

Shaw Nomination Is Slight Margin

Voting was close in Douglas county, as it was in the state, for the nomination of a Democratic candidate for U. S. representative from the Fourth district. David C. Shaw won by less than 300 votes over Walter A. Swanson in this county. Shaw will oppose Harris Ellsworth in the November election. Election returns from 58 of 61 precincts show the following results:

Admittance Of Women To Y. M. C. A. At Issue

BUFFALO, N. Y., May 20.—(AP)—Should women be admitted to the governing body of the Young Men's Christian association? The question was a big issue today among delegates to the 24th annual conference of the YMCA's national council. The council's committee of constitution and by-laws has proposed an amendment to delete the word "male" from the rule on council membership.

Hill, Beckley Win Out In County GOP Race

(Continued from page One)

and 1257 for Austin Dunn. Voting for uncontested positions showed the following results: Republicans—for U. S. Representative, Harris Ellsworth, 4158; for governor, Douglas McKay, 4437; for labor commissioner, William E. Kimsey, 3608; for district attorney, Robert G. Davis, 3545; for assessor, Ned Dixon, 4080.

Democrats uncontested polled votes as follows: For labor commissioner, Howard Morgan, 2399; for state representative, two to be nominated, V. T. Jackson, 2295; and Sidney Leiken 1548; for county judge, Howard Cracror, 2397; for county commissioner, R. D. (Dick) Williams, 2451; for assessor, J. M. Morgan, 4080.

The only precincts not included in this count are Loon Lake, Gunter and Tiller, where no direct telephone line service is available. The results from these sources, however, will not materially affect the overall results in any case. Not more than an additional total of 50 votes is expected.

No votes were cast at Tyee, 35 miles west by north of Roseburg on the Umpqua river. This was a new precinct, and balloting was to be at Kellogg grange hall. However, no one put in an appearance, the News-Review was informed.

The over-all vote showed a larger Republican turnout than Democrat, although the registration rolls show the two parties about even. The Republicans cast a total of 4758 votes for U. S. senator, compared with the highest Democratic vote of 3126 for governor.

Winston

By MRS. GEORGE BACHER

On Monday evening Mr. and Mrs. Sidney Mason of Winston were dinner guests of Mrs. Mason's mother, Mrs. Olga Flath, of Sutherlin. The occasion was in honor of the birthday anniversary of Stanley Grady.

Mr. and Mrs. Homer Rhodes motored to Ashland over the weekend. They visited in the home of Dr. Sabo and family of that city. Dr. Sabo is well known here. He spent quite some time in this vicinity two years ago, assisting the Rhodes in building their new home.

Mr. and Mrs. Jay Golden of Roseburg were guests Sunday in the Art Gastorf residence, where they visited Mrs. Golden's younger sister, Judy. Judy is staying with Mr. and Mrs. Gastorf in Winston while attending grade school at the Dillard school. Golden is employed as a photographer at the Photo Lab.

Word has been received here of the serious illness of Brenda Lee Brown, nine-month-old daughter of Mr. and Mrs. Eugene Brown, formerly of Winston and now residing in Gold Beach. According to a letter written by the child's mother to friends in this vicinity, Brenda Lee is suffering from bronchial pneumonia. While in Winston the Browns occupied an apartment at the Oak Lawn apartments. They have returned to the coast only a few weeks ago.

Mr. and Mrs. Alton Holloway have returned to their home in Redmond after visiting in the home of Mr. and Mrs. George Sothman in Winston. Mrs. Holloway is the niece of Mrs. Sothman.

Sunday visitors in the home of Mr. and Mrs. Sidney Mason were the former's brother and sister-in-law, Mr. and Mrs. C. D. Mason of Myrtle Point. From here the couple motored to Oakridge, where they were guests of Mrs. Mason's parents.

Mrs. A. R. Owens of Roseburg has received word that her son, Sgt. Ray S. Owens, has re-enlisted in the Air Corps for a period of six years. His previous enlistment ended in April of this year. Owens, who has served with the air force since the spring of 1943, has visited in Winston on numerous occasions in the home of his uncle and aunt, Mr. and Mrs. J. K. Masters. He is a former resident of Lookingglass and attended high school in Roseburg, later furthering his education at the University of Washington.

How deep is DEEP? That's what Mrs. Homer Rhodes wishes to have clarified. Upon moving into this territory several years ago the Rhodes joined a group of green fingered friends who practice the slogan that "to live in Winston is to grow a garden." "It looked so simple," Mrs. Rhodes said, so she began with corn. It didn't come up and the neighbors told her it was planted too deep! This year she tried shallow cultivation. Still no corn. Now they tell her it "wasn't planted deep enough!"

TEXTURE STUDIES in the pen and ink drawing being examined by Dave Ford and Nancy Hartly (center) will be displayed in the basement of the senior high school Saturday from noon until 5 p. m. International 'Raffles' Suspect Nabbed In Canada

VANCOUVER, B. C., May 20.—(CP)—Debonair, James Clarence Ripley, 27-year-old Englishman, is under arrest here, held on a Montreal warrant.

Police describe him as an "international raffles" suspect, wanted by authorities of two continents. He will be flown to Montreal to face charges of obtaining money by false pretences.

Police say Ripley is wanted by the Metropolitan police in London for trafficking in counterfeit American currency and by United States police for forgeries totalling \$70,000 in New York and other centers. The U. S. has indicated it will not seek extradition.

False pretences charges he will face in Montreal involve the purchase of approximately \$400 worth of tickets from the trans-Canada air lines.

Ripley came to Vancouver with a 50-year-old companion about a month ago. Both were registered at a downtown hotel.

The companion has disappeared and police reported his arrest was ordered following an attempt to purchase \$5,000 worth of diamonds at a downtown store. Police said the man attempted payment with a forged check drawn on a Toronto bank. He fled from the store as the manager sought to have the bank verify the check.

More Jobs, More Production Aims Of Big Industry

BOSTON, May 20.—(AP)—A group of the nation's top industrial chiefs are pledged to stabilize employment and create more jobs. The promise was made at Boston's mid-century jubilee by 42 industrialists representing firms with assets of 24 billion dollars. After meeting in Boston, they issued a declaration setting forth these pledges:

1. To stabilize employment by leveling out seasonal peaks and valleys in production, by diversification of products, and vigorous search for new markets.
2. To create more jobs through research, new facilities, new equipment and new methods, to keep pace with the needs of the country and its rapidly expanding labor force.
3. To keep improving tools and production efficiency, so that the earning power of the individual will be increased.
4. To give to each employee the opportunity to develop his abilities, recognizing his right to improve himself as he improves the business.
5. To maintain the healthy competitive spirit that results in new ideas through better products and services to the public.
6. To encourage more widespread investment in common stocks, to the end that more millions of Americans may become owners of industry as well as employees.

The business tycoons—including presidents of Bethlehem Steel Co., International Paper Co., U. S. of America—said "the best way to prevent unemployment is to produce goods at lower unit cost so that more people can afford them and more employes will be kept busy making them."

Government Criticized

The industrialists said that "in all candor it must be said that there are many obstacles in the way of complete fulfillment" of their pledge.

"A government that has grown faster than our ability to support it is taking away money that should be put to work," they said. "regulations which serve only to retard production have been imposed. The power to tax has been used to dry up the flow of risk capital into new enterprises.

"These things are detrimental, but not fatal. But if we continue to so regulate or control Americans so that they are no longer able to venture and toil in projects of their own choice, or if we remove the incentive for them to do so; we shall in either case have taken a step that is not merely detrimental, but fatal."

Blood Flows In Battles During Bolivian Strike

LA PAZ, Bolivia, May 20.—(AP)—A general strike in Bolivia capital yesterday brought clashes between police and workers in which 14 persons were killed and at least 75 wounded.

Many other casualties in the factory district apparently were not hospitalized.

More than 40,000 workers in the capital struck Thursday in answer to a call from the confederation of labor for support of demands for higher pay. The government charged the strike was Communist-inspired.

Juke Box Picketing By Union Given Court O. K.

DETROIT, May 20.—(AP)—By court decree, a union had the right today to picket a juke box.

For the last ten days an AFL teamsters union affiliate has had a picket outside a restaurant asking the public not to play the music box inside.

The juke box
