

# Bradley Hoopers Knock Crusaders From No. 1 Spot

## Illinois Five Tops Poll; Holy Cross Yet Unbeaten

NEW YORK, Feb. 21 — (AP) — Bradley university broke Holy Cross' five-week grip on the position and moved in today as the nation's No. 1 basketball team.

The dashing lads from Peoria, Ill., although beaten three times, won solid support from all sections of the country to amass 1,269 points in the weekly Associated Press poll.

This gave them a 133-point edge over undefeated Holy Cross although the Crusaders from Worcester, Mass., still commanded the largest number of first place votes—44 compared with 28 for the new leader.

**Qualifying Play At Houston Golf Tourney Begins**

HOUSTON, Feb. 21 — (AP) — Qualifying play began today for the \$10,000 Houston open golf tournament but fans were occupied with a problem over a hometown favorite.

It is a toss-up whether colorful Jimmy Demaret or his former pupil, young Jackie Burke Jr., will be top choice by the time the 72-holes of medal play begin Thursday.

Demaret, long a Houston idol, was born here 40 years ago. This year's open is being dedicated to him as the first Houston golfer to gain international fame.

The 27-year-old Burke came to Houston as a youngster when his father, the late Jack Burke, became pro at the exclusive River Oaks Country club.

Jackie used to drop by Brae Burn Country club, site of the open, to receive coaching instruction from Demaret, the club's pro.

When Jimmy made his first swing of the professional winter tour back in 1941 he took Jackie along.

Demaret rose to stardom rapidly but Burke had tough going until this year. Burke won his first open title Sunday at Harlingen and now is the second leading money winner of the winter tour. Demaret is third.

A field of 131 amateurs and professionals had registered last night for day's qualifying play for approximately 50 non-exempt positions.

Thursday's first round pairings on the 6,725-yard, par 72 course will be limited to 150. The low 70 after Friday will move into the final rounds of Saturday and Sunday.

Tomorrow will be devoted to practice.

**PCL Training Camp Briefs:**

SAN FERNANDO, Calif., Feb. 21 — (AP) — Twenty-six contract players turned out yesterday for the opening spring training session of the Hollywood Stars, winners of the Pacific Coast league pennant last year.

Still holding out are pitchers Ed Oliver, Jim Hughes and Jack Salveson, plus outfielder Bill Ripken.

FULLEERTON, Calif., Feb. 21 — (AP) — Charles (Red) Barrett, down from the Boston Braves, headed a list of five additional players to check into the Los Angeles spring training camp.

Another hurler among the newcomers is Fred Baezowski, a \$30,000 specimen from Shreveport. Pitchers started "blowing out" yesterday, preparatory to throwing for batting practice later in the week.

ANAHEIM, Calif., Feb. 21 — (AP) — Thirty-seven Sacramento Solons are opening their camp today.

Latest to join the squad is Don Johnson, 38, former Chicago Cub infielder; Art Thrasher, rookie fly-hawk from Long Beach, and pitcher Matt Surkont, purchased from the Chicago White Sox.

EL CENTRO, Calif., Feb. 21 — (AP) — Twenty-six San Francisco Seals went back to work for a living as they opened their spring camp yesterday.

**NCAA Watches Nation's Teams For Invitational**

NCAA WATCHES—18

By The Associated Press

The nation's conference races—once an end in themselves—merely serve as so much cream for the two big post-season tournaments.

With two weeks of vital play remaining, the selectors of the two extravaganzas—the national invitation and the NCAA—are casting their collective eyes on the leaders.

The NCAA committee got the first jump by grabbing unbeaten Holy Cross (22-0) yesterday as the district No. 1 representative.

In addition, Ohio State (18-3), which whipped Indiana, 75-65, last night for at least a share of the Big 10 title, is almost certain to accept the district No. 4 bid.

Bradley eyed

Another choice plum for the NCAA appears to be Bradley (24-3), the nation's No. 1 team in this week's Associated Press poll.

The Peoria, Ill., Braves defeated St. Louis, 52-45, and virtually sewed up the Missouri valley race.

Bradley—if it remains on top of the Missouri pack—will tangle with the Big Seven titleholder, probably Kansas State or Nebraska, for the honor of representing district 5. At any rate, the NCAA is the winner in either case.

Nebraska took over undisputed lead in the Big seven, downing Missouri, 55 to 48, at Columbia, Mo. Nebraska's fine center, Bus Whitehead, pitched in 18 points to lead the Cornhuskers to their eighth league victory against two losses. Kansas State, idle this week, fell to second place with a 7-2 mark.

Wisconsin Fighting

Wisconsin doggedly remained in the race with 56-45 verdict over Purdue at Madison, Wis. Don R. Child, with 22 points, topped the winners.

Michigan roamed outside of league play and whipped an old rival—Michigan State—by 70 to 53 at Ann Arbor, Mich. Northwestern did likewise as it trimmed Marquette, 61-52.

Iowa squeaked past Minnesota, 64 to 62, in the other Big 10 tussle at Minneapolis. Minnesota's Whitey Skoog was an ace in defeat with 28 points.

**Fish, Game Fees Being Upped For Non-Residents**

WALLA WALLA, Wash., Feb. 21 — (AP) — A trend of "hunting and fishing for residents only" is developing in western states as legislatures of many states continue to increase license fees for non-resident sportsmen.

John Biggs, assistant director of Washington's game department, described the license trend as "more of a race between states as to be cited figures from a survey of 11 western states before members of game commissions and departments of Washington, Oregon and Idaho, who in session here.

The commissions tackled the problem of reciprocal license fees amidst the growing feeling that a solution will be anything but easy.

Meanwhile commission chairmen from Oregon and Idaho joined Washington officials in a plea to take the commercialism out of hunting and fishing.

"Idaho is not able to keep up with the demand," John Dalstrom, commission chairman from that state declared. "Cost of raising wildlife is constantly increasing and at present, we have more customers than animals."

A similar plea was voiced by C. A. Lockwood, director of game for Oregon, who said they had asked the state highway commission to discontinue using signs advertising the hunting and fishing in Oregon.

**OSC Forestry School Topic At Alumni Meeting**

The past, present and future of the Oregon State college forestry school was revealed to OSC alumni at a dinner meeting in the Umpqua hotel Monday night.

Dean Paul M. Dunn, forest products head at OSC, reported 1,016 forestry grads of the college are now earning the school—considered one of the best in the country—a reputation for turning out "qualified forestry specialists."

The function of the school, said Dean Dunn, who became "its head in 1942, is to teach forest management, forest engineering and utilization of forest products. Land near the college campus, acquired during 1921-26, and covering an area of 13,000 acres, is used as an experimental laboratory in furthering the forestry science.

Several fellowships are available to graduates and graduating high school seniors, interested in pursuing the field. Fish, game, recreation, paper and pulp study are some of the new courses added to the school's curriculum, Dunn advised.

From 22 students in 1908, the school has increased to 350 at the present time, with 120 expected to be graduated in June, Dunn said.

The school emphasizes in its present program "service to student and state," Dunn revealed. A staff of 17 instructors keeps in close personal touch with students both in and out of school and each member of the staff is furthermore in close contact with state and federal agencies, as regards to promotional schemes such as "Keep Oregon Green" and new advances in forest management and science.
