Truman Signs Bill To Appoint Gen. Marshall

WASHINGTON — (A) — Presiden Truman signed today the bill allowing Gen. George C. Marshall to become secretary of defense. The White House said Marshall's formal nomination to the post would be sent to the Senate for confirmation at once.

Presidential Secretary Charles G. Ross said Marshall has asked that he be sworn into office at the Pentagon without any special ceremony. He can't take the oath, of course, until the senate approves him or before Louis Johnson steps out as defense secretary tomorrow, Ross said Mr. Truman also signed a bill authorizing him to appoint Gen. Omar N. Bradley to be the permanent five star rank of general of the army.

Good news for Winston residents living within the Winston water district, is the announcement that the bonds recently floated to make the project possible, have been accepted by the bonding attorney. Barring unforeseen difficulties, it is hoped that the water will be piped from the Roberts Creek district by Christmas time. The community is in dire need of an adequate water supply.

with the nation's criminals.

Clinton T. Duffy, noted head of the big San Quentin penitentiary, said prisons in his state hold 3,500 men under 29, more than 2,000 of them serving a first term. He added that one out of four convicts released will return to prison.

prison.

Duffy posed the question on the basis of these facts before the western probation and parole association conference.

"It makes me wonder also "he added, "if perhaps our prisons are not more detrimental than beneficial where youths convicted of minor felonies are concerned."

Greater use of probation under statewide supervision and a 90-day study of offenders at a diagnostic clinic to determine whether they are eligible for probation, were urged by Duffy.

He expressed the view that many young men now in reform schools could have been saved under such a program.

The plan may not be the com-

under such a program.

The plan may not be the complete answer, he agreed. But he said it would make possible probation on the merits of the findings of the clinic and not necessarily the degree of the crime.

The nation's crime bill would drop substantially, Duffy said, if one-fourth of the six billion dollars spent annually for law enforcement were spent on scientific crime prevention measures.

Model Defense @ Plan Proposed o For Cities Use

WASHINGTON — (AP) —The government produced a national civil defense program today that says this is the step by step answer to how civil defense planning should be started:

1. City forms civil defense coun-cil of officials from interested city departments, local organizations and industries. Examples: repre-sentatives of fire department, Red Cross, power company, medical society. society.

2. Civil defense director picked, preferably a full-time man.
3. Council decides such policy questions as priorities in event of utility damage, what kind of attack is most likely.
