

Hunt For Killer Of Vet Covers Philadelphia

PHILADELPHIA, May 6.—(AP)—Citizens of Philadelphia—2,000,000 strong—have been alerted in the search for the accused slayer of James J. Donohoe, the wounded war veteran who became a policeman because he needed an outside job for his health.

Patrolman Donohoe was shot twice as he attempted to seize a suspect in a 26-cent holdup of a window cleaning establishment from Wednesday morning. Donohoe, the father of a two-year-old daughter, died in Jefferson hospital several hours later.

Inspector Richard A. Doyle said the entire police department is on the lookout for Albert Nicholas Guatz, 35-year-old convict recently paroled. And, said Doyle, we have appealed to all the city's citizens to act as unofficial detectives.

With men, women and children keeping a watchful eye for the former convict, his capture will surely be hastened, Doyle said.

Scores of 11 m e s yesterday, squads of police hurried out to check reports Guatz had been sighted. The tips were erroneous but the police didn't mind that. They asked the public to keep them flowing in.

"Eventually one of these calls will turn out to be right," said Doyle, who is in charge of the grim manhunt.

"I have never seen such a desire on the public's part to cooperate. We have had more than 100 telephone calls. In at least 20 instances there was just enough delay in getting the information to us to allow the man to get away if he was the right one."

Two Plead Guilty To Drunken Driving

Judge Ira B. Riddle reported today the arrest and subsequent pleas of guilty entered in Municipal court today by two men, both arrested on drunken driving charges.

They were identified as William F. Schulze, Newport; and Robert Duane Fisher, 25, of Roseburg.

Each paid fines of \$150 and had 30-day jail sentences suspended, in addition to having their operator's licenses revoked for one year.

Arrested with Schulze, was George Willard Schultz, 37, of Roseburg, who forfeited \$20 bail posted on a charge of being drunk on a public street.

Red Rioters Stopped

CANNES, France, May 6.—(AP)—Police broke up an attempt by Communist-led steel workers yesterday to wreck a rail freight load of French army guided missile equipment at nearby La Bocca.

The demonstrators—150 workers led by two Communist members of the Cannes city council—attacked the police with stones and steel balls before they were driven off by tear gas grenades.

Five police were injured in the pitched battle. Seven demonstrators were arrested.

The equipment was not damaged. The train on which it was loaded left the station only a few minutes behind schedule.

SUITS DISMISSED

Circuit Judge Carl E. Wimberly ordered the dismissal of three suits in circuit court Friday: Herman Steeck vs. R. R. Schriener; State of Oregon vs. R. E. Jennie; Vaniva E. Freeborn vs. Harry Miller.

Acheson Urges Effort To Fight Red Challenge

WASHINGTON, May 6.—(AP)—Secretary of State Acheson, leaving for Europe, called on the nations of the west today to rally their forces with "utmost vigor" to meet the global challenge of communism.

"Free men and free nations everywhere will face increasingly crucial tests in the years immediately ahead," Acheson declared in a takeoff statement.

The statement was given out by the State department in advance of his takeoff time. The aim was to emphasize the hopes he holds of increasing unity of the western powers in diplomatic conferences in London during the next two weeks.

Acheson was scheduled to reach Paris tomorrow morning for talks with French Foreign Minister Schuman, and to continue to London Tuesday.

After declaring that the immediate future will bring "increasingly crucial tests" in the Communist struggle Acheson added: "What we seek at London is to accelerate mobilization of the moral and material strength of the free world. The free world contains vast untapped moral and material resources. We must develop those reserves to the best of our ability. We should be doing so even if international communism did not exist. As things are we must do so with utmost vigor."

Swimming Star Denies Secret Marriage Tale

PARIS, May 6.—(AP)—Brenda Heiser, 25, Olympic swimming star, said today she would be married next September to Viscount Jose de Morelos.

She denied a statement by her uncle, J. Henry Heiser of Portland, Ore., that she already was married and that De Morelos was a brother of a man she was engaged to marry a year ago. She said, "I am engaged to Jose and we are to be married in September. His divorce will be final then."

She added, "I was engaged to Jose Waechter, also a Frenchman, at the time of the Olympic games two years ago, but the engagement was broken off because my family protested it. I broke off relations with my family at that time because of their disagreement over my engagement."

She said De Morelos and Waechter "are not only not brothers, they don't even know each other." Brenda, now living in Paris, said she would compete in swimming meets this summer in Britain, The Netherlands, France, and Yugoslavia, as well as the European championships in Vienna.

Non Support, Contempt Charges Are Brought

Michael Mattes, 28, Elkton is being held in the county jail on two charges: non support and contempt of court, Sheriff O. T. Carter reported Friday.

Earl Owens Moody, 38, of Oakland is being held under \$500 bail on a charge of burglary not in dwelling. Moody was arrested Thursday by Oakland police officers according to Carter.

Leave For Medford—Mr. and Mrs. Edward B. Row of Roseburg left today for Medford to spend the weekend visiting Mr. and Mrs. William Hammett. Mrs. Row is owner of the Style shop in this city.

Birth Reported—Mr. and Mrs. James K. Watson of Oakland are the parents of a son born May 2 at Sacred Heart hospital in Eugene. The baby weighed 6 pounds 14 ounces and has been named James William Watson. Mrs. Watson is the former Florence Harms of Oakland. Grandparents are Mr. and Mrs. Floyd Watson, Oakland, and Mr. and Mrs. William R. Harms, Drain. The maternal great-grandmother is Mrs. Susie Curtis, Oakland.

Earl Edward Allen Sentenced To Jail

Earl Edward Allen, 31, of Elkton has started serving 90 days in the county jail following his conviction on two charges, Justice of the peace Fred M. Wright of Reedsport reported Friday.

Allen was sentenced to serve 30 days in the county jail and fined \$10 on a charge of driving without a motor vehicle operators license. He also received a 60-day sentence in the county jail and fined \$20 on a charge of switching license plates.

Industrialist Dies 104 Years of Age

ITHACA, N. Y., May 6.—(AP)—George S. Livermore didn't believe in old age. But it finally overtook him: He died last night at 104.

He still headed the board of the Ithaca Gun company, which he helped found in 1886.

Until recently, Livermore went to his office daily to oversee the 380 employees. More than 80 have been with the firm for at least 20 years. Several have been working for half a century.

Livermore was proud of his precision-built guns, but he didn't use them. He preferred horseback riding to hunting. When riding became too strenuous, he turned, as he put it, to "smoking a good cigar with friends."

Flegel For Governor Committee Has Meeting

Forty-three persons, representing most Douglas county towns, attended the Democratic Austin Flegel for Governor committee meeting held last night in the Episcopal church.

The meeting was presided over by the local chairman, Avery Thompson. Dick Gilman is vice-chairman and Al Flegel, brother of the candidate, is secretary of the committee.

The group planned a mail and direct house campaign to get people out to vote in the primary election.

Canyonville, Riddle, Myrtle Creek, Sutherlin, Oakind, Yoncalla, Drain, Elkton and Reedsport were represented. Coffee and cake was served following the meeting.

Winston

By MRS. GEORGE BACHER

Mr. and Mrs. Sid Mason Winston, spent Sunday visiting Mr. and Mrs. Ralph Gay in Eugene. Jack Bennet of Wieser, Idaho, visited Friday with Mr. and Mrs. L. J. Fullerton. Bennet, owner of a bottling plant in that state, was here on business.

Mrs. Olga Plath has returned from an extended visit in mid-western states. She was in Minnesota and Wisconsin during the cold wave. She reports there is lots of snow and ice yet, and little evidence of spring. Enroute home she and her party were forced to take long detours because of floods brought on by the Red River's spring rampage.

Mrs. Roy Fisher is confined to her home with a severe attack of flu. Miss Shirley Sims, daughter of Mr. and Mrs. Jim Sims of Winston, was initiated into the Roseburg chapter of Job's Daughters Tuesday evening.

Several ladies representing the Winston Community club have been doing volunteer work at the Veterans hospital in Roseburg. On Monday evening eight workers attended the May day dance at the facility sponsored by the American Red Cross. Attending were Mrs. Leta Sims, Mrs. Dorothy True, Mrs. Alice Hill, Mrs. Gladys Amundson, Mrs. Gertrude Hunter, Mrs. Daisy Fox, Mrs. Reba Butler and Mrs. Dunlap.

Another dance for the patients will be held Monday evening, May 8. Ladies wishing to volunteer are asked to contact Mrs. Margaret McCord of Dillard or Mrs. Dorothy True at True's grocery in Winston. Transportation to and from the hospital will be furnished.

Spring dusting for the control of thrips in pear orchards was begun Wednesday. High winds and "excess moisture" have made it necessary for most farmers to postpone this dusting until now. However, weather conditions have been generally favorable for spraying and the fruit crop outlook is reported as "fair" by local orchardists.

Drug To Cure Cold Reported In Britain

LONDON, May 6.—(AP)—A group of British chemists say they have discovered a drug which may cure the common cold overnight. And six researchers who tried the compound said it stopped their sniffles.

Despite personal tests by its developers, the drug—called CF9—still must be proved clinically before the public gets it.

Announcement of the discovery was made in the House of Commons yesterday by Conservative member F. J. Erroll, who said the drug "may prove more important than penicillin."

The compound was developed during a three-year search for a new cancer treatment. CF9 may possibly be used, said the scientists, in treating such virus diseases as influenza, measles, scarlet fever, smallpox and infantile paralysis.

There's Always A Way

TOKYO, May 6.—(AP)—Listeners on the nation-wide network of the Japan Broadcasting corporation were startled last night to hear an announcer warn one Saburo Todani not to eat his lunch.

"It is poisoned," the broadcast said.

Todani heard and went home. He found his wife had called police and said the bread in his sandwiches was poisoned. Police appealed to the broadcasting company for help since no one knew where Todani was.

But, police learned, the bread wasn't poisoned after all. Todani's wife had made up the story to lure him home, fearing he had deserted her.

Foreign Aid Bill Troubles Ahead

WASHINGTON, May 6.—(AP)—The Administration's big foreign aid authorization was safely through the Senate today, shorn of a quarter of a billion dollars but otherwise fairly intact.

There were prospects, however, that the \$3,122,450,000 figure approved by a whopping 80 to 8 vote last night will be subjected to a determined economy drive when voting starts on a later bill providing the cash.

President Truman's \$45,000,000 "point four" program of aid to the undeveloped areas of the world squeaked by on a margin of one vote—37 to 36. And only a 40 to 40 tie—which in the Senate is a losing vote—prevented a \$500,000,000 cut in the European recovery program, instead of the \$250,000,000 slash eventually approved.

The administration's \$3,100,000,000 request for a third year of the Marshall plan was the only one of several programs in the bill to suffer a cut.

These tight votes—plus a bitter economy speech by Senator McClellan (D-Tenn.), chairman of the powerful appropriations committee—heralded trouble when Congress gets around to supplying the money for the aid programs.

The measure that emerged from the Senate in an extra-hours session merely authorizes the program and fixes a top limit to be spent on them during the 1951 fiscal year that begins July 1. The actual money must be provided separately in an appropriations bill.

States Righters Drive

JACKSON, Miss., May 6.—(AP)—Encouraged by election results in Florida and Alabama, States Righters plan to push a campaign for a stronger voice in the 1952 presidential campaign.

W. W. Wright, vice-chairman of the National States Rights committee, told a news conference the drive will be concentrated in the South where they will work as Democrats—not as members of a third party.

"Unfortunately, the national party's boast that they don't need the South is true right now," said Wright. "The sentiment of the people is changing."

Wright was a member of the Mississippi state delegation that walked out of the 1948 Democratic national convention and later set up the States Rights movement. Gov. J. Strom Thurmond of South Carolina, who became the states rights presidential candidate, gained the 36 electoral votes of South Carolina, Alabama, Mississippi and Louisiana.

Russia Returns Blast Over German Prisoners

BERLIN, May 6.—(AP)—Rocked by the outraged German reaction to Austria's claim that all German prisoners of war have been repatriated the Communists launched a furious counteroffensive today.

The Russian-controlled press and radio denounced as "poisonous lies" German and allied charges that hundreds of thousands of Germans still were being held in the Soviet Union.

The Communists reiterated old charges that the United States was withholding captured records of Germany army war dead in order to give the impression thousands of Germans still were alive in Russia.

These charges have been denied by the western powers as "Communist calumnies."

Negro Hangs For Slaying

LANSING, Kan., May 6.—(AP)—Smiling, George Miller, a 60-year-old Negro, walked confidently up the 13 steps of the gallows at Kansas state prison and was hanged to death today.

Miller was executed for the ambush slaying of Police Chief Mike Churchill, 48, at Osawatimie, Kan., Feb. 3, 1947.

Miller, a former section hand, confessed the killing. His execution was delayed twice while appeals were carried unsuccessfully through state and federal courts to the United States supreme court.

Deputy Warden C. A. Edmondson asked if he had a last statement.

"Yes," Miller replied. "I'm ready to go. . . I'm ready. . . been ready. . . happy."

Churchill had gone to the Miller home to arrest the man on a warrant obtained by Miller's wife.

Red Artillery Pounds Vital Chinese Post

TAIPEI, Formosa, May 6.—(AP)—Chinese Communist artillery pounded the Nationalists' naval and air base of Chushan, key defense outpost for Formosa, all day yesterday, dispatches reported today.

It was 10 p. m. before joint action by Nationalist land, air and naval forces silenced the Red guns, official reports said. The bombardment came from Kingtang island and was directed at Tinghai, Chushan capital, three miles away.

Chushan is the main island of an archipelago of the same name that juts into the east China sea about 100 miles southeast of Shanghai. The Communists hold several islands in the group but the Nationalists have clung to Chushan, main base for their blockade of the big Red port.

The Nationalists say Chushan is next on the Red invasion timetable. The dispatches reported Communist invasion craft were continuing to mass in Kingtang harbor and at Chinghai, mainland port 15 miles west of Tinghai.

The Nationalists said Red artillery took advantage of the weather yesterday, opening up when Nationalist planes were grounded.

Weather is an important factor at this stage of the civil war.

If the Nationalists can keep the Reds from Fort East of Shanghai, in June they expect the weather to take care of this bastion's defense until next year. Last month heavy fog kept Nationalist planes on Hainan for three straight days and gave the Reds an opportunity to mass junk for their successful invasion of the big island off south China.

SHIFT PREDICTED

WASHINGTON, May 6.—(AP)—The National Association of Real Estate Boards said today the atom bomb "will add its pull" to forces already drawing new industries and dwellings out of the nation's cities.

The association said, too, that a national survey indicated that the "atomic threat of scorched cities" is expected to boost the demand for small farms near Metropolitan areas.
