D.U.V. Convention Dated In Roseburg

The Daughters of Union Veterans of the Civil War are holding their 32nd annual convention at Roseburg June 20, 21, 22 in the I.O.O.F. hall. Headquarters will be at the Rose hotel. Besides the business sessions each day, there will be a number of social events, including breakfasts, luncheons, dinners put on by the ladies of the Methodist church, Rebekah lodge, Past Noble grand club and the Rose hotel.

On Tuesday at 3 o'clock the department chaplain will have memorial service, which will be open to the public. On Wednesday at one o'clock, the department patriotic instructor will present a flag to a troop of Boy Scouts, this will be open to the public also. The visiting members will be national officers and sisters from all parts of Oregon and other states.

The members of the order are lineal descendants of the Union Veterans. The object of the order is to keep alive the memory of those men. The first tent in Oregon was established in Portland in 1918. After two more tents were established, one in Salem and another in Marshfield, the Oregon department was organized in Salem in 1919. Florence Nightingale Tent No. 15 of Roseburg was organized Nov. 19, 1927.

The pepper vine is native to southern India.

Open Air Poultry Plan To Be Topic At Assn. Meeting

Dr. J. E. Parker, head of poultry husbandry at Oregon State college, will be the speaker at themonthly meeting of the Douglas County Poultry Breeders association, to be held Saturday, June 10. The meeting will be in the Knights of Pythias hall in Roseburg, and will start at 1:30 p.m.

Open air poultry houses will be the main subject discussed by Dr. Parker and will include information on management and disease and parasite control.

The college has had some form of open air house on trial for the past three years, with varied results. During the winter of 1947, 200 white leghorn pullets were put in a 20 x 20 wire house. Feed and water troughs bordered the sides and nests were provided. Although the pullets dropped off during the cold weather, at the end of the year they had produced just as many eggs as birds in enclosed houses. Trials this year in open air houses included family pens with 10 to 15 birds to the pen, and individual cages. Dr. Parker will discuss the results.

Open air houses have been in use in Douglas county for the past two years and have been gaining in popularity. During the winter of 1948, only one man, Russell Cary of Dixonville, tried them. He had about 600 New Hampshire pullets housed in them and reported the pullets did fine. Last year, about 12 different operators had open air houses with about 4,000 birds being housed in them. Results have varied with some operators getting more eggs per bird outside and some operators getting more eggs per bird inside. However, results have been generally quite good.

Anyone interested in poultry is invited to attend the meeting and all future meetings held by the organization.

Competence Of Nation Slumping, Baruch Declares

ST. LOUIS—(AP)—Bernard M. Baruch says "I find competence low, and growing lower, in the affairs of all mankind, and that includes us."

The financier, who has been called on by many presidents as an adviser, made the statement in a commencement address at Washington university.

"I find politics largely in the hands of self-seekers—those who give the people what they think the people want—bread and circuses — instead of painstakingly working out the processes of betterment," Baruch said.

"That is why I am apprehensive. We cannot arm against incompetence; we must extirpate it."

Baruch told the graduating class that passage of a standby selective service act "is the height of immorality when it is not accompanied by a mobilization of property and material interests, and prevention of profiteering."

"Why youth and not profits?" he said. "This shows the deterioration of our moral fiber."

He said also without listing them, that he has reservations about the U.S. central intelligence agency.

"We are arming against one foe —Russia," he said. "Our central intelligence agency should be sufficiently accurate and informative to tell us what we require. Let's not have guesses — let's get the facts."

Baruch recommended that the nation be fully armed, stop unnecessary expenditures, and avoid further inflation.

Columbia Toll Bridge Project OKd By Court

SALEM, June 7.—(AP)—The state supreme court Tuesday cleared the way for construction of a highway toll bridge across the Columbia river at The Dalles.

The court, in a unanimous opinion, ruled that Wasco county could go ahead and issue $2,850,000 worth of revenue bonds to build and operate the bridge, and buy up the existing ferry.

In its opinion, the court also upheld the 1949 state law giving the county the right to build the bridge.

The suit attacking the bond issue was brought by Harold L. Eddins against the county. Tuesday's opinion upheld Circuit Judge M. W. Wilkinson of The Dalles.

The Missouri River Basin Project covers at least parts of Montana, Wyoming, Colorado, North and South Dakota, Nebraska, Kansas, Minnesota, Iowa and Missouri.

Registration Announced For Red Cross Swimming

Registration for Red Cross swimming classes will take place at the Roseburg municipal pool Thursday and Friday from 9 a.m. to 12 noon, announced Ray Brown, pool manager. The classes will open next Monday.

The classes are open to all persons of school age, meaning those who attended the first grade this last year, or older. The classes will be similar to those of last summer, when 1,200 were given lessons.

Any person desiring to serve as an instructor is welcome, said Brown.
