On May 12, 13 and 14, the University of Oregon will celebrate its 60th Junior Weekend in conjunction with Mother's Day. Revival of traditions, All-campus Sing, coronation of Junior Weekend Queen, baseball game, float parade, Junior Prom, Sunlight Serenade are only a few of the activities scheduled. Everything starts on the 12th, so Oregon mothers and dads should obtain hotel reservations in advance for this big event. On the 13th, the dads especially will want to watch the Oregon-Oregon State baseball game—and for everyone, there's the float parade—with floats from every living group on the campus. And remember the Junior Prom? Wouldn't you like to go again? It's on Saturday night... at which time the coronation of the Queen and Grand March will take place. Whole affair presented by the Class of 1951... they're calling it "Melody Magic." So—Oregon mothers and dads—save this coming weekend for a wonderful, activity-filled three days on the University of Oregon campus at Eugene.

TONIGHT: An ingeniously planned frame-up, with George Valentine himself a part of it, plus the murder of a black-mailer, help the detective solve the case of "The Picture With a Black Frame" on "Let George Do It" (8:00-8:30 p.m.). Win a gift certificate on "You Name It" (8:30-8:45 p.m.)... Tchaikovsky's "Nutcracker Suite" in performance on "Music You Want" (10:15-10:45 p.m.) by Eugene Ormandy and the Philadelphia Orchestra.

Last chance today to send in your question about music for tomorrow night's "Music Week Quiz" if you "stump the experts"... a classical record album is yours... all yours. Mail your question now to "Music Week Quiz" in care of KRNR... including your name and address. Postmark must not be later than midnight, tonight.

Senate Counsel Approves Browder Contempt Action

WASHINGTON, May 8.—(AP)—Senate Counsel for Senate Communist investigators Saturday recommended that Earl Browder and Frederick Vanderbilt Field be cited for contempt of Congress.

Edward P. Morgan, attorney for a Senate foreign relations subcommittee, told reporters he has drafted a citation resolution for consideration by the full foreign relations committee.

"I am recommending that both men be cited for contempt," Morgan added.

Browder, former chief of the American Communist party, and Field, wealthy New Yorker, refused to answer many questions when they testified before the subcommittee last week.

The subcommittee is investigating charges by Senator McCarthy (R-Wis.) that the State department is harboring a lot of Communists and Red sympathizers.

Senator Tydings (D-Md.), the subcommittee chairman, instructed Morgan a week ago to prepare contempt citations against both Browder and Field. Tydings said at that time:

"Quite apart from whether the refusal of the witnesses was based on irrelevancy of questions asked or because of constitutional guarantees, or anything else, I have directed this action because I have felt there has been an affront to the dignity of the Senate and the government in the refusal of the witnesses to answer the questions."

Field, for one thing, refused to tell the subcommittee whether he is or ever had been a Communist.

In declining to reply, he cited his rights under the Constitution and said his answer might tend to incriminate him.

Browder cited no grounds for his refusal to answer questions.

Strange Disease Cripples Boy

LOS ANGELES.—(AP)—If it weren't for the traction splints on his legs, little Dickie Dorwart might be any three-year-old lying in bed.

Dickie's mother says doctors have told her he is one of "five or six" children in the country suffering from osteogenesis imperfecta, an extremely rare bone disease about which little is known.

Mrs. Maurice Dorwart, wife of an apprentice linoleum layer, says the disease, more commonly known as "brittle bones," causes calcium which is normally supposed to go into the bone, to be deposited on the outside surfaces.

The Dorwarts, who live in a modest home at 3711 Council St., are trying to raise funds to finance a trip to New York where a specialist has offered to try to help the boy. Dickie's legs have been broken 16 times since he was stricken at the age of seven months.

Anita Young Is Bowling In St. Paul Tournament

Miss Anita Young, president of the Oregon State Women's Bowling association, is in St. Paul, Minn., at the national tournament, where she will bowl with the Henzler Marine team of Eugene. Alice Brannan of Portland is her doubles partner.

The team will compete at Spokane, Wash., on the way home at the Northwest tournament. Hazel Gunderson of Eugene will bowl in the doubles tournament at Spokane with Miss Young. This duo won the Northwest doubles in 1948. The team will return home on May 15.

Executed Man Gives Corneas To Blind Man

PARIS.—(AP)—The corneas of an executed French traitor were transplanted today to the eyes of a sightless Parisian.

Officials at the hospital said they would not know for two weeks whether the operation was a success. They refused to give the name of the patient or to disclose details of the operation.

Maurice Bey, condemned for being a member of French Gestapo organization during the war, gave his eyes to science, a few minutes before he faced a firing squad.

Physicians removed the corneas from Bey's eyes immediately after the execution, and placed them in an eye bank at the hospital to await the operation of a sightless patient. The doctor who supervised both the removal of Bey's eyes and the transplantation surgery described the operation as "very delicate."

He said, however, it had been successfully accomplished in about 40 percent of the cases attempted.

Bey asked the firing squad to shoot him in the heart rather than the head so his eyes would not be damaged.

Horse Acts Like Mule

CHICAGO.—(AP)—Joy Boy, a horse which acted as stubborn as a mule, disrupted the junior week open house program at Illinois Institute of Technology.

The horse appeared in a skit staged by members of Alpha Sigma Phi fraternity. The students had no trouble bringing the steed up two flights of winding stairs to the second floor auditorium in the institute building.

But Joy Boy balked at descending the stairs he had climbed so willingly. Students tried blindfolds, sugar, carrots, coaxing, hauling and shoving. He wouldn't budge. Finally, workmen built a ramp down the stairway and Job Boy left the building.

'MODERN CITY'

CANBY.—(AP)—City councilmen in this small town announced that Canby is a "modern city." And so they ordered City Attorney Ralph C. Zimmerman to draft an ordinance prohibiting outdoor privies within the city limits.

Music History To Be Theme Of Tonight's Concert

The history of music in America will be the theme developed by commentary and musical illustration at 8:15 p.m. tonight in the junior high school auditorium, as the junior high school and the Douglas County Music Teachers association combine to officially open National Music week here.

Explanatory comments by Leroy Hiatt, KRNR manager, will be followed by the rendition of songs illustrative of the various types of music introduced into and developed in this country.

This will be the first in a series of programs, recitals and operettas staged in Roseburg in celebration of music week.

Tonight's performance will be presented free of charge and the general public has been invited to attend. Included on the program will be the offerings of vocal group and soloists, as well as instrumental music.

Calf Scramble Set For Rodeo

The special events committee of the Sheriff's Posse Rodeo announced today the popular calf scramble will be included in the schedule of events for this year's rodeo, to be held here June 24-25.

W. H. "Doc" Carter said today the scramble will be held Sunday afternoon, June 25, with the 4-H boys in charge. He said the scramble was tried for the first time last year and that it proved so popular with participants and the crowd that the committee decided to repeat the event again this year.

Carter said that several local business concerns have already signified their desire to donate calves for the event and that others who wish to do so may contact either Carter or John Spencer. Calf donors last year included Tiller Sugar Pine mill, St. Dillard Motor company, J. C. Penney company, Deb's market, Sig. Fett Implement company, Douglas County Flour mill, Rainbow cafe, Roseburg Lumber company, U.S. National bank and Pre-Mix Concrete company.

Prepare For Flood

PORTLAND.—(AP)—The Multnomah County Red Cross has revamped its organizational charts—getting ready for emergency work if the expected Columbia River flood reaches serious proportions.

Chapter President Edward Valentine said sudden warm weather in the Columbia headwaters could put the water level "much higher" than in 1948.

Girl Without Country Will Enter College

PULLMAN, Wash.—(AP)—A pretty girl without a country will start school at Washington State college next fall to study farming.

She is Alexandra Karmansky, a Yugoslavian national, born of Russian parents. Now, she is living and going to school in a displaced persons camp in the United States zone of Germany.

Several women's groups and organizations on the WSC campus have made her enrollment possible. With her parents she fled from Czechoslovakia when that country joined the ring of nations allied with Soviet Russia.

Technically she is a stateless person and not eligible for one of the foreign scholarships authorized by the state legislature.

One women's dormitory—West House—will provide her room and board for the first semester. Pi Beta Phi sorority will be her host for the next term.

The college chapter of the Young Women's Christian association will see that she gets across the country from New York. The Wesley foundation, a church group, will donate money to help meet her school expenses.

L. W. Sandine, advisor to foreign students, says most of the preliminary work for her enrollment in the college of agriculture has been completed. She was a "straight A" student throughout her high school work in the displaced persons camp at Munich-Freimann, Germany.
