

Laymen's League Plan Of Lutheran Church Members

Members and friends of St. Paul's Lutheran church met Sunday afternoon, Feb. 28, at the chapel to take the preliminary steps to organize a local chapter of the Lutheran Laymen's league within the congregation. Henry Dodge, Eugene, a member of the board of directors of the Oregon district of the Lutheran Laymen's league, was present to assist in the organization procedure.

After the opening devotions, conducted by Rev. W. Sylwester, pastor of St. Paul's Lutheran church, E. Johns was selected to serve as temporary chairman, while Mrs. A. Long was chosen as temporary secretary.

Dodge gave a brief history of the Lutheran Laymen's league and listed its specific aims and objects. One of the most important at the present time is the support and expansion of the International Lutheran Hour, now being broadcast over more than one thousand stations. During the discussion that followed Dodge's presentation, numerous questions were put to him in regard to the league. The group went on record to organize a local chapter. E. Johns, Mrs. A. Long, Dr. E. W. Carter, Jack Gorthy, and Walter Nehring were elected as the organization committee to draw up the constitution and nominate a list of candidates for the various offices of the local league. Nehring was appointed membership secretary.

The committee will meet Friday, March 10, at 7:45 p.m. All members and friends of the congregation are welcome to attend this meeting, which will be held at the parish-house.

A record-breaking total of 1,949 brother teams entered the 27th annual Peoria Star's Brothers Tournament this year.

"Tick's" Tips On Veterans Hospital

By L. J. "Tick" Malarkey
To Fuller Johnson, Frank Hamersmith, Bob Marshall, Ted Dauber and Walter Ulrich, Umpqua Post No. 16, American Legion goes the palm for streamlining one of the finest Monday night's dances ever held for patients by the Grove. These gentlemen did not dance. They worked and were the "bull cooks" of the evening, personally serving Cleo's Bakery delicious apple turn-overs and "Mac" the Ice Cream Man's product with reckless abandon and in unlimited amounts.

Gaudy overseas caps were worn by all of the men. Ballrooms were everywhere and the decorations were beautiful. This work of Ann Ricketts and Hope McKay who labored all day, assisted by a patient volunteer detail, and their efforts paid off with "Ohs" and "Ahs" of surprise and admiration as the girls from Over Town came to make merry with the boys. Jack Foster's orchestra was smooth. Dick Firman of our own physical therapy department is a member of the band. The floor waxed and polished to meet the requirements of any Arthur Murray ballroom was a delight to glide over to the strains of Jack's sweet music.

Rose Dauber, president of the local post auxiliary, was there. "Micky the Mite Ulrich was there. And Mrs. Fuller Johnson How a circulation manager could be blessed with as charming a wife will remain a mystery to this reporter. Miracles really happen. And 42 others of the city's brightest roses came.

This account, Fuller, is not a report by remote control.

Malarkey was there.

Fashion-Talent Show Dated At Junior High

What the young miss and the older miss, or Mrs., will be wearing this spring will be modeled at a fashion and talent show scheduled Friday at 8 p.m. in the Junior High school auditorium.

The program is being put on by the Tri-Hi-Y, under the supervision of Miss Esther Dyer, advisor. Miss Kitty Aldred, general chairman, announced that the well-rounded evening's program will consist of several style displays modeled by the girls of the organization, and that musical and other talent numbers will intersperse the program.

Jackie Daniels is talent chairman; Margaret Tucker, stage; Joanne Taylor, advertising; Marjorie Collins, program, and Diane Rogers, tickets.

Only two members of the Brooklyn Dodgers—Jackie Robinson and Carl Furillo—batted over .300 both at home and on the road last season.

Volunteers For Blood Bank Plan Here Are Needed

Additional volunteers for blood typing are needed in the Roseburg blood bank program, announced John Hardiman, chairman of the local effort.

Of the original list of about 125 who were typed, more than 60 have already donated their blood upon call from Mercy hospital. Persons who have donated are not called again for at least six months.

Because of the need for having all types of blood available a call list of at least 500 persons is desired, said Hardiman. Club, unions, lodges or other organizations who can be typed in a group are desired.

Typing may be taken care of at the hospital upon appointment at any time. However, because of the time required in setting up the equipment and having personnel available, groups can be handled much more easily than individuals.

All blood under this program is to be donated free. The only requirement is that a member of the family or close friend donate a similar amount of blood to a blood bank to be established whenever a volunteer is called upon.

If the blood is not replaced, it may be necessary, said Hardiman, to charge the patient the usual \$25 fee, in order to secure blood for the bank from a professional donor.

It is pointed out that persons who are typed do not give blood until called upon in an emergency. The blood given by the patient's family or friend, goes into a blood bank established at the hospital, to be given free as needed.

All doctors of the city are eligible to call upon the donors or use the blood bank without discrimination, and most of them have already taken advantage of the opportunity, said Hardiman.

The main advantage of having a large number of donors is in case of a major disaster, such as a fire or explosion, when many lives may be lost, unless blood is available for transfusion, he said.

Appointments for typing should be made through Hardiman at Lawson's rather than at the hospital.

Local Fliers On Huge Tour

By ROSA HEINBACH
Paul B. Hult, well-known sawmill owner and operator of Dillard, accompanied by his wife and Mr. and Mrs. Harrison R. Winston, Roseburg, left Saturday, Feb. 25, in the Hult's Ryan Navion for Havana, Cuba. Overnight stops along the way were scheduled for Las Vegas, Phoenix, El Paso, Dallas, New Orleans, Jacksonville and Key West. They joined the Oregon air tour, of more than 250 Oregonians, at Las Vegas. They started from the Troutdale airport at the crack of dawn Saturday. This is the eighth tour this group of businessmen have taken, logging more than 26,000 miles from the arctic circle to Mexico, and from Portland, Ore. to Portland, Me. with a safety record marred by no more than a cracked propeller.

The Air Force, Navy, Coast Guard, Civil Aeronautics administration and State department, impressed by the record of previous tours, are cooperating. The Air Force is supplying three C-46 twin-engine Curtiss Commando troop-carrier planes to carry press and radio men and excess baggage. The Navy and Coast Guard will build a bridge of boats and patrol planes from Key West to help the 85 single-engine light planes across the 100 miles of open waters to Havana. All pilots and passengers are required to have two-way radio and to wear Mae West life jackets.

The tour will reach Havana March 4 and spend four days there leaving at dawn March 8th for the escorted trip across the ocean to Key West. Thence each pilot will return by his own route. Many plan to make business trips enroute home. Some plan to return via Mexico.

This is the third tour the Hult's have joined. They went last February on the sunshine tour to Death Valley and last May on the Portland to Portland tour.

BASHFUL ROBBER
CHICAGO—(AP)—A robber walked into the Midwest Savings and Loan association, pulled out a pistol to keep the 12 people in the place at bay, picked up \$1,000, and left. While he was at work, he kept repeating: "Don't look at me."

Peace With Russia Depends On How Powerful America Becomes

By BRUCE BLOSSAT

In ironic mood the eminent scientist, Albert Einstein, says there may be some doubt how we'll fight the next war but none at all about the one after that. In World War IV, he says, the weapons will be rocks.

His witty comment accurately mirrors the profound concern felt everywhere by scientists, statesmen and ordinary men over the future peace of the world. Since President Truman's announcement that we're going to build a hydrogen bomb, there's been a rash of proposals aimed at staving off another global conflict.

Senator McMahon, Connecticut Democrat, advises a \$50,000,000 world-wide Marshall Plan to include Russia and her satellites. Senator Tydings, Maryland Democrat, calls for a world disarmament parity to "end the world's nightmare of fear."

bomb has made the specter of war infinitely more terrifying than ever before. All of us believe another war would ruin our civilization and therefore we must avoid it.

Yet the rush toward this frightening holocaust goes on without check. It does so because the brake that could halt this heading race is beyond our grasp. Solid, genuinely effective peace agreement with Russia. For, if you discount the chance that Germany may rise again, the Soviet Union is the only potential aggressor in sight.

"Very single proposal put forth these days in the inter-st of peace depends in the end on winning an honest accord with Moscow. But all the evidence we have—and new discouragements are piling up almost daily—suggests that Russia is totally untrustworthy. Diverse voices have been pleading for "just one more try"

with the Russians. But, in the blunt statement to come from our government in many months, Secretary of State Dean Acheson has ruled out any new approach to the Soviet Union on the ground it would be a useless effort.

"There can be no peace with Russia," he said, until this country and the West make themselves so strong that the men in the Kremlin become convinced peace is the wisest course. For strength and force are the only language they understand, and any agreement not so supported is without value to the world because the Russians will break it when it suits their political ends.

Acheson has spoken with admirable wisdom and courage. His words should help to set us on a firm course toward the strength that alone can lead toward peace.

LAST TWO DAYS... ENDS SATURDAY LAWSON'S annual clean-up SALE
