

Canyonville Tigresses Pace Volleyball League

Canyonville Tigresses pace the volleyball girls' teams of South Douglas county with three wins and no defeats, as league play hits the halfway mark.

Glendale, with one victory over CBA and no losses, is also on top. The Glendale girls have not been getting around much, because of inclement weather.

Days Creek, with one win over CBA and two losses to Canyonville, holds the number three spot. CBA, with no wins, dwells in the cellar.

Several postponed games may change the picture in the current standings, while underdog upsets are not out of the realm of probability.

Indians To Take On Reedsport In District Battle

Who will represent Douglas county in the district playoff? That question may be answered tonight, when Jack Newby's Roseburg Indians meet Norm Olson's Reedsport Braves in a league clash at Senior high, starting at 8 o'clock. A preliminary game is listed for 6:30 p.m.

The Braves are currently riding high on the crest of many wins in the Coast Valley league, and one win in the Douglas county league.

Reedsport slaughtered Myrtle Creek, 51-31, in Reedsport's first Douglas division contest and Roseburg appears to be the only real opposition that may bar the coast city club from entering the district finals.

The game tonight will show which team has the power, but will decide, officially, the outcome of the sub-district race.

That will be decided at the sub-district playoffs, stated to be played at Roseburg starting Feb. 22.

Coach Newby and Coach Olson released the following tentative starting lineup for tonight's tussle:

Roseburg	Reedsport
37 Coen	F. Leggett 21
Pinion 2540 Matthews	F. Froman 24
34 Olson	C. Perry 17
39 Strickling	G. Mansker 22
31 Freeman	G. Mansker 22

Demaret Winner Of Golf Opener

PHOENIX, Ariz., Jan. 27—(AP)—Ben Hogan and Jimmy Demaret renew their Phoenix golf battle today with Johnny Palmer given a good chance of fooling them both.

The opening round in the \$10,000 Ben Hogan open tournament went to Jimmy yesterday by a single stroke as he tied the competitive course record with a 64. He also dropped the first hole-in-one of his competitive career, as his high number three-iron shot on the 13th hole rolled into the cup.

Demaret had left the clubhouse when Hogan finished with a 65 to tie Palmer in second place. Ben, who said his putting was "the best I've done in my life," stroked a 30-foot putt into the hole to score an eagle three on the long par five 15th hole.

Demaret hasn't won a tourney since the 1949 Phoenix open and is out to end the dearth. The tournament is not all wrapped up for Hogan, Demaret or Palmer.

Sam Snead and Wally Ulrich of Minneapolis were just two strokes off the leader's pace with five-under-par 66s.

Child Golf Wizard Posts Another Win At Miami

MIAMI, Fla., Jan. 27—(AP)—Marlene Bauer today faces her sternest test thus far in the Helen Lee Doherty women's Amateur Golf tournament when she meets Marjorie Lindsay in the third round of championship play.

The tiny, 15-year-old Midland, Tex., sensation continued her blistering pace yesterday as she scored a lopsided 7 and 6 victory over Claire Doran of Cleveland, O.

Marlene, who stands five feet, two inches, was just two strokes over men's par after 46 holes of competitive golf.

Among the earliest weights were seeds of grain—and a "grain" is still used in weighing gold and drugs.

The drone bee dies soon after the wedding night.

Shorter Boxing Rounds Sought In New York Plan

ALBANY, N. Y., Jan. 27—(AP)—A bill introduced in the legislature would shorten the length of rounds in boxing matches and cut the number of rounds permitted in bouts in New York state.

Assemblyman William J. Butler of Buffalo described his proposal yesterday as a safety measure.

It would permit 15 rounds for championship fights only. Main events not involving a title would be limited to 12 rounds.

Coastal Streams Again Clear For Fish Spawning

PORTLAND, Jan. 27—(AP)—The state game commission reports good news for fishermen: A group of coastal streams have been cleared so that salmon can spawn in them again.

Jordan creek, once spawning grounds for steelhead, is completely clear again after 16 years of being blocked by Tillamook burn debris, snags, and log jams 900 feet long.

The commission said steelhead will return up the Wilson river to their old grounds in Jordan creek, now that the creek is no longer blocked.

Log jams have been removed from other streams, too: Necanicum river; Drift creek and Cedar creek, tributaries of the Siletz; Rock creek, tributary of the Coquille; Beaver creek, tributary to the Nehalem.

Logging companies have cleaned out seven other streams in which trout and salmon spawn. The E. K. Woods logging company cleared three tributaries of the Umpqua river—Big creek, Lutsinger creek, Camp creek. The Sunset Logging company cleared Clear creek, a tributary of the Nehalem.

Gravel creek, and the north fork of the Siletz river were

Tillamook Burn Closing To Save Deer Advised

NEWBERG, Jan. 27—(AP)—A recommendation that the Tillamook burn be closed to hunting to enable the deer to recover from two killing winters came from two sportsmen.

Douglas Jones, government trapper, and Mervin Whitmore, a forester at Hillsboro, returned from a trip up the Trask river to report deer heads dying from exposure.

They said there was enough food, but that the cold had apparently weakened the animals. Some deer were found dead beside piles of hay put out for them.

Whitmore said half the deer sighted were last year's fawns. "That total," he said, "should

be cleared by the Valseltz and Western Logging companies, and Buck creek, a tributary of the Siletz, by the C. D. Johnson Logging company.

Harlem Globetrotters Live Up To Monicker

Before the current basketball season runs its course, it's a safe bet that the mighty Harlem Globetrotters, who play the Roseburg JVRs at senior high school Wednesday, Feb. 1 will have taken themselves to some far distant shores to treat the natives to their unmatched play and comedy.

That has become a Globetrotter tradition. Each season sees them hit themselves to distant parts for exhibitions or participation in international tournaments.

The average urban family receives about twice as much cash income as the average farm or village family.

Here's a tractor-excavator that's winning the logger's heart

TRAXCAVATOR

says Harry Sanford your Interstate Man

The powerful "Caterpillar"-mounted excavator has come to the woods to stay! For the speed, power and versatility of the TRAXCAVATOR in digging, loading rock and dirt, spreading and carrying makes it a money-saving tool for the loggers just as it has for contractors.

Available in 4 Sizes

Traxcavators come in 4 sizes, mounted on the D2, D4, D6 and D7 "Caterpillar" diesels with bucket sizes from 1/2 to 4 cu. yds. They're easily operated, combine the usefulness of a bulldozer, shovel and loader in one machine. And the same service responsibility, too—Interstate Tractor. Call us for complete information.
