Russia Ready To Quit South Korea, Washington View By JOHN M. HIGHTOWER WASHINGTON (AP)—Russia apparently is preparing to write off the crumbling Communist campaign in South Korea as an incident of no importance.

That is the view of the best informed American officials. They say the Soviet position is not completely firm yet but is clearly tipping toward acceptance of the Red setback in that area.

But the Russian attitude toward Northern Korea may be dramatically different. There is a strong belief here that the Soviet forces or possibly Chinese Communist troops may occupy the country north of the 38th parallel for the express purpose of keeping peace but actually to prevent United Nations forces from getting close to Russian security areas like Vladivostok and the Manchurian border.

Ever since the United Nations landings near Seoul there has been, in the opinion of State department experts, a gradual change in Russian propaganda on the Korean war. It gets less time on the Moscow radio. It is given a more moderate handling.

LAZY LOSER

CONCORD, N. H.—(AP)—George D. Perry submitted to the secretary of state the following required report on his expenses as a Republican candidate for state representative: "Postage 15 cents for five letters. No travel, either by foot or by car. I expect a person so tight and lazy ought to lose his election. P. S. — I did."

Neuner Rules Against 2-Job Holding In Douglas

A man can't hold the jobs of deputy sheriff and deputy coroner because the state constitution forbids it. Attorney General George Neuner ruled today.

Davis said he had asked the opinion when Coroner Harry C. Stearns sought to appoint Deputy Sheriff Ira Byrd to serve also as a deputy coroner. Byrd was to have served as deputy coroner without additional compensation. The attorney general's ruling, however, held the situation the same, whether or not additional pay was accepted.
