

AFL Irked By Denham's Speech On Teamsters

MIAMI BEACH, Fla., Jan. 31.—(AP)—The high command of the American Federation of Labor irked at the latest speech of Robert N. Denham, has called him "unfit" for his government job.

The AFL leadership said Denham, general counsel of the National Labor Relations board, is seeking to apply the anti-trust laws to labor unions.

What drew the ire of the AFL's executive council was Denham's speech in Washington yesterday saying the AFL teamsters' union has a potential power to cripple most industries.

Denham said the million-man union of truck drivers exercises control over delivery of materials touching nearly every industry in the country.

This brought a blast against him from the AFL council and hot words from several council members, including President William Green and Dan Tobin, teamsters' union chief.

Still another member said privately: "It's bad enough having to live with the Taft-Hartley law without Denham running around the country telling employers they ought to get even tougher laws on labor."

The council noted that only a few weeks ago Denham made a speech accusing the NLRB of pro-labor bias and suggesting that employers appeal board rulings to the courts.

While branding Denham as "unfit" to continue in his job, none of the AFL leaders went so far as to suggest his removal from office as CIO President Philip Murray has done several times.

The council noted that only a few weeks ago Denham made a speech accusing the NLRB of pro-labor bias and suggesting that employers appeal board rulings to the courts.

Indochina Reds Given Russian Recognition

have been fighting the French in Indochina since Dec. 19, 1946, and control most of the southeast. The French created the rival Viet-Nam government, covering 40 per cent of Indochina and most of the area's 20,000,000 population. The French have ruled Indochina with varying degrees of authority since 1957.

The Tass description of Hl Chi-Minh's Viet-Nam republic said it controls 90 per cent of the Indochinese population and that the areas occupied by the French contain only 2,000,000 of the country's population.

The announcement of Russian recognition came just after a delegation from Sinking China's westernmost province bordering on the Soviet Union, arrived in Moscow to take part in Soviet-Chinese negotiations for an alliance.

But it is Moscow and Washington that will make the final decision: Whether to pour arms directly into Indochina in support of rival governments there.

At stake is the rich rubber, rice and minerals producing area of southeast Asia. Indochina, under French colonial influence since 1871, is the gateway through which communism could spread from China to Thailand (Siam), Malaya, Burma, Indonesia and even India.

Moscow, by formally backing the Ho Chi-Minh regime that has waged effective guerrilla warfare for three years, has taken the diplomatic initiative and certainly has caught the French flat-footed. It remains to be seen how the U. S. government and Britain will react.

The French have about 120,000 soldiers, including some reports say—at least 15,000 Germans in the Foreign Legion, pitted against an estimated 100,000 guerrilla troops led by Ho.

Paris, Jan. 31.—(AP)—Russia's recognition of Ho Chi-Minh's rebel government in Indochina may eventually turn that stormy land of jungle and rice paddies into another East-West hot spot like Greece.

Legion Opposes Draft Retention, Asks Alternative

WASHINGTON, Jan. 31.—(AP)—The American Legion yesterday came out against President Truman's proposal to continue the draft law. Instead, the Legion advocated a program of universal military training.

The Legion's position was outlined to the House Armed services committee by Miles D. Kennedy, director of its national legislative commission. The committee is considering Mr. Truman's request for a three-year extension of the draft act beyond next June.

Several other foes of keeping the draft law alive also appeared before the committee. Kennedy said the Legion had supported past peacetime draft laws "as a temporary expedient," but "the value of selective service as a deterrent to enemy aggression has long since passed."

The potential strength of the American nation can best be organized through national security training, and now is the time for enactment of this program," he added.

Robert S. Tubbs, a member of the Kent county, Mich., draft board, also opposed extension of selective service.

The Women's Christian Temperance union registered its opposition through Miss Elizabeth A. Smart of Evanston, Ill., who said the draft is not necessary.

But the weather bureau won't recognize the Portland and Seattle readings since the weather stations used to be in downtown areas and now are at the airport.

The same is true at Baker. The airport minimum was 30 below this morning—and downtown the minimum was only 20 below.

Oregon State Highway commission thermometers caught the coldest readings: 38 below at Meacham in northwestern Oregon's Blue mountains, and 26 below at Austin, Seneca and Lapine.

The forecast calls for continued cold—but not as extreme as last night and this morning.

January was bowing out of the winter scene today with a mixture of mostly bad weather—snow, sleet, rain and cold—over wide sections of the country.

The coldest weather was in the northern and central plains states and most of the western states. Temperatures had moderated in the frigid belt of Minnesota and the Dakotas, but readings still remained below zero. Sub-zero marks also were reported in the Pacific Northwest.

Snow fell today from southern New England westward in the upper Mississippi valley. Rain extended over the middle Atlantic states and the lower Ohio valley. A freezing rain belt covered areas from the vicinity of New York City westward into Ohio. Highways in many sections were reported hazardous.

There also was some freezing rain in north and central Texas and another rain belt over Arkansas and central and north-east Texas. Some rain fell last night from Virginia to northern Louisiana.

There also was some freezing rain in north and central Texas and another rain belt over Arkansas and central and north-east Texas. Some rain fell last night from Virginia to northern Louisiana.

Roseburg Shivers In January Record Cold

Only some coastal areas were above the Roseburg low, although Newport reported a 14 minimum. Coldest spot reporting to the Associated Press this morning was Baker at 27 below, closely followed by Bend with minus 26.

Pendleton shivered all day yesterday at one degree above zero, then posted an early morning minimum of minus 15. Even such normally warm Willamette valley cities as Salem and Eugene dropped to below zero readings.

Salem's low was minus seven and it was two below zero at Eugene.

Other disbursements to the larger districts included: Oakland, \$27,044.68; Green, \$16,875.62; Dixonville, \$4,416.25; Olalla, \$3,692.77; Canyonville, \$12,789.47; Gardiner, \$13,807.85; Glide, \$23,732.74; Lookingglass, \$4,149.14; Days Creek, \$7,370.53; Tiller, \$4,591.51; Sutherlin, \$26,367.83; Canby, \$8,194.08; Drain, \$8,005.79; Yoncalla, \$9,967.53; Elkton, \$10,935.34; Riddle, \$23,037.70; Glendale, \$18,196.69; Winchester, \$7,799.65; Reedsport, \$21,877.16; and Dillard, \$8,577.58.

Union high school disbursements, totalling \$55,618.46, were distributed to Reedsport, \$42,141.67; Yoncalla, \$3,534.04, and Drain, \$9,866.60.

Cities received \$65,118.82, divided as follows: Roseburg, \$26,483.48; Oakland, \$6,930.44; Canyonville, \$7,387.70; Myrtle Creek, \$3,540.12; Drain, \$3,838.16; Yoncalla, \$5,797.72; Riddle, \$1,692.94; Glendale, \$4,271.19; Reedsport, \$6,046.30; Sutherlin, \$13,997.52; Roberts Creek Water district received \$3,379.21, and the Fire Patrol, \$103.70.

Tax Revenue Is Distributed To Douglas Units

Total of \$548,167.03 in tax collections was recently disbursed to cities, schools, water districts and fire patrol, announced County Treasurer Oliver L. Johnson.

The bulk of the turnover—\$423,115.84, was for school districts. Roseburg school district received \$95,309.65. The next highest amount, \$40,644.63, went to Myrtle Creek.

Other disbursements to the larger districts included: Oakland, \$27,044.68; Green, \$16,875.62; Dixonville, \$4,416.25; Olalla, \$3,692.77; Canyonville, \$12,789.47; Gardiner, \$13,807.85; Glide, \$23,732.74; Lookingglass, \$4,149.14; Days Creek, \$7,370.53; Tiller, \$4,591.51; Sutherlin, \$26,367.83; Canby, \$8,194.08; Drain, \$8,005.79; Yoncalla, \$9,967.53; Elkton, \$10,935.34; Riddle, \$23,037.70; Glendale, \$18,196.69; Winchester, \$7,799.65; Reedsport, \$21,877.16; and Dillard, \$8,577.58.

Two British Columbia Resorts Razed By Fire

VANCOUVER, B. C., Jan. 31.—(CP)—Two British Columbia summer resort hotels were destroyed Monday in fires at Crescent Beach and Deep Cove.

The Crescent Beach hotel, south of here near the U.S. border, was swept by a \$35,000 blaze. Close to 150 residents aided the volunteer fire brigade in battling the flames.

At Deep Cove, on the north shore of Burrard Inlet, the three-story Deep Cove lodge was destroyed in a spectacular blaze. Damage has not yet been estimated.

Other disbursements to the larger districts included: Oakland, \$27,044.68; Green, \$16,875.62; Dixonville, \$4,416.25; Ol
