

(NEA Telephone)
FIRST WAR CASUALTY—Signal Corps Private Frederick J. Walsh (above) of Massillon, O., has been announced as the first official American casualty in the Korean war. The official notification to Pvt. Walsh's parents said he received flesh wounds. At least three and possibly six Americans have been killed in the Korean fighting.

Cougar Hunted After Repulse By Pair Of Horses

ALBANY, Ore., — (P) — A cougar, apparently the loser in a fight with the dam and sire of a palomino colt in the Parrish gap area of Marion county, was hunted today.

Mrs. Dale Harnisch, owner of the horses, said she found the colt and its mother badly slashed and bleeding profusely when she went to inspect a herd she pastures in the well populated area.

A stallion, sire of the colt, was seriously scratched.

Harnisch and Dale Priest, assistant Linn county agent, tried to pick up the trail with a hound but were unsuccessful. They said however, they found evidence of a cougar, and thought it was still in the area. There were indications it was an old one or had been injured, they said.

Cougars had been reported seen in the area previously. The fact that they seldom leave without killing a victim led to the theory that the dam and sire had protected the colt.

The colt and mother were treated by a veterinarian.

Hungry Logger Takes 17 Hours On Eating Job

Eugene—(P) — Emil Jahn had a whale of an appetite the other day.

He entered a Eugene cafe and started eating at 7:20 in the morning. He lingered until it closed at 12:30 that night.

During that time, waitresses Jerry Bailey and Marie George said the man ate:

Four full breakfasts, two orders of eggs, a pounded steak lunch, pie a la mode (several orders), a salmon steak dinner with soup and salad chicken in the rough, calves liver and onions, and finally, a three decked sandwich.

"A fellah gets hungry falling timber," Jahn explained. He said he was a logger from Oakridge.

State T-B Hospital Head, 65, Continues At Post

SALEM—(P)—Dr. Grover C. Belinger, for many years superintendent of the State tuberculosis hospital here, will stay on the job at least another year even though he has passed the retirement age of 65.

The board of control said that since he is in good health and he is doing a splendid job, they would keep him on the job.

When an employee reaches retirement age, the employing agency can request to keep him on a year-by-year basis.

LOCKWOOD MOTORS Oak and Rose Streets

One Blazing Match can destroy a Forest

Only one match, carelessly tossed away, may result in the destruction of thousands of acres of growing trees. It's so easy to prevent this needless loss, for which all of us pay. Simply break your match before you throw it away. Then you know it's out. Never toss away a burning cigarette. Never leave a camp fire without knowing not a spark remains.

Acts of carelessness cause the great bulk of our annual \$40,000,000 loss from forest fires which also impair the capacity of forest lands for ingrowth. The cooperation of all is needed to defeat this enemy of our forests. KEEP OREGON GREEN!
