CREDIT PICTURE WORRIES WASHINGTON—Federal economic experts look with considerable concern on the steadily rising curve of consumer credit. Many see it as an inflationary prelude to an economic bust. Graph shows how private debt has risen from less than \$8,000,000,000 at the end of prewar 1939 to nearly \$19,000,000,000 in the first half of 1950. However, the important factor is not the total debt, but how much of income it represents. Actually, the ratio of debt to income for 1939 was 36.5 per cent while 1950's is only 29.9 per cent because Joe Doake's income these days is so much higher than it was in 1939.

Mayor Irked By Eviction Notices To Fliers' Families

SPOKANE—(AP)—Eviction and rent increase notices have not been uncommon in Spokane since rents were decontrolled a year ago. But word of at least six being served in the past three weeks has Mayor Arthur Meehan up in arms. He has threatened to recommend re-instatement of controls. Why? The six, he said, were handed to wives and families of Spokane air force base fliers whose B-29 Superforts are engaged in the Korean war. Six crewmen have been listed as missing in action. Meehan said if the complaints to his office of such action by landlords do not dwindle he will move for a return of rent controls. "It's hard to believe that property owners would take advantage of wives and children of men fighting for their country," he commented irately. The mayor told of one case where an expectant mother was given a 30-day eviction notice, and then had to call police to stop the landlord from bringing prospective buyers to the house at all hours. He said all complaints from families of fliers overseas will be investigated by his office.

Late Model Used Car Again Leads Price Race

PORTLAND, (AP)—Once more a late model used car sells at a higher price than a new one in Portland.
That's because it's so hard to find a new car for sale, the president of the Used Car Dealers' association of Portland said.
He said all late-model used cars were bringing at least \$200 more than they did a few weeks ago.
The buying rush that developed after the Korean fighting also has boosted food prices from 3 to 20 percent here, a survey showed.
Lumber dealers, however, insisted their stocks had not increased generally. Some board stock, however, was up.

France Again Legalizes Sale Of U.S. Cigarets

PARIS, (AP)—Official quarters announced that American Cigarettes will be placed on legal sale toward the end of August. This news heralded a blow to one of the country's oldest and most flourishing black markets.
Officials made this statement in disclosing that 140 tons of American cigarettes have just been landed at Le Havre for the state tobacco monopoly.

BREAD PRICE UPPED

SEATTLE — (AP) — A general price increase of one cent a loaf on bread has gone into effect in Seattle. The last major bakery lined up on the increase which others started earlier this week.
Bakeries said increased costs of materials and labor were responsible for the increase.
Retail price of bread now stands at 16 cents for a one-pound loaf and 23 cents for a 1½ pound loaf.

and better-class restaurants, American cigarettes have long been on sale, more or less openly, although prohibited by law. The current black market price in most bars around 200 francs (roughly 80 cents) a pack.
