CLEVELAND, (AP)—Friends and relatives were assembled in the home of Louis Kinkoph, 71, last night to mourn his death in a traffic accident a few hours earlier.

A nephew, Carl F. Perz, had identified a body at St. Luke's hospital as that of Kinkoph. Then the door opened and in walked Kinkoph, who was more surprised than the mourners.

"But I am not dead!" He repeated over and over again.

The traffic victim, hit by an automobile on Union ave. near Kinkoph's home still was unidentified.

New College Jobs Await Any U. Of C. Ousted Teachers

LOS ANGELES (AP)—Faculties at the University of Chicago and Iowa State college plan to give financial aid to any University of California faculty members who are fired for refusal to sign a loyalty oath.

The plan was announced here yesterday by Chancellor Robert M. Hutchins of the University of Chicago.

Hutchins said other universities are considering the plan and that the fund will be used for a year to help professors get relocated if they are discharged. "Any university would be glad to get men of the caliber of the California faculty," he said.

"This plan," he said, "reflects the general attitude of the academic world toward the University of California regents' action. It is a matter of universal concern to universities. We regard the oath as a very dangerous precedent."

The University of California board of regents is to meet tomorrow. This will be the regents' last meeting before April 30, which they have set as the deadline for faculty members to sign the loyalty oath or face dismissal. The order to sign was sustained by a 10-10 tie vote of the regents at a recent meeting on a motion to rescind the requirement.

Appeal From Game Law Fines Reduces Amounts

GRANTS PASS, April 21—(AP)—Two men, father and son, who appealed a justice court game law sentence, won and lost in circuit court here.

Herbert Haynes and Denzel, his son, each were given fines of \$250 and costs and 30 days in jail when found guilty by a justice court jury last fall. They were charged with wanton destruction of a game animal.

A circuit court jury found Herbert Haynes guilty. Denzel then pleaded guilty.

Judge O. J. Millard fined the older Haynes \$100, the younger man \$50. Each was given 60 days in which to pay the fine.

Professors Due At OSC Session

OREGON STATE COLLEGE — More than 20 visiting staff members from many states will be added to some 75 resident faculty members to form the instructional staff for the 1950 summer session, announced Dr. Franklin R. Zeran, director of the session and associate dean of education. Catalogs and special school leaflets are now available.

The main session of eight weeks will start June 19 and will end Aug. 11, offering a wide range of undergraduate work in most of the schools. Special emphasis in graduate work will be placed, as usual, in industrial arts, home economics, education and science.

The Institute of Marine Biology on Coos bay will again be operated in connection with the school of science. There various courses will be offered in field study in botany, zoology and algology (study of algae).

A new summer session feature this year will be a practical work course for school counselors and administrators with counseling responsibilities. The course will include actual work in 12 leading business and industrial firms in the Portland area. Aside from actual on-the-job training to give personal experience background to their counselling, those enrolled will attend lectures, discussions and field trips.

Dr. A. Ralph Schrag, director of child guidance clinics in Alberta, Canada, will give a two weeks course in the school of education, and Dr. Robert J. Havighurst, chairman of the committee on human development, University of Chicago, will be on the campus for one week of lectures.

PASADENA, Calif.—(AP)—Mrs. J. D. Elliott, an elementary school teacher, saw a motorist hit a child in a crosswalk and drive on without stopping.

The child, Barbara Still, 12, was treated for slight injuries. So was the driver, after a fall to the floor during booking at the police station.

Czechs Rush U. S. Library To Beat Ban Deadline

BERLIN, April 21—(AP)—Czechoslovaks are rushing to patronize the U. S. Information Service's library in Prague before it closes Saturday under ultimatum from the Communist-led government, the U. S. Embassy in Prague reported.

Joseph C. Kolarek, chief of the USIS in Prague, told a reporter in Berlin by telephone that there was "quite a rush" on the library following announcement of the closing order.

"We are giving away much material—including American magazines, pictures and U. S. government pamphlets—and there's a big demand for these," Kolarek added.

The Czech government also has ordered the expulsion of Kolarek.

Will She Be Surprised

WINTERS, Tex.—(AP)—Mollie will be very surprised when her puppies are born.

They won't look like rabbits. And Mollie, a half Spitz and half Chow dog with a lot of mother love, is expecting them to.

Mollie was given to Mr. and Mrs. Bud Herndon of Winters when she was a pup. She grew quickly into a friendly, long-haired, little dog with alert, pointed ears—and a mother complex.

To satisfy this mother love, Herndon brought home a succession of baby wild rabbits. Each one was taken over completely by Mollie. Seldom was the little rabbit allowed to wander out of Mollie's sight. When Mollie does forget, Mrs. Herndon asks "where's your baby?"

Mollie makes a hurried search, finds her rabbit, and brings it to Mrs. Herndon.

But now Mollie is expecting some youngsters of her own. The Herndons are waiting and watching, with interest.
