Locals

Dr. DeLapp Away — Dr. S. L. DeLapp will not be in his office until Oct. 30.

Mrs. Bingham Hostess — It was incorrectly stated in Thursday night's paper, that Mrs. E. O. Rand was hostess at the shower for Miss Barbara Rand.

Mrs. Ernest Bingham of Winston was the hostess. Omitted from the guest list was Mrs. Edna Kluver.

Births At Mercy Hospital

BAIRD —To Mr. and Mrs. Warren W. Baird, Sutherlin, a daughter Elaine Louise, Oct. 19; weight seven pounds eight ounces.

TAPLEY — To Mr. and Mrs. Leland Winfield Tapley, Little River Rt., Glide, a son, Gary Leland, Oct. 19; weight eight pounds once ounce.

BENNETT — To Mr. and Mrs. Robert W. Bennett, 343 E. 1st Ave. N., a son William Clayton, Oct. 19; weight eight pounds eight ounces.

MILLER—To Mr. and Mrs. Lyle Anthony Miller, 1961 Dogwood Drive, a daughter, Mary Nell, Oct. 26; weight eight pounds two ounces.

BLISS — To Mr. and Mrs. Jack Frank Bliss, 702½ S. Pine St., a daughter, Victoria Faye, Oct. 19; weight seven pounds four ounces.

GOTT — To Mr. and Mrs. Norman Stanley Gott, 109 Chestnut St., a son, Monte Randall, Oct. 19.; weight seven pounds two and one-half ounces.

Tragedy Ends Party Plans For Hospitalized Girls

BIG RAPIDS, Mich. —(AP) — One little girl invited another little girl to her birthday party —at a hospital.

The party will be next Tuesday. But it's too late now.

Carol Lorene Park, 5, who was invited, died yesterday at Reed City hospital. Born a blue baby, Carol succumbed to her heart defect.

The invitation came from Alice Benson, 7, who is a patient at Mecosta county convalescent hospital. Alice has what is feared to be an incurable spinal ailment.

Alice's nurses had suggested the invitation to Carol. They didn't know that Carol also had gone to a hospital. And they aren't going to tell Alice now what has happened.

Looking Ahead

with DON FORBES

"Better late than never" is a saying which does not apply to life assurance. Too often late means never. If you delay in applying for the proper amount of assurance protection you may ultimately find you have fallen below the required medical standards. Each day medical examiners are obliged to turn down applications for insurance from people whose need for it is great. Many of these disappointed people could have qualified a year or so earlier but the development of a health impairment makes them now uninsurable.

Statistically speaking, 20% of men are already uninsurable when they reach the age of forty. Keep this figure in mind. Don't be too late applying for your life assurance. Call me today!

Roseburg Area Can Rid Self Of Mosquito Menace

Roseburg and its surrounding territory can get rid of its mosquitoes if the people are willing to form a mosquito abatement district and levy a tax with which to finance the program, said Milton E. Buehler, insect and rodent consultant for the Oregon State Board of Health. Buehler addressed the Roseburg Lions club on the subject Thursday night.

It is useless for the City of Roseburg alone to attempt any form of control measures, unless the adjoining area also takes measures to clean up and either drain or spray mosquito breeding areas. He suggested a district, which would take in the flight range of mosquitoes to include the area north beyond Oakland and south of Roseburg.

Mill ponds are the worst source of mosquitoes, he stated. We must realize that mill ponds are an essential part of a sawmill and that a mill is an essential part of a community, stated Buehler. But, he claims, the mosquito menace can be controlled by spraying the ponds with the required amount of DDT mixture.

Mosquitoes common to Douglas county may cause encephalitis (sleeping sickness). For this reason the health department is particularly interested in this area, he said. The mosquitoes breed about four times a year, compared to the "flood" mosquitoes of the Portland area, which breed once a year, during the flood season.

Buehler discussed the health hazards of mosquitoes, as carriers of encephalitis, possible industrial hazards, secondary infections from scratching mosquito bites, and the demoralizing affect of mosquitoes on the people.

He discussed various means of control and offered the advice of his department and other agencies, if this area so desires.

More Controls Seen If Prices Continue Upward

GAINESVILLE, Fla. — (AP) —The federal reserve system is ready to clamp more controls on the nation's cash if a headlong trend towards inflation continues.

The word came last night from one of the federal reserve system's top bosses, M. S. Szymczak of Washington, a member of the board of governors.

"We are prepared to take further action if inflationary tendencies continue," he told the third annual Southeastern Economics conference.

"For obvious reasons I cannot tell you anything about our plans for the future. However, I can give you my assurance that we shall carefully consider the use of any anti-inflationary weapon in our arsenal.

"Price controls and rationing tend, at least in first moment of their application, to give the impression that they hurt people less than strict credit controls and high taxes," Szymczak said.

"Actually, however, they undermine the market mechanism. Prices cease to have economic meaning. Money ceases to play its economic function, and ration points fixed by the government tend to become the main motors of economic activity."

Ukranian Leader Killed By Russians, Says Report

FRANKFURT, Germany — (AP) — Ukranian sources today reported that Lt. Gen. Taras Tschuprynka, commander of the Ukranian underground army resisting communism, has been killed by the Russians in battle.

The report was circulated by the Ukranian monthly newspaper "Do Zbrei" which is published in Germany.

It said the news came from Ukranian liberation council and the Urkanian Resistance army which is reported still fighting against the Russians for Ukranian indpenedence.

According to this report, Tschuprynka's headquarters in the village of Biloborstscha, in the Russian Ukraine near the Polish border, were overrun by Russian troops, and Tschuprynka was killed in the fighting.

Col. Wasyl Kowal has been named to succeed Tschuprynka as commander of the underground army, the Ukranians said.

R. R. Peters Dies Following Illness

Robert Riley Peters, 89, well known resident of Myrtle Creek, died at his home Oct. 20 following a prolonged illness.

He was born in California, Aug. 14, 1861, and came to Oregon in 1876. He moved to Myrtle Creek from Tillamook about 35 years ago. He was married to Olive Buell Coon at Myrtle Creek on April 5, 1919.

Surviving are his widow and two stepsons, F. D. Coon and L. A. Coon, both of Dillard. He is also survived by a brother, George Peters, Tillamook; a sister, Mrs. Margaret Bounds, Medford; and a number of nephews and nieces.

Funeral services will be held in the Christian church at Myrtle Creek, Sunday, Oct. 22, at 2 p.m. with Rev. Leo Horner officiating. Concluding services and interment will be in the Myrtle Creek IOOF cemetery.

Hurricane Fails To Materialize Over Florida

TAMPA, Fla. —(AP) —A nuisance hurricane which failed to live up to advance billing fizzled out in a Florida wilderness today.

The rich Tampa bay resort area, once threatened with a possible knockout punch, escaped entirely.

The Florida highway patrol said the storm hit inland just north of Cedar Key, the fishing village devastated by the Labor day hurricane.

Winds were well below the 75 mile an hour minimum for a hurricane. Apparently the once threatening blow was breaking up harmlessly in that sparsely inhabited section of swamps and woodland some 100 miles north of Tampa.

For long hours the storm, rated at 75 to 90 miles an hour, was pointed slam bang at Tampa, largest city on the Florida west coast (population 125,000). Then it lost steam and veered north.

Meteorologist W. W. Talbott of the Tempa weather bureau said he believed a mass of dry air over this area caused the storm to disintegrate.

"Hurricanes can't live without moisture," he explained.

University of California Loyalty Oath Wrangled

SAN FRANCISCO — (AP) — The University of California today was the center of a new loyalty oath dispute.

At a tumultuous meeting of the University board of regents yesterday, John Francis Neylan, San Francisco attorney, said flatly the statewide oath ordered by the recent session of the legislative "must be challenged" insofar as it applies to the university. The regents themselves took the oath, however.

Neylan is the regent who successfully led a year-long fight to force university employes to sign contracts reading "I am not a member of the Communist party."

About the time the university's 11,000-odd employes had signed — except for 18 professors contesting the contract in court and a handful who resigned or were fired— the legislature passed the new oath requirement.

The new oath, which does not mention communism by name, must be signed before university employes are paid, and Nov. 2 is the deadline, State Controller Thomas Kuchel ruled last week.

Public Urged To Attend Meeting Of Candidates

The general public is invited to attend a meeting Wednesday, Oct. 25 at 8 p. m. in the junior high school library. Candidates for representative to the state legislature from Douglas couny and for the office of county judge will present their views on educational problems, according to Robert C. Sahin, vice-principal of Roseburg junior high school. Arrangements for the meeting are in charge of W. C. Stonebraker, principal of the Green elementary school and president of the Elementary Principals association for Douglas county. Sahin is in charge of publicity.

Arthur Wiswell Dies At Local Sanitarium

Arthur M. Wiswell, 72, died at 2:30 a. m. this morning at the Roseburg Sanitarium. He had been a Roseburg resident for about 20 years.

No immediate relatives survive him. Graveside services at the Masonic cemetery will be announced later. Funeral services, in the care of Long and Orr mortuary, will also be announced later.

Plush Army Life Idea Gone; American Soldier Learns He's Entered Service To Fight

By DON WHITEHEAD

KOREA—(AP)—Let's tell the army recruit right out loud that he's joining the army to fight.

After we tell him that, let's assure him that if he lives long enough he'll also get an education, learn a trade and live a reasonably secure life with retirement guaranteed.

The Korean war has kicked into the discard the fancy-pants promotional idea that the army is an institution where the recruit gets everything but a fight.

This idea blossomed after World War II, as the best way to induce youths to join up. Picture posters showed well-fed soldiers traveling in comfort, lounging in a library reading good literature, or cheerfully learning a trade.

Now all those things are all right. They should be part of our army. But the harsh fact is that the infantry exists solely to fight when a fight is necessary.

It's pretty clear that in this world we now live in the American army must be ready to go into battle on short notice. That means an infantry which is tough, well trained and able to take care of itself.

Not Ready For Korean War

Everybody knows the American occupation army in Japan wasn't ready for the Korean war. It was soft, trained for occupation duty rather than combat.

The first Americans in battle faced a tough foe, trained on the battlefields of China and Manchuria. They weren't prepared even for the sounds of combat, which in themselves are terrifying to the green fighter.

Most of those youngsters had come into the army because that promotional campaign promised everything except a fight. And when the fight did come it was a four-ring show which cost many lives. The troops were not prepared for war, either physically or mentally.

Softness Disappears

I remember those early heartbreaking days of this campaign when our troops were in retreat. Always they were in retreat, then — fighting desperately for time, but always falling back.

But out of this heartbreak and agony was refined a new American army. The softness gave way to hardened skill. Bewilderment changed to battlefield cunning. The men learned to protect themselves . . . how to meet the enemy on equal terms.

Now they are the victors. These green divisions have captured the Reds' own North Korean capital, Pyongyang. This is a battlewise army now. The men in the line know the tricks of the trade of fighting. They have a poise and an assurance that wasn't there two months ago.

They know that to be an infantryman means you have to fight. They have no illusions about their jobs, or what it means to be a soldier.

And I hope in the future no other soldier has any illusions about his job. It will be a poor recruiting campaign which fails to impress upon him that there may be a foxhole in his life as well as an all-expense tour to the far places of the world.

Infant Girl Dies Friday

Sandra Marie Willis, infant daughter of Mr. and Mrs. Benjamin Willis, Roseburg, former residents of Riddle, died Oct. 20. She was born Oct. 19, 1950 in Mercy hospital, Roseburg.

Surviving besides her parents are two brothers: Marvin and Ernest, both of Roseburg; her grandparents, Mrs. Glen Summers, Cathalmet, Wash.; Mr. Rhodes, Medford; and Mrs. Dora Willis, Riddle.

Funeral and interment services will be held Monday, Oct. 23, at 10 a. m. in the Masonic Cemetery with Father A. S. Tyson officiating. Arrangements are in the charge of the Roseburg Funeral home.

Atomic Scientist Said To Be Enroute To Moscow

STOCKHOLM, Sweden — (AP) — Italian-born British atom scientist Bruno Pontecorvo, who is said to be enroute to Moscow, made a one-day visit to Stockholm Sept. 1, a competent source here siad today.

Pontecorvo arrived by plane from Rome with his Swedish-born wife Helena Marianne and his three children —Gil, 12, Tito Nils, 6, and Antonio, 5.

The next day he proceeded with his family to Helsinki in a Finnish plane, the source said.

Pontecorvo, 40, became a British subject after World War II, when he worked on atomic research in Canada and England.

While in England he worked on the Harwell atomic energy research project where Dr. Klaus Fuchs, German-born atomic scientist also worked. Fuchs was convicted of giving atomic secrets to the Russians.

Junior High To Begin Annual Magazine Sale

The Roseburg junior high will begin its 15th annual magazine subscription campaign Thursday, Oct. 26, announced Principal R. R. Brand. The students will serve as agents for about 70 different magazines over a period of about 10 days. Both new subscriptions and renewals will be taken.

The school's commission for selling the magazines will be used to finance its athletic program and for the purchase of other needed student body equipment. Last year the Roseburg school ranked second in sales on the Pacific coast.

Don Lee Radio System Sold To Akron, O., Bank

LOS ANGELES — (AP)—The far-flung west coast Don Lee radio empire was sold Friday to the First National bank of Akron, O. It brought $12,300,000.

The bank bought it as an investment for the retirement plans for General Tire and Rubber Co. employes, for which it acts as trustee.

By going to the record figure, the bank topped —as required by law—the previous high bid of H. L. Hoffman Radio Corp. by 10 percent. Previous high for sale of a radio network was NBC's disposal of its old Blue network, now the American Broadcasting system, for $8,000,000.

Sources close to the negotiation said the Columbia Broadcasting system joined with the bank in the deal. But they said CBS is interested only in KTSL, the Don Lee TV station. Columbia is the FCC's choice to broadcast color television.

CBS originally had been expected to bid on the entire network, which is the western outlet for the Mutual Broadcasting system and owns 19 percent of Mutual's stock.

General tire already owns the Yankee radio network in New England.

The network, wholly owned by the estate of Thomas S. Lee, was up for sale in the second major disposal of its holdings. The Don Lee automobile agency was sold to Cadillac motors last month for $1,600,000.

Lee, who inherited the radio and auto business from his father when the latter died in 1934, plunged to his death here last January.

It is being handled by the public administrator's office because Lee named as his sole heir an uncle, Dwight Merrill, Seattle lumberman. Under state law, out-of-state heirs must operate through the administrator.

Dionne Quintuplets Visit New York; See Sights

NEW YORK — (AP) — The Dionne quintuplets, shy but smiling faced up like veterans before the pop of photo flash guns as they got in their good look at big city sights yesterday.

The 16-year-old quints — Yvonne, Marie, Cecile, Emilie and Annette — were accompanied on the tour by 11 classmates from Villa Notre Dame high school near their home town of Callander, Ont.

With Francis Cardinal Spellman as their host, the celebrated sisters sandwiched in sightseeing with radio broadcast, a visit to St. Vincent's hospital, and posed holding babies at the New York Foundling hospital.

In addition, they appeared at New York's Cathedral high school to sing "The Sidewalks of New York."

The girls talk little, a bit embarrassed — says their father, Oliva Dionne —about their poor English. On the radio broadcast they repeated, five times in identical voices, "Yes, we are having a wonderful time."

United States To Give Destroyers To Greece

ATHENS, Greece — (AP) — An authoritative government source said today the United States will turn over six destroyers to Greece under its military aid program.

Four of them are old-type vessels and are scheduled to be transferred by the end of 1950. The other two are modern ships and will be handed over later, the government source said.

He added that crews already are enroute to America for training before they man the destroyers.

Hudson Introduces New Hornet

1951 HUDSON MOTOR CAR COMPANY has four distinctive lines of cars led by an entirely new series—the Hudson Hornet. The Hornet is powered by the new high-compression H-145 engine, the most powerful automobile engine in production. In addition, Hudson has the Commodore Custom, Super-Six Custom and Pacemaker Custom series. Hudsons are only five feet high, yet have full road clearance and more head room than any other car due to exclusive "step-down" design with recessed floor. Hudsons are distributed locally by the Roseburg Hudson Co.

Jerry Spinas, 9, Wins Contest On Fire Prevention

Jerry Spinas, 9, fourth grader at Rose school won the three dollar first place award for the best essay on fire prevention, submitted in the recent contest sponsored by the Junior Chamber of Commerce and the Roseburg Fire department.

Second place winner, $2, was Gayle Geddes, fifth grader at Rose, and five runner up winners of $1 each were Sonya Williams, Nyoma Bailey, Janet Wolford, fourth graders, and Corienne Coxey and Bonnie Sue Holcomb, fifth graders, all of Rose school.

The majority of the contestants were from Rose school. It is hoped that the other schools will participate with the same amount of enthusiasm when next year's annual contest is sponsored, said Leo Sevy of the Jaycee committee.

The essays are now on display at Roy's Men's store.

Jerry's winning essay follows:

"I think everybody should try to prevent fires. Fires in our woods cost lots of money every year. It kills wild animals and ruins our scenery, and it sometimes kills people. Every one should make sure they put out their camp fires before they leave.

"Everybody should keep their attics, basements, and garages clean. Never leave oily rags, papers, or things that will cause fires around your home. If you do it may cost you thousands of dollars or maybe your life or the life of someone you love.

"If we all try we can prevent many fires."

Two Missing Patrolmen In Washington Found

EVERETT — (AP) — Searchers found two missing state patrolmen on rugged Green mountain Friday — "cold, wet and ready to eat anything."

The two men, Allen Kuest and Joseph J. Harvey, however, were in good condition.

They have been trying to find their way out of the rugged Cascade mountain wilderness since Tuesday.

A search party led by Tom Niederhauser, another patrolmen, found them shortly before 11 a. m.

Niederhauser reported the men had eaten only a few huckleberries and a bat in the days they were missing. They shot the bat and tried to cook it over a campfire.

Niederhauser said the men slept in a cave one night and undre trees the other nights. Always it was sopping wet. Because of the wet underbrush, they were able to build a fire only one night.

Donald Edward Taylor Held For Lane County

Donald Edward Taylor, 26, of Camas Valley is being held in the county jail on a charge of contributing to the delinquency of a minor, reported Sheriff O. T. Carter.

Taylor was picked up by a deputy of the sheriff's office on a warrant from Benton county involving a minor Monroe girl.

Northwestern Turkey Show To Receive $2400

The Northwestern Turkey show, sponsored at Roseburg annually in December, and the Pacific Coast Turkey Exhibit will each receive $2400 as their share of horse and dog racing receipts for the year, Secretary of State Earl T. Newhry announced.

Oregonians aren't betting as much. This year's receipts totalled $568,898, compared with $618,595 last year. The record was $775,570 in 1947.

During the year, county fairs got $243,000, or $6,750 to each county. $221,698 went into the state general fund. Other state shows, including tate fair and Pacific International Lifestock, which each received $35,000, received varying amounts.

C. H. Meusch Dies After Illness

Charles Henry Meusch, 79, well known resident of Roseburg, died here this morning following a long period of ill health. He was born at California, Mo., May 27, 1871.

He has resided in Roseburg for the past 40 years where he engaged in saddle-making and leatherwork business.

Surviving is a sister, Mrs. Fred Gross, Washington, Mo., and a niece, Mrs. Cornelia Eicher, Roseburg.

Funeral services will be held in the chapel of the Long & Orr mortuary, Tuesday, Oct. 24, at 2 p.m. Following services here, his body will be sent to California, Mo., for vault intombment beside his wife.

Alleged Slayer of Bride Arrested By FBI Agents

SACRAMENTO, Calif. — (AP)—A young man wanted for the slaying of his bride of two months was arrested early today by federal bureau of investigation agents and city police.

He is Jack R. Atkins, 26, the object of a manhunt through the West since the battered body of his wife, Audrey Hayes Atkins, 24, was found in the room in which they were living here last April 28.

Atkins was booked at the county jail at 1:25 a. m. and charged with murder.

WILBUR CLUB TO MEET

The Wilbur Community club will hold its regular monthly meeting at the school house, Friday evening, Oct. 27.

The program committee has arranged for a special program which will include a speaker who will talk on the school support bill 206. Refreshments will be served at the close of the meeting.

All parents and friends are cordially invited to attend the affair.

DRUNK SENTENCED

Municipal Judge Ira B. Riddle reported Axel Sigfried Stenvall, 49, Roseburg, charged with drunkenness, was committed to the city jail for 10 days in lieu of a $20 fine.
