school board and budget committee submitted a budget of $74,999.74 to the Douglas County Rural School board at a meeting last Saturday.

The budget includes all needs for the 1950-51 school year. Any portion of the budget which is not approved by the rural board for inclusion in the over-all county budget must be referred to the district voters, as a proposed special levy on that district.

Based upon a statement of policy established by the rural school board, teachers salaries, according to the proposed budget, will remain the same as for the present year, with the exception of two emergency teachers. The same amount will be allowed for music and for janitor services, but the bus driver's salary would be cut from $180 to $150 a month.

The health service allows $2 per student for physical examination for first and ninth grade students. Long distance telephone calls must be paid by the district. The biggest allowance, $1.50 for each elementary student for library books, for a budgeted total of $313.50; $3.36 per high school student for library books; $700 for replacement of books, and an emergency fund based on $25 per teacher. The emergency fund for the year 1949-50 was $2,500. No provision was made for a stenographer.

The budget will be posted in three places in Canyonville and a public hearing will be set. After the hearing, the budget will be submitted to the rural school board for approval.

The budget committee includes T. L. Weaver, G. L. Anderson and Mrs. Dan Baird. The school board includes James Zumwalt, president; Paul Strahan and John Bingham Jr. Mr. Zumwalt was unable to attend the meeting because he was out of town and the road conditions prevented his getting home.

FIGHTS LAST NIGHT

(By The Associated Press)

NEW YORK (St. Nicholas Arena)—Billy Graham, 144½, New York, outpointed Tony Pellone, 147¼, New York, 10.

SACRAMENTO, Calif.—Harold Dade, 128, Los Angeles, and Baby Leroy, 125½, Cincinnati, drew, 10.

IDAHO FROSH WIN

LEWISTON, Idaho, — (AP) — Paced by Hartley Krueger, ex-Spokane all-city prepster, Idaho's Frosh staged a second half rally Wednesday night to whip the Washington State College yearlings 59-49.

Krueger bucketed 20 points, 18 in the second half when the Vandal greenies surged back from a 28-25 halftime deficit.

HOOP PRACTICE SET

The YMCA-Church league teams will practice in the Benson school gymnasium starting one o'clock Saturday, said Cece Sherwood, YMCA youth committee member. The same schedule will be followed as was set for last week. Harold Hoyt will direct the YMCA-Church league.

M'Kay Urges Govt, Funds To Aid In Budworm Fight

SALEM, Jan. 19—(AP)—Governor Douglas McKay has asked Congress to hurry up and appropriate $900,000 to fight the spruce budworm.

He said speed is needed because the only time during the year that the pest can be killed is in late May or early June.

The state emergency board recently gave $197,000 for the state's share of the projeet.

"Without an early federal appropriation, most of the control work will have to be abandoned," the governor said.

"Timber killing is already in progress and forest entomologists estimate that unless large scale control is undertaken this June, trees will be killed on at least 800,000 acres.

"Such a danger threatening our forest economy and the jobs of 91,000 forest workers must be met quickly and forcibly. Cooperation in obtaining this appropriation has been requested from Oregon's congressional delegation."

State Forester George Spaur said more than 2,250,000 acres of timber lands in Oregon are infested with this tree-killing pest.

He said that if Congress provides its share of the money, 1,000,000 gallons of DDT would be sprayed this year by more than 70 airplanes.

One one-hundredth pound per acre of parathion was found effective against arctic mosquitoes when sprayed from a plane.

Redmond Mill Suffers Fire Loss Of $20,000.

REDMOND, Jan. 19 — (AP) — Fire early Wednesday caused an estimated $20,000 damage and shut down part of the Tite Knot pine mill's operations here.

The blaze broke out at 3:30 a. m. in the boiler house, with the thermometer at 3 below zero.

The 30 by 60-foot building was heavily damaged as were two conveyors and the heat-warped stacks.

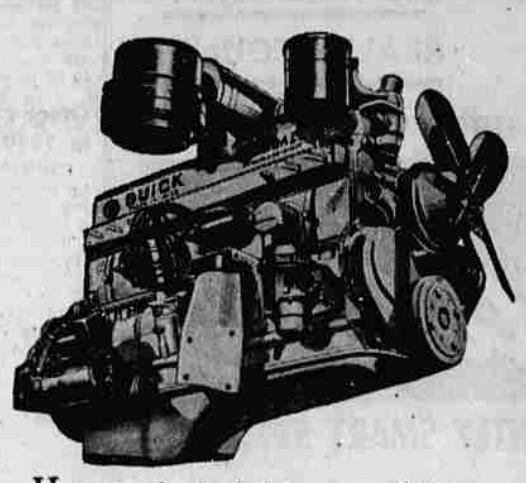
HOTTEST ENGINE NEWS of 1950

That's the word spreading about Buick's brand-new F-263 valve-in-head engine, already proving itself in the hands of new SUPER owners



CALL it if you will the biggest power-story of the year. Call it another triumph in Buick's long history of coming up with car performance beyond compare.

But, sir, when you step into the sleek-lined traveler pictured here—*hang on to your hat.*

For you'll be riding behind a power plant that is not only new but a major sensation of the 1950 season.

You'll be commanding the very latest word in valve-in-head power—the newest accomplishment of the organization with the country's longest stretch of experience in this engine design.

HERE every fist-size fuel charge now delivers a huskier wallop. Shorter, lighter connecting rods mean that pistons flash with faster and livelier action.

Heavier crankshafts, floated on bigger, more rugged bearings, take this greater load and transmit its stepped-up surge to the drive shaft and rear wheels.

And you, behind the wheel, wreathe your face in smiles at the lift you find! At the trigger-quick take-off—the mile-eating cruising stride—your easy disdain for the passing gas pumps.

You and your SUPER are really stepping out—and Buick's good name as "a sweetheart on the road" gains still more lustre.

NOR is road-thrill the only blessing this new power plant brings. Simpler design makes service easier, so upkeep diminishes as a problem. Hydraulic valve-lifters keep valves properly seated for efficient operation—and for quiet unbroken by tappet noise.

And you can have this power either with Buick's easy-shifting Synchro-Mesh transmission or the silken luxury of Dynaflow Drive.*

EITHER way, this SUPER is certainly something to see. To this top-notch new power it adds style and room, comfort and a wide outlook, soft easy stride and handier new over-all length.

Even the price justifies a prompt trip to your Buick dealer to learn more about Buick for 1950. You'll soon see why so many folks are already saying, "Whatever your price range—*better buy Buick!*"

**Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.*

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION *Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)* • ***NEW-PATTERN STYLING,*** *with bumper-guard grilles, taper-through fenders, "double bubble" taillights* • ***WIDE-ANGLE VISIBILITY,*** *close-up road view both forward and back* • ***TRAFFIC-HANDY SIZE,*** *less over-all length for easier parking and garaging, short turning radius* • ***EXTRA-WIDE SEATS*** *cradled between the axles* • ***SOFT BUICK RIDE,*** *from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube* • ***DYNAFLOW DRIVE*** *standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series* • ***NINETEEN MODELS*** *with Body by Fisher* • ***WIDE CHOICE OF EQUIPMENT*** *adding flexibility to prices that bracket every price range above the lowest.*

WHATEVER YOUR PRICE RANGE
