Bill Provides Bonus For Infantrymen In Korea

WASHINGTON —(AP)— Infantrymen in combat in Korea would get a $5 a day bonus under a bill introduced by Rep. Potter (R-Mich.)

Potter, who lost two legs fighting as a ground soldier in World War II, told the House "there has been lots of talk of push-button warfare."

"But now that we're fighting again, we find that the doughboy is the unsung hero who still must do the dirty job,' he said.

Department Store Sales Experience Heavy Boost

WASHINGTON, July 21 —(AP)— Department store sales soared last week to 24 percent above a year ago.

The rise, by far the biggest yet for 1950, was noted in a federal reserve report that followed by one day President Trumans warning to the American people against panic buying and hoarding.

t was spread across the nation, with sales showing gains ranging from 12 percent in the Richmond federal reserve district to 39 percent in the Dallas district.

Throughout the first half of this year, 1950 sales by department stores were lagging under the comparable period of 1949.

Concentration Camps For Communists Urged

WASHINGTON, July 21 —(AP)— Rep. Shafer (R-Mich) wants American Communists to be "put behind a high fence in concentration camps."

Shafer told the House that pending legislation to require the registration of Communist and front organizations is not enough.

"There is only one thing to do if we are to make it possible for American boys to win on the battlefields abroad," he said. "The FBI knows who the Communists are, who the Russian spies are. The FBI knows the identity of nearly all of the fellow travelers.

"They should be outlawed, every last one of them. We should round them up; put them behind a high fence in concentration camps."
