One-Dish Oven Meal Suggested

BY GAYNOR MADDOX
NEA Staff Writer

One-dish oven meals simplify summertime cooking. To make certain your one-dish meal has enough nutritive value and flavor appeal, add cheese and milk to the other ingredients. All dairy foods, now in abundant supply, are rich in essential food values.

Eggplant Parmesan (Serves 6)

Tomato Sauce: Four tablespoons butter, 1 onion chopped fine, 1/2 cup chopped celery, 1 tablespoon chopped parsley, 1 small bay leaf, 1/2 teaspoon thyme, 1/2 tablespoon flour, 1 tablespoon sugar, 4 cups tomatoes, 1 can tomato paste (6 ounces), salt and pepper to taste, 1 basil leaf.

Melt butter in skillet. Add onion, celery, parsley, bayleaf, and thyme. Cook until onion is transparent. Stir in flour and sugar and blend until smooth. Add tomatoes, tomato paste, salt, pepper and basil leaf. Cook, tightly covered, for 60 minutes over low heat.

Eggplant: One large eggplant. Peel eggplant. Slice in very thin strips. Fry in butter until golden brown.

To combine: Fried eggplant, cooked tomato sauce, slices of American cheese, grated Parmesan cheese.

Place eggplant in glass casserole dish alternately with layers of sliced cheese and tomato sauce. Top generously with grated cheese. Bake 15 to 20 minutes in moderate oven (375 degrees F.).

This one-dish meal also adds cheese, one of the most popular dairy foods, to build up protein value.

Ham and Cheese Fondue

One small onion, chopped fine; 2 tablespoons butter; 1 cup cubed ham; 2 cups grated Cheddar cheese; 10 slices bread, cubed; 3 eggs; 2 1/2 cups milk; 1 teaspoon Worcestershire sauce; 1/2 teaspoon dry mustard; 1 teaspoon salt; 1/2 teaspoon pepper.

Brown chopped onion in butter. Combine ham and cheese, brown onion and bread cubes. Place in buttered 2-quart casserole. Beat eggs slightly, add milk and seasonings. Pour over bread cube mixture. Let stand 30 minutes. Bake in a moderate oven (350 degrees F.) for 35 to 40 minutes or until puffy and golden brown.
