The vote was taken on recommendation of Dr. Henry Gunn, state director of teacher training, who added his belief the shortage of teachers was not as serious as often pictured.

### Check Refund On Error Ordered

SALEM, — (AP) — The state supreme court has ruled that the Rushlight Automatic Sprinkler Co. of Portland can't be penalized for a \$99,225 mistake it made in bidding on a Portland sewer project.

The company submitted a low bid of \$429,444 on the project, but after bids were opened, it discovered the mistake. The next higher bid was \$671,600.

The Portland city council then awarded the job to the Guy F. Atkinson company, the higher bidder. The city kept the \$21,472 check which the Rushlight company had deposited with the city with its bid.

The opinion, which upholds Circuit Judge Walter L. Toose of Portland, orders the city to give the company its check back.

The decision said that the city attempted to "take an unconscionable advantage of an inadvertent error."
