

**Traffic Crash Kills Klamath Rodeo Rider**

KLAMATH FALLS, April 21.—(P) Juanlowe Jackson, 21-year-old rodeo rider from Sprague river, was killed instantly Thursday when his car struck a log truck on U.S. highway 97 about 45 miles north of here.

His niece, Edna Mae Ruff, 15, was injured. The impact sheared off the entire left side of the car and overturned the truck, state police reported.

Truck driver Henry Edward Baker of Klamath Falls was uninjured.

**Decoration Set For Men Lost In Russian Attack**

WASHINGTON, April 21.—(P) The Senate has voted decorations to the 10 men lost in the Baltic plane incident.

The action was taken without dissent on the motion of Democratic leader Lucas of Illinois who called the loss of the U.S. Navy plane and its crew "a ruthless action by barbarous forces."

It followed a flurry of angry criticism of Russia on the senate floor and a sharp retort at the State department to Russian claim that the American plane was lost on a mission of deliberate provocation against the Soviet union.

In a statement released with the note, the department said the Russians apparently had decorated the Red aviators responsible for the attack.

The senate resolution to award decorations to the American flyers now goes to the House.

It directs that each of the 10 men be awarded an "appropriate decoration" posthumously, but does not specify what the decoration should be.

Lucas called for a roll call vote as a demonstration that both Democrats and Republicans were behind the resolution. There were 66 senators present, so the resolution was adopted 66 to 0.

**Jailed Man Cited On 25th Speeding Count**

VAN NUYS, Calif., April 21.—(P) Robert G. Gardner, 37, Canoga Park, claims he has paid \$500 in fines, \$600 in attorney's fees, \$50 for bail and \$50 for a surveyor in the last four years trying to prove he was not illegally speeding.

What's more, he says, he lost his job as electronics engineer.

Gardner is scheduled to appear Monday again to answer a charge of failing to appear on his 25th speeding count. He said he couldn't appear; he was serving 35 days on his 24th count.

Gardner contends police are picking on him because he had a stretch of Ventura boulevard surveyed in an attempt to prove there were too few homes in that section to warrant a 25-mile speed limit.

Extremely high proof, Gardner has found.

**PORTLAND DIAL-LOG**

No more "Saturday morning blues" for Roseburg tykes who find there's "nuthin' to do," and get in mommy's hair and plenty of mischief . . . because we've found a way to alleviate this situation with the new "Kid Frolics" which debuts tomorrow morning . . . on the air . . . 10:30 to 11:00 a. m. We're counting on an overwhelming crowd of little folk, aged ten and under, prior to air-time, at the Ott and Ricketts Music store, corner of Cass and Jackson streets! There, the kiddies will be treated to free gifts, a chance to participate on the show, "Kid Frolics," and perhaps to win one of the exciting and worthwhile prizes to be given away. All this, if they are among the first arrivals to be admitted to the store itself.

Lyle Fenner in charge of the melee . . . first broadcast tomorrow!

**Phone Enables Sick Boy To Attend School**

NORTH MERRICK, N. Y., April 21.—(P) Twelve-year-old Roy F. X. Miles now can answer "present" at his school roll-call even though he is bedridden with rheumatic fever.

Through the cooperation of the New York Telephone company and grammar school authorities, Roy had a special telephone installed by his bed yesterday. The boy has been out of school three months.

The device operates through a microphone on the desk of Roy's teacher, Maurice McCollum, linked by telephone wires with a sending and receiving apparatus.

Roy, a seventh grader, hears more now than he did when he was in the classroom. If a pencil falls near the microphone, he says, it sounds like some one falling out of his chair.

**Big head on Jr. Chamber of Commerce Forum Saturday night (7:30-8:00 p. m.).** He's Cliff Cooper, national president of Junior Chamber of Commerce addressing Jaycees and those interested in Jaycee activities. Senator Joseph McCarthy (R), of Wisconsin, whose charges of Communist influence in State department activities have prompted a senate foreign relations sub-committee investigation, will return to Mutual-Don Lee's "Meet the Press" program Saturday, April 22 (8:30-9:00 p. m.), for another press conference on the air. He held a similar press conference on the program last February 24, at which time he was questioned by newsmen on the charges he has made on the senate floor. Sen. McCarthy's appearance on "Meet the Press" will immediately follow the appearance of his own chief witness before the senate sub-committee, Louis Budenz, former Communist party newspaper editor who has renounced Communist affiliations to become a university professor. Budenz testified before the sub-committee on April 20. The program will originate from Mutual's Washington studios.

Question arises more and more each day . . . "Whassa gonna happen to the radio schedule when daylight saving time goes into effect?" This: The entire Don Lee Network and KRNR will operate on Pacific Daylight Saving time effective with the start of business on Sunday, April 30, 1950, and ending with the close of business on Saturday, September 23, 1950. Therefore the present network and local program schedule will remain undisturbed, according to an announcement by Patrick W. Campbell, Don Lee vice president in charge of station relations.
