Ex-Roseburg Man President New "Frat" Chapter

A former Roseburg resident, Donald A. Perry, was privileged recently to accept, as president-elect, the charter for a newly organized chapter of Epsilon Pi Tau, national honorary industrial arts fraternity, at Fresno State college. Installation rites were conducted by a team from neighboring San Jose State college.

The national organization, which now has membership of 3,707, was founded in 1929 in Ohio State college campus. Perry, a graduate of Roseburg high school, is the son of Mr. and Mrs. Fred L. Perry, and a brother of Mrs. Sidney I. Moon, all of Roseburg. He is now completing preparation to enter the teaching profession by taking post-graduate work in industrial arts at Fresno State college. He previously has studied at Chapman college, Los Angeles; Modesto Junior college, and University of California, Berkeley.

While attending Modesto college, he won district honors in speech.

Displaced Persons Bill Faces Fight On Senate Floor

WASHINGTON, March 1.—(AP)—The Senate reached the point of floor debate Tuesday on the hotly argued question of changing the 1948 displaced persons act.

The house passed a bill last June to open up the law, to admit more of Europe's refugees to America in line with recommendations of President Truman. The measure has run into delays and bitter disputes in the Senate.

A sharply revised version of the House bill was approved by the Senate judiciary committee last month and was made the pending business in the Senate late yesterday.

The opposition to the house bill is led by Senator McCarran (D-Nev.), chairman of the judiciary committee, and a prolonged debate appears to be in prospect. Some senators have guessed the arguments will run on for two weeks or more.

The principal points in dispute concern the refugees who are to be classed as displaced persons, certain priorities for their admission and the administration of the law.

McCarran has reported wholesale fraud and inadequate screening in the operation of the program. His committee recently has been holding hearings at which similar charges have been made, mostly by employes in Germany of the displaced persons commission.

The present law, expiring June 30, provides for the admission of 205,000 displaced persons into the United States.

Under the committee bill, the total would be increased to 320,000 plus 5,000 displaced orphans and 3,000 children adopted by overseas employes of the government. The substitute provides for a total of 328,000.
