senior high school; to construct a new building on the Benson school grounds for an assembly hall and gymnasium and to purchase additional equipment and furnishings for Rose school.

The full amount of bonds authorized have been sold and out of the proceeds the district has constructed the addition of eight rooms to Fullerton, costing \$139,425.42; addition of 13 rooms to Riverside, costing \$170,856.16; constructed the central heating plant for Fullerton and senior high schools, costing \$81,264.06; has constructed the Benson school assembly hall and gymnasium at a cost of \$48,953.75, and has purchased \$915 worth of equipment for Rose school.

The sum total expended thus far is \$423,648.39, leaving a balance of \$471,351.65.

Fire Code Is Barrier

Since the bond election was submitted, the board points out that it is impracticable to build the additions to the high school building as originally planned and within the money available for that purpose, because of a conflict in the change in the building with the fire code of the city of Roseburg.

It has thus become necessary to revise the plans by constructing the library arts addition, but this building will not provide the additional class rooms necessary for high school purposes.

Because of the crowded conditions of the high school campus and the shifting of population of the pupils attending the Fullerton school, it has become desirable to convert the present Fullerton school into a unit of the high school and to construct the new Fullerton school on a site more centrally located and with larger grounds, according to the board.

Elliott stated that the present plans for the new Fullerton school will call for alternate bids on a 16, 18 and 20-room building. Basing the estimated costs on the total cost of the 21-room Riverside school, which, including the new addition, cost about \$290,000, the board believes the school of the desired size can be constructed from available moneys, and still leave sufficient to provide for the proposed Edenbower addition.

The original plan would provide the district with 41 new rooms. Under the revised plans, the district will get from 47 to 49 additional rooms with the same amount of money voted, Elliott said.

FAST TIME VOTED

THE DALLES, March 23.—(P)—Daylight saving time for this city was adopted by the council at its meeting last night.

It will start April 30—the generally accepted date—and continue to Sept. 24.

The ordinance could be blocked

Daylight Saving Plan In Western Oregon Spreads

(By The Associated Press)

Medford joined the daylight saving time brigade Tuesday night amid indications that nearly all western Oregon cities would turn their clocks to summer time on April 30.

Portland, Eugene, Corvallis and Medford now of the major cities already are definitely committed.

Grants Pass ordered its city attorney to draw up a daylight time ordinance and the council is expected to approve it.

Roseburg's council approved daylight time, but made final adoption contingent on what neighboring cities do.

Klamath Falls has its ordinance up for second reading and approval is expected. Lakeview is expected to follow Klamath Falls' lead.

Bend councilmen will take the matter up at their first April meeting, but members have said informally that they may approve. Redmond is expected to do what Bend does.

Along the coast, Astoria's council will reach a decision April 3. Seaside already has approved the switch. So has Oceanlake.

Other Lincoln county towns will try to reach unanimous decision on the question.

The same concerted action is sought in the southern coastal counties.

Salem has taken no action one way or the other.

The smaller cities of Beaverton and Milwaukie, adjacent to Portland, have okeyed fast time.

Only in eastern Oregon has there been no move and no apparent agitation, comparable to farmer opposition, for the switch.

Adoption by cities does not necessarily mean county-wide fast time. The Jackson county court at Medford has shown no indication of approval and presumably there will be resistance at other points.

The city of Tillamook will remain on standard time, at least until a vote is taken on the matter in the May 19 primary election. Tillamook county will not vote. Farmers there seemed determined to remain on standard time. Some thought it would be like two years ago, when the city swung to daylight time, but the county remained on standard time.

SIX DIE IN AIR CRASH

AYLESBURY, Eng., March 23.—(P)—A twin-engine plane crashed and burned in a field here today, killing its six Royal Airforce occupants.

if a referendum were filed within 30 days.

Losers Of Monkey Given Jury Verdict Of \$500

BIRMINGHAM, Ala., March 23.—(P)—How much would you say an eight-inch Spanish spider monkey with 20 air force combat missions is worth?

A circuit court jury yesterday said \$500.

The jury awarded that amount to Jack Hardin, crewman on a B-24 bomber in the South Pacific. The judgment was against Ivan Bell, who Hardin said borrowed the monkey and failed to return it.

Hardin said he bought the monkey from natives when his plane was shot down near the Philippines in 1945. It made 20 combat missions with him. Later, his plane was shot down again and Hardin said he parachuted to safety with the monkey clinging to his shoulder. All other crewmen were killed.

Sen. Hickenlooper Declares More Arrests On Way

DES MOINES, March 24.—(P)—U. S. Senator B. B. Hickenlooper (R-Ia) said Wednesday night "there will be several more rather startling arrests" of those suspected of violating atomic security.

"Some of the arrests are in progress at this time," the former chairman of the congressional atomic energy committee continued in addressing a church meeting. "The evidence is tremendous that security is being violated."

He added that the arrests will be "closer to home than in the Fuchs case." He referred to the case of Dr. Klaus Fuchs who recently was sentenced in England on a charge of passing atomic secrets to Russia.

Hickenlooper was questioned regarding the current loyalty investigation of state department officials. He is a member of a special Senate committee investigating charges that there are Communists in the State department.

"The charges are very sensational and startling," the Senator said. "I have no personal knowledge that they are true. They deserve investigation."

He said he thought it would be "improper for me to pass judgment on people (state department employees) before the evidence is presented."

Cancer-Stricken Woman Liberated From Prison

DETROIT, March 23.—(P)—A broken old woman serving a life prison term for a crime of passion was free today to go home and die of cancer.

The children of Mrs. Minnie Lambert, 61, came here to take her home.

Gov. G. Mennen Williams commuted her sentence yesterday after he was advised by physicians she had only six to 10 days to live. For the past 18 years she had been a prisoner in the Detroit house of corrections.

The woman was convicted in 1932 of first degree murder for plotting the shotgun slaying of her husband, Darius, so she could marry his brother, Albert.

Albert Lambert, who also was convicted, died six years ago in Southern Michigan state prison.

Minnie Lambert has 10 grown children.

In her younger days, she weighed 220 pounds for her five feet six

Lightning Kills One Man, Knocks Out Second

RIDGEFIELD, Wash., March 23.—(P)—A lightning bolt killed orchard worker George Oldham, 70, yesterday and injured another man.

Oldham and Adolph Anderson, 57, also of Ridgefield, were trimming a filbert orchard when a storm began. They sought shelter under the trees when hail fell. Oldham died under the tree.

Anderson was knocked unconscious. He was treated at a Vancouver hospital for shock.

OUT OUR WAY By J. R. Williams

FREED—Mrs. Margaret Russell, 88-year-old \$75-a-month pensioner, cocks an attentive ear to proceedings at Municipal Court in Oakland, Calif., where she appeared on charges of "stealing" two cubes of butter valued at 38c. The charges were dropped and she got a \$300 settlement.

Pinball Machine Ban Is Problem

VANCOUVER, Wash., March 23.—(P)—Court-outlawed pinball machines blinked as usual today while city and county officials debated what to do about their licensed devices.

Judge Charles W. Hall ruled Monday the pinball machines were illegal under state law and city and county taxes were not lawful.

Clark County Sheriff Earl N. Anderson said "this office will not be a party to the hypocrisy of accepting the operators' or dealers' money with one hand and arresting them with the other."

City and county officials are to meet Friday with church groups, law agencies and officials of the Camas-Washougal area to determine future policy.

District Attorney R. De Witt Jones said he would not take action unless a complaint is filed in his office. He said no one has complained.

The city raises \$85,000 to \$100,000 annually from license and tax fees.

Judge Hall's decision was on a suit filed by John Wilkinson, an attorney, who argued the city and county should be barred from collecting license fees on the machines. A group of ministers supported him.

Plane, 14 Aboard, Crashes, Explodes

TUCSON, Ariz., March 22.—(P)—A B-50 from Davis-Monthan air force base here crashed with a crew of 14 today on the flat desert west of Gila Bend, Ariz.

An unidentified pilot of a commercial airliner reported at Phoenix that he saw the air force plane crash and explode. He said he saw two parachutes in the air.

The Weather

U. S. Weather Bureau Office
Roseburg, Oregon

Rain today. Partly cloudy with showers tonight and Friday.

Highest temp. any March — 85
Lowest temp. for any March — 18
Highest temp. yesterday — 58

Precipitation last 24 hrs. — .11
Precipitation from March 1 — 4.18
Precipitation from Sept. 1 — 29.73
Excess from March 1 — 1.69

Douglas Tops Counties In Tax-Exempt Property

SALEM, March 23.—(P)—The federal government owns \$547,370,540 worth of property in Oregon on which it pays no taxes, the state tax commission estimated today.

The report does not include property owned by the Bonneville Power administration, Timberline lodge on Mt. Hood, or the naval vessels stored at Astoria.

The figure includes naval bases, airfields, army ammunition dumps and bombing ranges, army dumps, federal forest lands, Indian lands, and other federal property.

Douglas county leads with \$87,721,720 worth of federal tax-exempt property.

House Votes To Tighten Potato Trade Controls

WASHINGTON, March 23.—(P)—The House today passed a compromise bill to tighten government controls on potato marketing and allow extra plantings of cotton and peanuts under price supports. The vote was 196 to 156.

The measure now goes to the Senate where it may run into a stiff fight. Northerners in the Senate have assailed it on the ground that it favors the south.

The bill would deny government price supports on this year's potato crop if growers reject marketing orders governing the quality and quantity of potatoes sold. Price supports would be banned entirely after this year unless the growers accept rigid marketing quotas.

Meridan Sacks Funeral Services Set For Friday

Funeral services for Meridan Sacks, 77, well-known resident of Roseburg who died March 21, will be held in the chapel of the Long & Orr mortuary, Friday, March 24, at 2 p. m. with Rev. Kenneth W. Knox as officiating. Concluding services and interment will follow in Civil Bend cemetery.

TWO ALARMS ANSWERED

Roseburg firemen were called to answer two alarms Wednesday night to a fire which involved fires incurring losses, Chief William Mills said today.

A fire fire was reported at the Robert Paulson residence on Keasey road at 11:15 a. m. and a defective oil stove was the cause of the alarm turned in at a business structure at 130 Sheridan street at 2:30 p. m.

SO MUCH TALLER AND TASTIER
—thanks to FRESH EGGS!

Mmm... Milk Chocolate Cake
New... and So EASY!

Yes, OCCIDENT All-Purpose Cake Mix, plus fresh eggs, makes cakes higher... lighter in texture... fresher in taste! That's the wonderful part of using OCCIDENT All-Purpose Cake Mix! You're sure of magnificent cakes—quickly and easily. Here's one you're bound to like.

MILK CHOCOLATE CAKE

1 package OCCIDENT All-Purpose Cake Mix
2 eggs
1 cup cold water

2 squares baking chocolate (melted)
1 teaspoon vanilla

- Place contents of package, unbeaten eggs, 2 table-spoons water and vanilla into mixing bowl. Beat until smooth by hand or electric mixer (medium speed) for 2 minutes.
- Add melted chocolate and mix thoroughly.
- Add gradually the remaining water. Beat well after each addition (total time at least 2 minutes).
- Pour batter into two 8-inch pans which have sides greased and bottoms lined with waxed paper. Spread batter evenly. Bake in moderate oven (350°) for 30-35 minutes.
- Decorate with your favorite white frosting.

SPECIAL OFFER! Get Occident's handy Cake Taster at no extra cost. Just send the box top from one package of OCCIDENT Cake Mix, plus your name and address, to OCCIDENT, Minneapolis 1, Minnesota.
