

### Crackdown On Speculation In Coffee Is Asked

WASHINGTON—(AP)—A Senate committee has asked a Justice department crackdown on speculative trading in coffee.

The request was made by the agriculture subcommittee, headed by Senator Gillette (D-Iowa), which has been investigating the sharp rise in coffee prices in recent months.

The group recommended that the attorney general and his anti-trust attorneys take these actions:

1. Seek "injunctive relief" against futures contracts now used for speculative trading in coffee on the New York coffee and sugar exchange unless these contracts are promptly revised.

2. Bring a "civil suit" under the anti-trust laws unless coffee stocks held in this country by Colombian and other foreign coffee interests are immediately disposed of in channels of trade.

3. "That the attorney general of the United States investigate the details of the purchase of coffee by Mr. George V. Robbins, Maxwell House division, General Foods corporation, from the national coffee department of Brazil in the year 1948 to determine if any federal laws have been violated."

4. That the Justice department have a representative present "at all future meetings of the special commission on coffee of the Inter-American Economic and Social council, or any similar groups that meet here or in which the United States participates."

### Ex-Mental Patient Held In Slaying Of Father

HOBOKEN, N. J., June 9—(AP)—The bullet that killed 70-year-old Martin Openshaw as he sat on a New York City park bench came from a gun found in the possession of his 16-year-old son, police said.

The boy, Stanley Openshaw, was arrested on a Hoboken street corner. His mother, Mrs. Anna Kaufman Openshaw, was arrested later.

Police quoted the distraught mother as saying she had been in the park Saturday when the shots were fired, and saw her son running shortly after a quarrel between him and his father. She ran after the boy but couldn't catch him, she said.

A former mental hospital patient, Stanley was to be arraigned today on charges of being a delinquent adolescent and of possessing a dangerous weapon.

LOS ANGELES, (AP)—Earlene Mildred Runner, 20-year-old parolee from the California youth authority, has asked superior court to annul her marriages to three men.

At the time of each wedding she was not legally free, the petitions said.
