# 28 Douglas Students Will Graduate At Oregon State

OREGON STATE COLLEGE, Corvallis—Douglas county is represented by 28 students in the graduating class of 1982 seniors and graduate students to receive degrees at the 81st annual commencement here June 5. Saturday, June 3, is alumni reunion day, while the baccalaureate service will be held Sunday, June 4, with Dr. D. V. Poling, famous eastern speaker, giving the address.

This is the largest single class in higher education ever to be graduated in this state, and it may hold the record for some years, officials say. Despite the size, the entire graduation ceremony will be held in the new college coliseum, where relatives of all those receiving degrees will have reserved sections.

Among the 1982 degrees to be conferred by President A. L. Strand, 1813 are either bachelor of science or bachelor of arts, representing four full years of study; 169 are graduate degrees—also a new record—including 149 masters degrees, 3 doctors of education awarded here for the first time, and 17 doctor of philosophy degrees, the highest earned degree in any institution.

Following are the graduates from Douglas county by schools:

Science — Marion Peter Krug, Roseburg; and Carla Chita Rebagliati, Reedsport.

Agriculture—Ernest Elmer Hodson and Bruce Asa Yeager, Roseburg; Ralph Henry Holcomb, Oakland; Cecil Durwood Pierce, Glide; and George Errol Winterbotham, Elkton.

Business and technology—Robert Stuart Bennett, Reedsport; Pat Vincent Sullivan and Robert Edwin Webster, Roseburg.

Education—Nancy Judges Adams and Orville Robert Adams, Gardiner; Betty Jean Ady, Myrtle Creek; Frank Nicholas Priester, Carl Edwin Stone and Christina Mavis Trapalis, Roseburg.

Engineering—Robert Boyd Laursen, Walter Emil Hercher, Albert Francis Laurie, Jr., Robert Godin Mangers, Wynn Wyman Oliver, Roseburg; Leo Junion Defferding, Camas Valley; Wesley Bruce Miller, Drain; Abraham Lincoln Schroeder, Canyonville; and James Samuel Young, Oakland.

Forestry—Robert Kenneth Krell, Roseburg.

Home Economics — Marceline May Moore, Roseburg; and Mary Alice Pyritz, Reedsport.

## Drunk And Disorderly Charge Draws Fines

William Bohnstehn of Roseburg was fined $20 on a drunk charge and $20 on a charge of disorderly conduct, when he pleaded guilty in municipal court Saturday, reported Judge Ira B. Riddle. Bohnstehn was committed to the city jail for 10 days on each count. He reportedly broke a window with his fist at Van's tavern, said Chief of Police Calvin Baird. He sustained minor cuts.

Walter Vashow, Roseburg, paid a $20 fine on a drunk charge upon a plea of guilty in municipal court.

## Two Minor Accidents Reported; Driver Cited

Cars operated by Gerald Donnelly of Route 1 and Pauline R. Oliger, Roseburg, collided at Cass and Rose streets Friday. Donnelly was making a right hand turn from Rose onto Cass, heading east. The other car was going west on Cass. The driver of the latter was cited for operating in the wrong lane of traffic.

Damage was slight in a second accident, involving a car registered to J. F. Slattery and operated by Eva G. Nielson, and a parked car registered to Betty Coulter.

## Lie Impressed By Soviet Life

LAKE SUCCESS, May 27 — (AP) Trygve Lie says the Russians he saw wore shoes and had neckties and suits "like anyone else."

The U.N. secretary general — giving impressions of his recent visit to the Soviet Union — added that Russia had its soccer fans, much like the Brooklyn Dodgers' rooters.

"Compared with what I had seen before," Lie told reporters, "the picture of the ordinary daily life in Moscow impressed me. I have seen Moscow in 1921, in 1932, in 1946 and now in 1950. "I would not wish to give any wrong impression, but from what an ordinary tourist can see in the streets, in the shops and so on, I think the progress made is a very good one, when I compare what I saw now with what I saw in 1946 If you talk to an ordinary man in the street, wherever you find him, he is very proud of the progress made."

Lie said the shops he visited were plentifully stocked and the Muscovites were prosperous looking. On the streets there were "new buses and trolleys as well as new private cars," he said.

### PRACTICE CHANGED

The Roseburg Choral Society will practice at the senior high school Sunday at 2 p. m. instead of the junior high, announced President Roy Barnhardt. The change was made because the junior high auditorium is being readied for baccalaureate that night.

## Ann Roth Of Brockway Awarded OSC Scholarship

OREGON STATE COLLEGE, Corvallis — (Special) — Ann Roth of Brockway, a student at Roseburg high school, has been awarded a tuition scholarship to attend Oregon State college during the school year 1950-51, Dallas Norton, chairman of the scholarship committee, announced this week.

Miss Roth, an outstanding art student, is the daughter of Mrs. Agnes Roth, Brockway. She is in the upper third of her class scholastically.

Fifty-three men and 53 women high school students, and 56 persons with previous college training, are to receive the awards, which will cover the $66 cost of tuition for the year. They were approved by the high school relations committee of the state system of higher education.

### CLOSE IN

WASHINGTON, May 27.—(AP)—Brothers Melvin and Roland Pannell, caught by police and treasury agents running a 600-gallon still in a barn only five block from the U.S. capitol, were convicted yesterday in district court of illegally manufacturing whisky.

### HANDY

BETHANY, Mo., May 27 —(AP)—Truck driver Paul J. Fogarty was rescued from his overturned and burning truck last night while the flames were extinguished with his cargo — beer.

## Factory, Mine Production Up

WASHINGTON, May 27 — (AP) — The production of America's mines and factories this month may rival the records set in the postwar boom year of 1948.

Reporting this last night, the Federal Reserve board said industrial output had hit a 13-month high in April and was continuing the upswing this month.

April output was indexed by the board at 189 percent of (89 percent above) the 1935-39 average against 187 in March and 179 in April, 1949, when an economic downturn was underway.

This month, the board said, "apparently" will produce another two point rise to 191 — closing in on the historic top of 195 registered in October and November, 1948, at the crest of the postwar boom.

Along with the upsurge in production the board noted price advances since mid-April in many industrial materials, farm products and corporation common stocks.

Sales of autos, television sets home furnishings, and other durable goods were reported continuing strong — with autos setting new records.

In contrast to this trend, however, department stores found clothing sales moving slower than a year ago.

The Commerce department reported that manufacturers business also slackened somewhat from the hot March pace, with some trimming down of the backlog of unfilled orders. Nevertheless, it still was ahead of 1950's first two months and far above a year ago.

## Few Incidents Mark German Youth Rally

(Continued from page One)

maxed here tomorrow with a monster parade.

Today's tribute to the war dead of a country which was once Germany's bitterest foe called out only a portion of the estimated 377,000 youths of East Germany who have already gathered here.

**German Affair**

The wreath-laying ceremony, which also was used to attack the western allies, was strictly a German affair. Only two Soviet officers were on hand. They stayed discreetly in the background.

But the East German people's police, the organization the allies charge is an army, postured and patrolled with authority. Three hundred of them lined the long driveway into the grounds. They made one concession to the Soviets in their uniforms. Today they all wore red neckties.

They would have nothing to do with western reporters. Attempts to talk to them were turned away with a curt shake of the head or an uneasy glance and retreat.

## Accused Chemist Talks To Relatives

PHILADELPHIA, May 27 —(AP) — Harry Gold, 39-year-old chemist accused of giving Russia America's atom bomb secrets, finally saw his family after spending nearly 72 hours in solitary confinement with no one to talk to except FBI agents and guards.

Gold, held under $100,000 bail, is in Holmesburg county prison where officials keep him in solitary confinement "for his own protection." He exercises by himself because the FBI said they fear other prisoners would harm Gold if he was allowed to mingle among them.

The man accused of being the "contact man" for convicted British scientist-spy Dr. Klaus Fuchs spent 15 minutes with his father and brother yesterday.

Both the father, 70-year-old Samuel Gold, and brother Joseph, 30, wept during the brief reunion. Harry Gold paled but appeared to have control over himself.

"Pop bore up well, but now he is near collapse and I may have to call a physician for him," Joseph told newsmen after the visit.

The family is still seeking an attorney to defend Gold in the espionage charges that could mean a maximum penalty of death, if he is convicted.

## Ex-Mayor 'Satisfactory'

CHICAGO, May 27—(AP)—Edward J. Kelly, former mayor of Chicago and Democratic leader, was reported in "satisfactory" condition in Passavant hospital today.

Kelly, 74-year-old Democratic national committeeman from Illinois, was stricken yesterday while driving from his home to the loop. Taken to the hospital in an ambulance, he was placed in an oxygen tent, and within 20 minutes physicians said he "improved considerably."

Dr. Fred W. Fitz said Kelly suffered "probably a mild to moderate acute spell of indigestion."

Kelly was mayor of Chicago for 13 years before he retired in 1947.

### LICENSE ISSUED

NEW YORK, May 27,—(AP)—Judith Coplon, 29-year-old former government girl convicted twice of spying for Russia, took out a marriage license yesterday with attorney Albert H. Socolov.

Miss Coplon and Socolov, also 29, appeared at Brooklyn's borough hall for the license, which is good for 30 days.

Socolov is associated with a law firm that defended Miss Coplon, who is appealing prison sentences totaling 25 years.

YIPPEE!

## Petrol Flows Again In UK

LONDON, May 27—(AP)—Britain ended gasoline rationing today after almost 11 years in a flareup of national exuberance that resembled an explosion.

A king's order-in-council lifting the controls took effect this morning—no specific hour was set—10 years, eight months and four days after the restrictions had been imposed as a wartime measure.

But already thousands of gallons of gas had been sold overnight by filling stations that jumped the gun after minister of fuel Philip Noel-Baker anounced the big event in the House of Commons yesterday.

Noel-Baker said rationing was ending because two American oil companies —Standard Oil of New Jersey and the California Texas Oil company—had agreed to take sterling instead of dollars for gasoline.

The announcement immediately brought a flood of telephone calls. The fuel ministry told garagemen they could sell at once without restriction.

Sales were phenomenal. One London garage sold 3,000 gallons—four days' supply previously—in six hours.

Motorists danced joyfully around their cars lined up in the longest gas queues in history. They tore up ration coupons or made bonfires of them.

## U. S. Bases Reportedly Saved Year Of War II

WASHINGTON May 27 —(AP)—Gen J. Lawton Collins, army chief of staff, said yesterday the United States saved "perhaps a year's time" in the war against Japan by secretly starting work on Pacific bases before the Pearl Harbor attack.

Collins told the Senate armed services committee the construction of "stepping stone," airstrips on islands between Hawaii and Australia was begun "quietly without attracting the attendtion of the Japs."

He cited this as an argument against fixing a rigid limit on the number of army officers assigned to Washington, saying that such a move might hamper the secrecy often needed in defense planning.

## New Comet Reported

PASADENA, Calif., May 27—(AP) —Mt. Palomar's 48-inch Schmidt camera in San Diego county has photographed another new comet, its second in six months.

Dr. Rudolph Minkowski and Robert G. Harrington of the Palomar-Mt. Wilson observatories, made the discovery at 2:32 a.m., Pacific standard time, May 19, but the announcement was not made until yesterday by California Institute of Technology here.

Dr. Minkowski said the new comet's direction is away from the earth and sun but the distance is unknown. He estimated it to be farther then the sun, which is 93,000,000 miles from the earth. It is not visible to the naked eye.

### PERSISTENT DRAFT

REGGIO EMILIA, Italy, May 27 —(AP)—Leonella Marazzi is having a hard time trying to stay out of Italy's all-male army. She was called up for conscription by her regional military board yesterday for the second time in a few weeks. The board explained that her name looks like Leonello on the birth records, and that's a boy's name.

### 10 DIE IN BLAST

BOGOTA, Colombia, May 27—(AP) —A discarded cigarette was reported to have set off an explosion of stored powder which killed at least ten persons yesterday in Neiva, 150 miles southwest of Bogota.

Fourteen other persons were injured and six buildings in the city's commercial area were destroyed. The powder had been stored in a drygoods store.

### BORAX HEAD DIES

SHERMAN OAKS, Calif.—(AP)—Frank M. Jenifer, 72, president of the Pacific Coast Borax Co., and a pioneer in the development of borax mines in California and Nevada, died Friday.

## Harry W. Goodell Dies At Tenmile

Harry Wayland Goodell, 48, died at his home at Tenmile Friday night.

He was born Oct. 20, 1901, in Wisconsin, and was married to Florence Bircher at Kelso, Wash., Dec. 24, 1925. He had been a resident of Tenmile community since 1934.

Surviving besides the widow are his mother, Mrs. Luella Goodel, Sumner, Wash., and two brothers, Darrell Goodell of Buckley, Wash., and Morris Goodell of Sumner, Wash.

The body has been removed to the Long and Orr mortuary from where funeral arrangements will be announced later.

## Van Leach Funeral Set

Funeral services for Harold Van Leach, 46, who was accidentally killed in a woods accident near Riddle May 25, will be held Wednesday, May 31, at 2 p.m. in the Baptist church in Bandon. The arrangements are in the charge of the Roseburg Funeral home.

Surviving are his widow, Zona, Roseburg;; his parents, Mr. and Mrs. Charles Leach, Bandon; a sister, Mrs. Fellows, Coquille; two brothers, Don Leach, Sausalito, Calif., and Duane Leach, Sargent, Neb.

Interment will follow in the Odd Fellows cemetery in Bandon.

## Mexico City Students Strike For Dismissal

MEXICO CITY, May 27—(AP)—Most of Mexico City's 136 high schools closed yesterday as thousands of students joined the ranks of Polytechnic institute pupils striking for the dismissal of their director.

Nearly 10,000 of the strikers paraded through downtown Mexico City last night. Rush hour traffic was snarled but no disorders were reported.

The economics department of the National university also was closed yesterday. Officials said "some agitators have been trying to start trouble in the school."

The Polytechnic institute struck a month ago after the dismissal of a teacher who had attended the Communist-sponsored World Committee of Peace partisans in Stockholm in March. Newspapers said the strike was Communist-led.

## Accidental Death Toll Rises Steadily

(By The Associated Press)

The Memorial day weekend—to honor the nation's war dead—was marred almost as it began Saturday by a slowly mounting toll of accidental deaths.

There was no pomp or ceremony for the victims who lay mangled on the highways. No patriotism or valor dignified the deaths of those who perished as the result of a moment's carelessness.

A violent death toll of 31 since 6 p.m. Friday included 27 victims of highway crashes. Four died in miscellaneous accidents.

The National Safety council has estimated that approximately 290 persons will perish in Memorial day weekend traffic.

### COMINFORM TO MEET

ROME, May 27—(AP)—The independent newspaper Il Momento said today a meeting of the Cominform would be held next week in Poland.

Quoting Rome Communist sources, Il Momento said Communist Senator Eugenio Reale, one-time Italian Ambassador to Warsaw, and probably Palmiro Togliatti, Italian Communist chieftain, would attend.

## Lane Forest Fire Now Under Control

EUGENE, May 27—(AP)—A cloud cover ad rising humidity today brought hope to 250 tired, red-eyed men who have been battling a forest fire 25 miles east of here since Tuesday afternoon.

The blaze was declared "under control" today, by crews of the Eastern Lane fire patrol. A threatened break-through last night was averted, after fighters controlled snags which were falling over one of the fire trails.

About 650 acres of timber and slash have been blackened by the blaze, on Rasor Lumber Co. and Booth-Kelly holdings.

Rising humidity today was expected to relieve the dangers of tufts of flaming moss which had soared through the air, spreading flames across fire lines.

## 'Marvelous Animal'

WASHINGTON, May 27 — (AP) — "The army mule is a marvelous animal," said the army's chief of staff, "but I've never seen him do anything that a jeep or bulldozer can' do better."

Gen. J. Lawton Collins, testifying before the Senate armed services committee yesterday, said the Army is keeping its veterinary corps for the job of inspecting meats. But the mules are finished — victims, he said sadly, of the machine age.

## Italy Plans To Okay Chinese Red Regime

ROME, May 27 —(AP)— Foreign Minister Count Carlo Sforza told the Senate last night that Italy is considering recognizing Red China.

Sforza said: "The Italian government considering that the present regime in China under Mao Tze-tung's control has all the elements of stability, could recognize it to defend (Italy's) interests and Italy's missions there."

He pointed out, however, that Britain still has been unable to exchange ambassadors with the Chinese Reds though the British government sent an envoy to Peiping Feb. 1 to establish diplomatic relations with the regime there.
