

CRAFT CLASS TO MEET

The YMCA craft class will meet at 7:30 p.m. Tuesday at the Methodist church. Rev. Walter A. MacArthur is conducting the program, which is lineoleum block-printing this month. Any adult interested in this craft is invited to take part in the program.

Easiest Way To Repair Lawn Is Also Proper Way

The easiest way to improve a lawn is also the best way. You begin when the ground is soft enough to allow a pointed stick to be thrust into it six inches deep.

First, spread over the lawn area a balanced commercial plant food at the rate of four pounds to 100 square feet. During the spring thaw, when the soil alternately freezes at night, and thaws during the day, the surface is pierced by tiny holes, extending several inches deep. This condition is commonly called "honeycombed."

When plant food and grass seed are spread on a "honeycombed" surface, both find their way down into the soil. Farmers say the seed "muds in." By sowing at this stage you avoid the necessity of loosening the soil of bare spots, and top dressing the seed, and also avoid any danger of the plant food burning the grass. The early start gives your new grass plants a chance to

KDND DIAL-LOG

Coincident with the inauguration of its sixth consecutive year as a pace-setting radio show, "Queen for a Day" has initiated a contest to name its "June Bride Queen." The new "Queen," to be selected following a four-week campaign (April 24-May 19), will be named during the Monday, May 29, broadcast. Contestants, to be judged by their post-card answers to "Why I would like a Bermuda Honeymoon" must be planning a June wedding. Each of five semi-finalists will be announced on the May 22-24 inclusive, broadcasts. Winner gets all-expense trip to Bermuda, extensive wardrobe, diamond ring . . . and that's enough!

"Cinderella" Joan Rutter back on O.S.C. campus after four days in Hollywood with her mother. Met Robert Mitchell, Jane Russell and others . . . won \$40 on a major network quiz-show . . . and out of her expense-money for the trip the gal saved \$100. Leave us face it . . . most of us would have blown the last red cent. What better evidence of her deserving the honor?

SATURDAY LINEUP: Forty first-comers will be admitted to Off-Rickerts for participation on "Kid Frolics" (10:30-11:00 a.m.). Reactions of British R.A.F. pilots to their new B-29 commands will be the documentary highlight of "The Air Force Hour" (11:30-12:00 noon). Elizabeth Scott stars on "Proudly We H-I-I" (3:00-3:30 p.m.). "Do Our Democratic Liberties Depend on Mental Health" is the question under discussion by famed psychiatrists and educators on "Reviewing Stand" (5:00-5:30 p.m.). Joan Fontaine will discuss her own career, and latest news and events in the film capital with Broadway reporter Radie Harris (5:30-5:45 p.m.). Well-known "Titus Moody" character, Parker Fennelly portrays the lovable "Mr. Feathers" (7:00-7:30 p.m.). and John Foster Dulles, a leading Republican and a special consultant to the State department for the Bipartisan foreign policy of the United States, will be the interviewed guest during MDL's "Meet the Press" broadcast tomorrow night (8:30-9:00). Mr. Dulles will be answering questions hurled by Marquis Childs, United Features syndicate; Doris Flessen, Bell syndicate; Edward Neller, Cowles publications; and James Reston, New York Times. Lawrence Spivak, editor of American Mercury magazine, will be the moderator.

Only program change thus far as a result of daylight saving time which goes into effect midnight, Sunday, April 30, is the ten-minute Monday, Wednesday and Friday "Farm Fair," which will be heard beginning Monday, May 1, 7:50 to 8:00 a.m., DST.

grow up in the cool, moist weather of early spring. Omit Rolling Having fed your lawn its first meal and sown seed with a minimum of labor, your next saving comes from not rolling your lawn. Research has established that

grass does not thrive in compact soil; it needs a loose, porous condition, which a heavy roller harms. If you try to level off the lawn surface with a roller, harm may result. The only reason for rolling the lawn is to press down the sod against the subsoil, from which it may have been separated by frost heaving. There has been plenty of such heaving this year, but use a light roller, and wait until the soil begins to dry, so that it is moist, not wet.

Don't List Next, don't dig weeds. The weeds of spring are easily destroyed by spraying the lawn with 2,4-D as soon as the grass begins to grow vigorously. Spray before the dandelions flower, if you still have dandelions. And do not mow your grass, unless it is creeping bent, closer than one and a half inches. This avoids injuring the crown of the grass plant, and permits a rich green color to be maintained, with vigorous growth. Do not remove the clippings on a lawn, except in hot weather, when they are very heavy, and if left to dry might smother or over heat the grass beneath.

Corsages Advocated For Petticoat Soldiers

ALBANY, N.Y.—(AP)—For the petticoat soldier—"epaulet corsage." Women members of the armed forces should be permitted to wear flowers while in uniform, suggests the eastern zone of the Florists Telegraph Delivery association.

At a convention delegates presented the "epaulet corsage." It's fashioned as a halter of carnations fitting over the shoulder. A single cascade of blooms runs down the arm. At the top, a loop permits the military insignia to show.

The corsage, the association says, "is an ideal compromise between rigor and romance."

Elkton

By MRS. PHYLLIS A. SMITH
Frank McElroy, formerly of Elkton, but for many years a resident of Los Angeles, called on old-time friends here last week and was an overnight guest at the Rader home.

Miss Nancy Fisher, who had the misfortune of breaking her leg when she fell from her horse last Thursday evening, is reported to be getting along satisfactorily at Mercy hospital in Roseburg but will have to have her leg in a cast most of the summer.

Bud Madison, who has been home on furlough, left for Port Ord, California. From there he will be sent to Japan.

Laurence Madison was a weekend visitor in Portland.
