Winston
By MRS. GEORGE BACHER
Chelsea Browne, formerly of this community, arrived last Saturday to spend the week-end in the Harry Winston home, where his family had been visiting. On Tuesday Mr. and Mrs. Browne and two children, Chelsea James and Cheryl, returned home to Portland.

J. Kearby Masters, employed with the Veterans administration in Roseburg, is spending a two-weeks vacation at his ranch in Winston.

Mrs. E. O. Nickerson is confined to her home with a "strep" throat infection.

Last week-end Mrs. E. H. Post was the guest of her daughter, Miss Betty Jean, who is employed at Horton, 40 miles west of Eugene, for the summer. Miss Post arrived here Friday to visit her parents and be here for her father's birthday, July 21.

Mrs. Gunder Floy, who has been receiving medical attention at Mercy hospital in Roseburg, is reported to be improved. She expects to be released and allowed to return home to Winston soon.

Miss Marlene Pruitt, daughter of Mr. and Mrs. Ernest Pruitt, is attending the Camp Fire girls summer camp at Tye.

David Burks, son of Mr. and Mrs. Roy Burks, is reported to be ill at his home on highway 42.

On Saturday the primary class of the recently organized Christian church of Winston enjoyed a picnic at Umpqua park. Chaperons for the affair were Mrs. Dwight Davidson and Mrs. May Belle MacDonald.

Mrs. Jim Laurance, who recently underwent surgery in a Eugene hospital, is expected home Saturday. During her absence the Laurance's son-in-law and daughter, Mr. and Ms. Dick Reece, have moved into their home to serve as caretakers.

Mr. and Mrs. Vince Jones will move from Winston to make their home near Glide, where Jones will be employed in the lumber industry.

Winstonites are "plum disgusted" for while the plum trees groan under their burden of fruit, there is little market for the bumper crop. Simultaneously, while an avalanche of orders come for pears, there "ain't none."

Auto Union Strike Shuts Kaiser-Frazier Plant

DETROIT, July 22 — (AP)—The Kaiser-Frazier automobile plant was closed Friday by a strike of CIO United Auto Workers, in protest of the suspension of a union shift chairman, Ralph Clark.

Kaiser-Frazier employs 10,000. Pickets, walking and in automobiles, ringed the big plant at Willow Run today. They refused to permit anyone, including executives, to enter.

Kaiser-Frazier only Wednesday called back 5,000 workers who had been laid off because of a strike in a Borg-Warner plant which makes gears for Kaiser and Frazier automobiles. It had been operating at only half of capacity for two weeks.

War Boosts Demands For Home Canning Jobs

MUNCIE, Ind. — (AP)—The Korean situation has brought an above normal demand for canning jars, Edmund F. Ball, president of the Ball Brothers company, said.

Sales of canning supplies thus far this month are far ahead of sales in the same period of July a year ago, Ball said. He added present indications are that shipments will increase.

Ball said many women are canning to insure future food supplies and to guard against rising food costs.

LOS ANGELES, July 22 — (AP)—Doctors have informed Gordon McCaw, Henderson, Nev., elementary school principal, that he will be blind in six months.

So today he is enroute to his native Sydney, Australia, to see relatives and friends for the first time in 19 years. Accompanying him is his wife, Elsie. McCaw's eyesight has been failing rapidly.

HARVEST ALL CROPS AT LOW COST

The outstanding record of the Harvester 69 in heavy crops, down grain, light stands, and in practically every kind of crop stamps it as the ideal combine for the average-size farm. MM Harvester 69 header and conveyor features mean steady harvesting with fewer stops. Height of the header and reel can be adjusted "on the go." The MM rasp bar cylinder and all-steel welded concave and grate assure a positive threshing action. Adjustments in speed of the cylinder and in the spacing between the cylinder and concave can be made quickly and accurately for best performance in all crops, for threshing beans, flax, and most grass seed crops without the aid of special attachments. We will be glad to furnish complete information on MM modern machinery.
