

'Sports Day' Held At Riddle School

Under the direction of the physical education instructor, Mrs. Guy McGee, the Riddle high school girls sponsored a "Sports Day" at Riddle high school on April 19. Fifteen high school girls and their physical education instructors came from Days Creek, Glendale, Canyonville and Riddle, with 76 registering for the day. This was the first "Sports Day" held in south Douglas county and was enjoyed by all attending. Plans are being made for more "sports days," "play days" and "mixers" to be held at different south Douglas schools next year, beginning in the early fall. These activities for girls are sponsored by the "B" League association. The Riddle "Sports Day" included movies, a dance, volleyball and softball, yells and stunts, and a band concert by the Riddle school band. Activities lasted from 9:30 a.m. until late afternoon.

County School Program Discussed By Assn. Unit

The Douglas county division of the Oregon Education association met at the Roseburg Junior high school auditorium Saturday for one of the regularly-scheduled gatherings, called to evaluate and improve the county school program. Cecil Posey, executive secretary

for the state organization, reviewed the activities for the present year and outlined school needs for the immediate future. Supt. Jack Flugg of Reedsport presided over the meeting.

Officers elected for the coming year included Mrs. Margaret McGee, Riddle, president; M. C. Deiler, Myrtle Creek, vice-president; Mrs. Margaret Adair, Roseburg, secretary; J. H. Bush, Drain, treasurer.

Failure To Appear On Bond Charged To Man

James A. Erwin, 32, of Myrtle Creek is being held in the Douglas county jail on a charge of failing to appear on bond, reported Sheriff O. T. Carter. Erwin was originally arrested on March 5, 1950, on a charge of driving an automobile with a revoked operator's license and his bail was set at \$200. He was released on bail and failed to appear for arraignment, according to the sheriff.

Dorothy J. Stevens and John L. Stevens were arrested Friday on a charge of selling mortgaged property. On arraignment in Justice Court, both were released on their own recognizance, reported Justice of the Peace A. J. Geddes.

CONVICTION APPEALED

A notice of appeal was given Monday by James Vestal Blewett, Roseburg, who was found guilty by jury trial in a case involving a drunk driving charge, according to Justice of the Peace A. J. Geddes. The trial, held Monday, resulted in a fine of \$250 and a 30-day jail sentence, Justice Geddes said. In addition, his operator's license was revoked for one year.

District Forest Inspectors Hold Meeting Here

Forest inspectors from the Southwest Oregon district, Coos-Curry district and Douglas district are meeting here today with Deputy State Forester Dwight Phipps, Salem, district warden and district supervisors to embark on a three day field trip.

The trip will embrace Douglas, Jackson and Josephine counties. Primary purpose of the trip is to take up inspection problems and policies recommended by the state board of forestry. The first day will be spent in Douglas county familiarizing personnel with some of the problems encountered by inspectors and warden in this area. From Douglas county the men will go south to hold a similar field trip.

Last week a trip was held in the northwest district for inspectors in that area. Two more will be held, one to include the upper Cascades area and the other to include eastern Oregon.

Personnel attending the Douglas meeting in addition to Phipps include: J. H. Walker, Salem, Lee Port, Northwest district, and L. C. Morehead, district supervisors; Fred Southwick, Douglas county, and Keith Young, Coos county, district warden; and inspectors Les Cummings, Bob Russell and Glen Cole, Douglas county; Ralph Apperson, Norman Boyd and Kenneth Johnson, Coos county, and Daryl Farnham, W. H. Moore and Robert Stokes, Southwest Oregon district.

New Snow Falls On Flooded Areas

By The Associated Press
North Dakota and Minnesota, fighting the worst floods in some 50 years, were blanketed by fresh falls of snow today — measuring up to 15 inches in some areas.

The snow whipped across the flood-ravaged areas of the two states adding new hardships to the thousands of homeless. The Red Cross had reported flood conditions "are becoming steadily worse." It said 6,408 families were homeless in the flood of the Red river, which flows between the two states.

The current rampage of the Missouri river and its tributaries has caused about \$2,000,000 in flood damage in North Dakota, army engineers estimated.

The snowfall at Minot, N. D., measured 15 inches and it was more than eight inches at Crookston, Minn., which was inundated over the weekend by a flash flood from the Red Lake river. Heaviest falls were in Northern North Dakota and Northern Minnesota.

The snow spread over parts of South Dakota and northwestern Wisconsin.

Lumber Market Boost Via Publicity Related

grade of lumber for every use," and again appealed directly to the consumer rather than to the lumber dealers.

He pointed to the success of the second campaign by declaring that within six months, lumber retailers were over selling.

Proof that west coast lumbermen are now merchandisers and no longer "mere processors of raw lumber," will soon be seen by another series of advertisements in the nation's leading magazines. Prialux said four-color ads will soon appear in these 20 magazines, boosting lumber as the one outstanding building material.

He declared the value of this advertising is two-fold. "Since the campaign began," Prialux said, "lumber was used in building more than a million non-form dwellings. The Douglas fir region gained in output, while all other areas lost."

The second result he attributed to the campaign was creation of a larger market for low grade lumber. He said the utility of our lumber resources has been extended 25 percent as a result.

He concluded his talk by asking local businessmen to help finance wood-by-products and manufacturing industries.

"The more successive reprocessing steps you have here, the more people will be employed and the sounder your economy will be. You must back up your sawmill industry," he declared.

The speaker was introduced by Charles V. Stanton, News-Review editor and program chairman for the day, who spoke of the varied newspaper and lumber background of Prialux.

Something to crow about!

Mercury owners are mighty proud these days to be driving the car that is the center of attraction in the entire automotive industry. They are enjoying the extra economy of Mercury's thrifty "Hi-power Compression" engine that won the entire Grand Canyon Economy Run at 26.5 miles per gallon. They are rejoicing in the extra muscled smoothness of Mercury's V type, eight cylinder powerplant that is crowning new champions at "speed tracks" everywhere. Drive a Mercury for ten minutes, and you'll find plenty to crow about, too. Super-safe "Auto-Acting" brakes that utilize the forward motion of the car for sure, smooth stops. Two-tone "Customized" interiors with "Lounge Rest" foam rubber seats. No wonder so many Westerners are driving this luxurious 3600 pound Mercury on terms as low as \$49 a month.
