Courts Facing Snarl In Lustron Corp. Affairs

COLUMBUS, O., June 15.—(AP)—A U.S. Circuit Court of Appeals probably will be called upon within 48 hours to untangle a legal snarl in the affairs of Lustron Corp., big prefabricated house firm.

This was the prediction of attaches at the U.S. district court here after these swift developments yesterday:

1. U.S. District Judge Mell G. Underwood said either the Justice department would investigate operations of the \$37,500,000 corporation or he would call a grand jury to do it.

2. The Reconstruction Finance Corp., chief Lustron creditor, took possession of the huge plant after Judge Underwood approved its sale to RFC for \$6,000,000.

The RFC purchase was to protect its huge investment in Lustron. The firm was in default on \$36,500,000 in RFC loans.

3. Twenty minutes after RFC took possession, U.S. District Judge Philip L. Sullivan in Chicago signed an injunction barring the RFC from taking possession of the Lustron plant.

Judge Sullivan acted at the behest of three Lustron dealers who had filed petitions of involuntary bankruptcy against Lustron. Just which court has jurisdiction in the situation, none could say. It was the latter two developments

Informed Source Says American Writer Dead

LONDON.—(AP)—The death of Agnes Smedley, 56-year-old American writer on China, occurred two days after she was operated on for stomach ulcers, an informed source says here.

The source gave out this information after Rep. Harold H. Velde (R-Ill.) said in Peoria, Ill., that he believed Miss Smedley was liquidated to stop her from testifying on Soviet spying before the U. S. un-American activities committee. Velde called on the British government to investigate the circumstances of Miss Smedley's death last May 6.

The informant here said "her death certificate was made out after a post mortem carried out by one of the outstanding pathologists at Oxford." He said everything was in order. The certificate said the cause of death was broncho-pneumonia, acute cardiac failure and a partial gastrectomy.

Miss Smedley in February, 1949, denounced as a liar a statement in a U. S. army report that she was a Soviet government agent in Shanghai. The army later retracted the charges and said it had no proof to substantiate them.

Boulder, Colo., 25 miles northwest of Denver, is 5,350 feet high.

which led to predictions an appeals court would step in. The Lustron plant is in Columbus, but Lustron is an Illinois corporation.

Budworm Kill Percentage High In Roseburg Area

SALEM, June 15.—The spruce budworm campaign in the Roseburg-Springfield area resulted in a kill ranging from 96.3 to 99 percent, the state forestry department reported Wednesday.

The percentage of kill was determined by a field survey just completed by Al Lindena and Gene Mannoch of the forestry department.

Approximately 28,000 acres of infested fir timber in the Roseburg and Springfield areas were treated to a DDT spray the latter part of May in the campaign against the pest that has been destroying thousands of acres of Oregon timber. A total of 29,500 gallons of spray was used in treating the area. Cost of the project was \$24,213 or \$8.64 an acre.

This, according to State Forester George Spaur, was the first phase of the 500,000-acre project now getting underway in the state. Most of the infested area lies in the eastern part of the state where spraying will start in a few days.

Tenmile

By Mrs. Julia Breitenbucher. Mrs. June Kirkpatrick and baby daughter, Jeanne Lynn of Springfield, Ore., are visiting this week at the home of Mr. and Mrs. Howard Erbe. Mrs. Kirkpatrick is a daughter of Mr. Erbe.

The Ed Lewis place was sold last week to E. L. Perry.

Mr. and Mrs. F. L. Henbest of Oceanside, Calif., were guests last week of Mr. and Mrs. Clair Busby. They went to Salem and are going to visit again with the Busbys on their return trip.

Miss Dorothy Rathkey returned home from the Southern Oregon College of Education at Ashland to spend the summer vacation. Miss Meribeth Gerty, cousin of Miss Rathkey, accompanied her home for a week's visit. Miss Gerty is going to attend summer school.

The film "Peck's Bad Boy at the Circus" will be shown at the Tenmile Community building Friday evening, June 16, by the Tenmile school.

Bert Mellus is putting a new roof on the R. D. Lockwood's woodshed. The roof was damaged last winter when a large oak tree toppled on top of it.

Mr. and Mrs. Harry Smith of Myrtle Creek called on friends around Tenmile last week. They formerly lived on the place now owned by Edgar Mack.

Mr. and Mrs. Al Miller of Redmond, Ore., visited at the Byrd Smith and Wayne Breitenbucher homes Tuesday and Wednesday. Mrs. Miller is a niece of Mrs. Smith and Wayne and Irwin Breitenbucher.
