

The Center Jump May Come Back

NEW YORK, March 30 —(AP)—Basketball may resurrect the center jump after all successful free throw in a move to increase free throw penalties for fouls.

This was indicated today in a preliminary report by the National Basketball committee of the United States and Canada, the supreme governing body of the Amateur sport.

The committee, meeting here to study proposed changes, said after a lengthy session last night that most of its some 4,000 groups are in favor of discarding the two-minute rule.

But in doing so, the committee reported, the membership is anxious to try to discourage fouling by installing stricter penalties.

Formost of these proposals are: (1) Avoid giving the ball to the offending team after a succession free throw, (2) Use the center jump to decide possession on these occasions.

The body, made up of representatives from the NCAA, AAU, YMCA, National Federation of High School and Canadian amateur groups, continued deliberations today.

The committee's report said a survey of its membership showed sentiment in favor of keeping most of the present rules intact. An exception is the two-minute rule, now widely scorned.

Under the rule, the team which is fouled in the last two minutes of the game retains possession of the ball after a free throw.

The National Association of Coaches recommended yesterday that the two-minute rule be repealed and that the game be returned to the 1944-45 style with uni-

Archers May Have Set Deer Hunting Record

PORTLAND, March 30 —(AP)—Oregon archers may have set a record in deer hunting last season, the state game commission reported today.

The commission said 637 set out after deer in the special archery areas. Fifty-nine bagged deer—about one deer for every 11 archers. This better the national average of one deer for 24 archers, and may be a record.

The special archery areas last year were in the Tillamook burn, the Mt. Emily reserve near La Grande, and the Canyon creek reserve between Burns and Canyon City. The Tillamook burn gave up 45 deer, the Mt. Emily reserve eight deer and an elk, and Canyon creek six deer.

Hatcheries To Expand

PORTLAND, March 30 —(AP)—The state game commission, expanding Oregon's fish hatcheries, today called for bids on improvements at six hatcheries.

One of them calls for a new hatchery building at the Willamette hatchery near Oakridge. It will replace the present building. A home for an assistant hatcheryman also will be built.

Other improvements will be made at Medford, Bandon, Bend, the Metolius river and Hood River. Bids will be opened April 21.

HYGIENE ASSN. DATED

The next meeting of the Douglas county chapter of the Oregon Mental Hygiene association will be held April 24 at the recreation building on the Veterans hospital grounds.

Previously scheduled for April 17, the meeting date was changed to coincide with observance of national mental health week, April 23-30.

The event will be observed locally by various service and social clubs and by special displays.

Freshmen athletic schedules are planned at Penn State next fall for the first time since before the war.

Luke Easter Shines

TUCSON, Ariz., March 30 —(AP)—Just about all doubts about the ability of big Luke Easter, Cleveland outfielder, to hit big league pitching were laid to rest today.

Luscious Luke, the former San Diego batting ace, drove out his fifth homer of the exhibition season yesterday as the Tribe defeated the Pittsburgh Pirates, 7-4.

Easter, who also had a single in four trips to the plate, now is tied for club homer honors with Larry Doby.

From where I sit... by Joe Marsh

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 24 years, but the town council voted it out. I dropped in at the meeting in Town Hall last week just in time to hear Smiley Roberts.

"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

What the Judge said was good

for a laugh, but Smiley just about summed up how folks think in this town. We believe that the democratic tradition of "live and let live" is the only way to live.

From where I sit, it's not the American way to regulate your life by a horn—any more than it's right to criticize my caring for a temperate glass of beer now and then. Think what you wish, say what you wish, but don't ask your neighbor to do exactly as you do!
