Dr. Wright said the shooting apparently was the result of a quarrel between the two men.

Oregon Couple Among 8 Persons Killed In Mishaps

(By the Associated Press)

Eight persons, including a motorcycle Oregon couple, were killed in weekend accidents in Washington state. Four of the victims died as a result of traffic mishaps. Two others drowned.

The Oregon couple, Mr. and Mrs. Richard H. Holbert of Milwaukie, were believed enroute to the seventh annual "death's head" cycling derby at Olympia. Holbert, 24, was killed outright Saturday night when their cycle and a car collided head-on at Tumwater, three miles south of Olympia. Mrs. Holbert died Sunday.

Other traffic victims were Delbert P. Wilkes, 67, of Spokane, killed in a head-on collision at Dishman east of Spokane yesterday forenoon, and Owen Preston Pettit, 20, Olympic hotel busboy in Seattle, killed Friday night when his car collided with a stationwagon while chasing a newlywed couple's machine.

Water accidents claimed two lives. Glenn Vesper, 15, of Foster, drowned in Bow lake Sunday when the rubber boat in which he was fishing capsized. Roberts Bailey, 27, drowned Saturday in Priest lake some 40 miles north of Newport when a power boat capsized.

Joe Holliday, 37, of Walla Walla, died enroute to a hospital after being crushed yesterday beneath the boom of a haystacking machine while working on a farm 10 miles south of Walla Walla.

A stunt flier was killed Saturday when the engine of his plane failed and sent the craft plummeting into Lake Chelan. A witness said the flier, Dennis L. Ferree of Manson, had let out two passengers shortly before to show them he could takeoff on one pontoon by gunning the motor. The engine choked out at 30-feet altitude.

European Unity Crusaders Smash Border Barriers

WISSENBURG, France—(AP)—An international group of 300 college students, calling for European unity, smashed frontier barriers at the French-German borders here yesterday.

Armed with hatchets, saws and cans of gasoline, the students split into two groups and converged at the border point, uprooting the barriers and burning them in a nearby field.

As the flames rose, the green and white flag of the European movement—dedicated to European unity—was run up above the blaze.

The demonstration was held to impress delegates to the Council of Europe, which is meeting in Strasbourg, some 35 miles south

of here. The council now is considering taking West Germany and the Saar into full partnership. Western foreign ministers have voted to give them full membership in the council's upper house, the committee of foreign ministers.

Prof. Michel Mouskely of the University of Strasbourg, one of the chief planners of yesterday's demonstration, declared it was the first time in history that Europeans had marched to their frontier—not to fight but to abolish the barriers.

No opposition was offered by guards on either side of the barrier.
