### Dillard Hard Hit By Recent Flood

By ROSA HEINBACH

The South Umpqua river has really out-done itself this time "Old timers" in the Dillard area say the damage from the flood was far worse than that of the flood of 1927.

L. W. Andrus, Stanford Buell and Cliff Aton suffered a great loss when their nearly completed saw mill was turned into a mass of wreckage and debris by the flood. The mill pond now spreads over the alfalfa field of old timer Mill Norris and the summer melon and tomato fields of the De Coon ranch.

It was with a helpless feeling that the isolated residents of the west side looked out over the raging torrents of the overflowing river and knew they could do little to help their more unfortunate neighbors in the flooded area. Many of the people in the lowland area were evacuated to higher ground on the east hillside of Dillard.

The few families on Kent creek were isolated as the roads from both Brockway and Dillard were flooded.

The only telephone on the west side of the river was at the corner place and it was a popular spot on Sunday as many of the residents called the "folks back home" to tell them they were all right.

Monday morning the waters of the South Umpqua receded. Everyone of the Dillard area surveyed the damage brought by the flood. Mud damage in the homes was terrible.

Many families moved into the

### Happy Is The Day When Backache Goes Away . . . .

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Dean's Pills, a mild diuretic. Used judiciously by millions for over 26 years, while these symptoms may often otherwise occur, it's amazing how many times "Dean's Pills" have helped help the 15 miles of bladder tubes and Alera flush out waste. Get Dean's Pills today!

home of Tom Krewson during the flood. About 30 people were cared for at the home of Paul Hult. By Monday, most of the families had returned to their homes and were busy cleaning up debris in homes and yards.

### OUT OUR WAY

### 4-H Activities Told Rotary By W. L. Anderson

W. L. "Andy" Anderson, Douglas county 4-H club agent, reviewed 4-H club organization, goals, activities and problems Thursday noon before Roseburg Rotarians at their meeting at the Hotel Umpqua.

Douglas county was well represented in the State Fair, Anderson reported, with six 4-H'ers from this area judged champions in their class. A girl from Myrtle Creek was judged the healthiest girl in the state while a boy from Gardner was runner-up in health competition.

Achievement days are very important in 4-H club work, Anderson explained, since these days give the children an opportunity to see what others are accomplishing. Projects are exhibited and the outstanding ones are selected to send on to the county fair.

Exhibits of higher quality are again sent on from the county fair to the state fair and from the latter to the Pacific International exposition, if qualified.

On the problem side of the ledger, Anderson stated, a sponsor is urgently needed to oversee and assume responsibility for the activities at the county fair for 4-H and FFA animals.

**Program's Origin Told**  
The 4-H program had its origin in 1914, Anderson explained, when congress passed the Smith-Lever enabling act which laid the groundwork for the extension service.

This act made available to land grant colleges the extension service, together with experiment stations to conduct research.

Intended for the adult farmer, the program became enlarged when it was found that the farm program was also concerned with the farm home and with rural youth. Whereupon, the home economics and 4-H programs were set up.

It was up to the county court to request extension service, in which case the county appropriation would be matched by the state and the federal government would match these combined sums.

There are 1500 4-H projects in Douglas county involving from 1000 to 1200 boys and girls, Anderson advised.

### Azalea

By MRS. ILA QUIRKE

Richard Head, son of Mr. and Mrs. R. Head, celebrated his ninth birthday Oct. 21 at the home of his parents. Many gifts were received and 17 well-wishers attended.

The Azalea grocery has changed hands again. Mr. and Mrs. Vern Groves of Grants Pass have purchased the store and have made several changes.

Ted Miller of Azalea, who has been working on a construction

### Two-Way Aid

LONG BEACH, Calif.—(AP)—Louise F. Disney, 35, told police how she escaped from an amorous, 200-pound stranger.

She fled, she said, when he dropped his hearing aid and stopped to pick it up.

Mr. and Mrs. Joe Lapp of Coos Bay and their daughters, Mrs. Dorothy Haga and Miss Louise Lapp, visited Mrs. Lapp's parents, Mr. and Mrs. Henry Gaedcke, last week.

Hy Jaucke of Azalea was taken to the doctor because of an injured shoulder.

Local voluntary leaders constitute the backbone of the program, Anderson said, because they must be available before a local group can be formed.

Club membership benefits children, Anderson said, through educational and social values.

A movie was presented at the end of the session titled, "On the Road to Tomorrow."

President Walt Mallory announced that the program for next week's meeting will consist of a tour through the new Library and Arts building of the high school with dinner to be held at Fullerton school.

A collection was taken after the meeting by a representative of the Roseburg DeMolay chapter for the purpose of helping to finance a Christmas party for Korean children.

### Carnival Rescheduled At Veterans Hospital

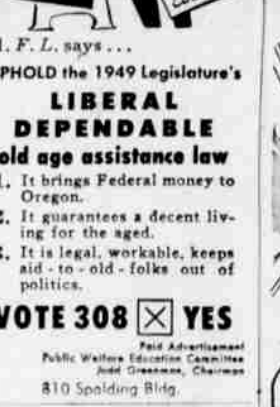

The all-organization carnival originally slated for Monday, Oct. 30, has been rescheduled for Monday night, Nov. 6, at 7:30 o'clock. This carnival for patients is being sponsored by the Veterans Administration Volunteer Services committee with each organization setting up some kind of booth or concession. It was necessary to postpone the carnival last Monday night due to the high water and flood conditions. Although delayed a week, the theme of the carnival will still be that of Halloween.
