Announcing!

**GRAND OPENING OF THE
BENETTA
THEATRE**

★ Friday June 16 ★

An Invitation:

We invite the people of Winston and Douglas county to inspect our completely new, modern theatre. See the sloping floor, permitting full vision of the screen by all . . . comfortable seats that will accommodate 450 persons . . . the "cry room," where mothers may bring their babies and view and hear the picture in a soundproof room, equipped with comfortable, flower print cushioned seats. The large lobby includes a snackbar, featuring candy, soft drinks and popcorn. See the beautiful mahogany woodwork, doors and cabinets in the lobby! The auditorium is fully air-conditioned, with an 18-foot screen, and three scientifically designed loudspeakers that pick up both the high and low frequency sound waves. The roomy fireproof projection booth houses two new projection cameras. The BENETTA theatre is a tribute to those who helped build it and to the people of the community! For the finest in screen entertainment, from westerns to musical comedies in technicolor, patronize the BENETTA theatre.
