

### Slayer Of Twin Sister Shows No Concern In Court

FRESNO, Calif., March 23.—(AP)—Moody Alice Richards, 34, an exhibitionist seeking notoriety today passed up a request for the fun loving twin, Sally, she killed in an outburst of hatred.

The bobby-soxer firmly said "no, I don't want to" when asked if she wished to attend her sister's funeral.

Outwardly cool, she wise-cracked with newsmen at a preliminary hearing yesterday. That caused juvenile Judge Arthur C. Shepard to comment.

"This would appear to be, at first glance, a case of pure exhibitionism. Alice may just want attention and is determined to go to any length to get it. Certainly she is basking in the light of her publicity — or should I say notoriety."

Alice said a firm "yes" when Shepard asked if the recorded statement of her crimes was accurate. The statement, that she shot her sleeping twin early Sunday with a .22 rifle.

Psychiatric examination was ordered by Shepard.

Her mother, Mrs. Mary Richard, tried to embrace her. Spurned, the mother sobbed "oh my baby" and fainted in court.

Judge Shepard set April 6 for a hearing to determine whether to order Alice to a mental hospital. If the examiners report she is insane.

Order her to a state school if she is sane.

Order her certified to superior court for trial for murder, with a life sentence the maximum possibility if convicted.

Sally was slain while her father, Edgard, a plumbing company salesman, the mother and six other brothers and sisters were asleep.

### Racial Barrier Ordinance Heads For Portland Vote

PORTLAND, March 22.—(AP)—Portland voters apparently are going to get a chance to decide whether they want the city's new anti-racial discrimination ordinance.

City Auditor Will Gibson reported opponents of the council-passed ordinance appear likely to get the issue on the November ballot.

If enough signatures on the referendum petitions are filed by Thursday — and this appears likely.

Gibson said — the ordinance would be set aside until the November balloting. Otherwise it would be effective Friday.

The ordinance was passed during National Brotherhood week.

When Portland was cited for its progress in race relations. It provides fines up to \$500 and jail sentences up to six months for violation.

Hotels, cafes and other business of public nature are prohibited from racial discrimination.

Gibson said the civil freedom committee already has filed 13,000 names. Checks indicate 76.1 percent are valid.

On this basis, 16,000 are needed to produce the necessary 13,282 registered voter signatures.

During hearings on the issue, opposition came chiefly from hotel, restaurant and tavern interests.

Two Roseburg Students Elected To OSC Board

OREGON STATE COLLEGE, Corvallis—(Special)—Two students from the Roseburg area have been elected members of the OSC Cooperative association board of directors.

Chosen were Joan Marie Rutter, daughter of Mr. and Mrs. W. R. Rutter, 805 Micelli, Roseburg, and Richard B. Nichols, son of Mr. and Mrs. J. H. Nichols of Brockway.

Miss Rutter, a freshman in business administration, is a class representative and Nichols, also in business administration, is a junior class representative.

The board of directors acts as the student executive control of the Co-op book store, a student owned and operated school supply business.

Lumbermen Told To Avoid Hazard Of Faulty Products

SPOKANE, March 22.—(AP)—Lumbermen from three states were urged to keep a careful eye on the quality of their product as the northwest woods products clinic opened a two-day meeting here.

Keynote speaker Otto Leuschel of Lewiston told the convention that the lumber industry can protect its vast market "if we mill, grade and dry our products properly."

Leuschel is associated with Potlach Forests, Inc., at Lewiston.

The major discussion at the meeting centers on "the protection of the market for associated species" of timber—trees such as white fir and cedar for which there was once only a small market.

W. Otto warn of Spokane termed the present time "a golden opportunity" to hold the market developed during the war for the timber species not so well known.

Warn, president of the Spokane Chamber of Commerce, told the lumbermen to protect themselves

from the stigma of faulty products.

The heavy demand for lumber during the nation-wide housing shortage had resulted in the marketing of products that were "not always the best," he said. "That is why the industry must live up to a set of high standards in the future . . ."

Warn added.

Egg-Raiding Skunk Beats Peace Justice To Draw

ATHENS, Tex., March 23.—(AP)—No one in the courthouse here

doubts the story told by Justice of Peace S. A. Carroll. As Carroll admits, the evidence is too strong.

His wife had been complaining that a rat was swiping such valuables as eggs from her kitchen.

Toad, said the judge, rats don't eat eggs. This led to an exchange of words. The upshot was they set a steel trap to catch the intruder.

Sunday morning both were awakened by a great thrashing about. Judge Carroll rushed to the kitchen.

The judge was armed with a shotgun but a skunk beat him to the draw.
