

Record Number To Get Degrees At Oregon State

OREGON STATE COLLEGE—Among some 2000 to be graduated here June 5 in a record sized class, will be 20 who will receive the doctorate degree, which will break all records for that highest academic degree here. This year's 17 doctor of philosophy degrees and three doctor of education degrees will compare with 14 total last year.

Approximately 136 masters degrees will be conferred, the exact number still depending upon those meeting all academic requirements. The more than 1800 graduates with the bachelor degree will probably constitute a record number for some years, since it contains the peak number of those receiving GI financial aid.

Even with seats available for 10,000 participants and spectators, the big coliseum here will have to put up the SRO sign for the graduation exercises, officials estimate.

After providing each of the graduates with four tickets for relatives, and space for faculty members in the academic procession, only a few seats high above and behind the stage will be left for general spectators without tickets.

Both the baccalaureate service Sunday at 11 o'clock, and the commencement proper, Monday at 10 o'clock, will be broadcast over the state station, KOAC.

Funeral Services Set For Benjamin Finnell

Mr. Finnell was born March 19, 1915, at Ashwood, Ore. He had spent his entire life in Oregon, and the last two years in the Roseburg community, except for his service in the army air corps as a lieutenant in World War II. He served from Feb. 6, 1943, until Jan. 28, 1945.

He is survived by his widow, Lavern Finnell, Roseburg; three children, Edwin, Dennis and Gail Roseburg; six brothers, Fred, Robert and Stephen Finnell, Ashwood; Frank and Clifton Finnell, Oakland; Gordon Finnell, Grants Pass, and one sister, Mrs. Daniel Miem, Oregon City.

Identity Of Trout Angler Sought

Ross Newcomb, game department biologist, conducting the Umpqua river study, is anxious to learn the identity of the person who caught a tagged rainbow trout four miles above the Winchester dam recently.

The angler apparently is a resident of Portland or was in Portland at the time the tag number was telephoned to game department headquarters there. The clerk neglected to get the name of the person who made the report.

The tag number, Newcomb said, indicates that this fish had been planted below the dam and had traveled upstream to the place where it was taken. If so, this is the first evidence of any rainbow trout passing the dam and more details concerning the fish are desired.

Any person who may have information which will assist in making contact with the angler who caught the trout is asked to communicate with Newcomb.

The Rev. Mr. Appleyard and Arthur Griese gave a report on the scout and cub meeting they attended in Roseburg the last week. Next club pack meeting will be the third Monday of June.

Legion Post Head, Stores Give Boost To Poppy Days

Members of the American Legion were called upon to wear a poppy on Poppy days, Friday and Saturday, in a special message issued today by William "Dutch" Mills, commander of Umpqua post of the Legion.

Urging that Veterans of both World Wars set an example of reverence for the war dead by wearing the memorial flower, Commander Mills said:

"Passage of the years has not dimmed our memory of those comrades of ours who served by our sides and who gave their lives for America. Let us, then, show that we remember them and honor their sacrifice by wearing our memorial flower, the poppy, on Poppy day. In this observance, war veterans should set the example for all citizens."

Members of the American Legion Auxiliary and the Veterans of Foreign Wars and their auxiliary are combining efforts this weekend to offer poppies to the public during the two days.

Stores Boost Sale

As part of the publicity effort of the American Legion Auxiliary, window displays have been posted in three store windows, with another scheduled for readiness before the sale opens. Mrs. Nell Ulrich who heads Legion activities at the Veterans hospital, aided by Mrs. Eleanor Massey and Mrs. Lois Hill, have erected in Penney's window a replica of the Legion poster which depicts that organization's hospital work.

Lowell's window display was in charge of Mrs. Myrtle Olmscheid, local head of the state child welfare department for the Legion Auxiliary. Mrs. Massey and Mrs. Hill aided in preparing an exhibit of the items purchased by Legion money for children of disabled veterans.

Herman's Men's store will continue to display its collection of war souvenirs, exhibited during Armed Forces week, and Miller's will also have a window display.

Of interest locally is the fact that all of the 6,000 poppies offered for sale in this area were made by patients of the Roseburg Veterans hospital. These veterans provide themselves with "canteen money" by working about nine months of each year on their poppy projects. All of the proceeds of the sale is to be distributed among the patients for their own use.

Aiding in the sales will be the Boy Scout troop sponsored by the Legion, a Campfire Girls unit sponsored by the Auxiliary and another group of Campfire Girls led by Mrs. Leonard Gibson.
