

U.S. Crops in 1950 To Be Nation's Fourth Largest

WASHINGTON — (AP) — The fourth largest crop in the nation's history appears assured this year, the Agriculture department reported.

In its semi-final survey of the season, the department said this year's output was exceeded only in 1946, 1948, and 1949.

Good weather in October improved the quantity and quality of most late crops, the agency said. Conditions were described as virtually ideal for maturing and harvesting crops in most of the country, particularly in the latter part of the month.

The department also reported that fall sown grains for harvest next year — such as winter wheat and rye — made excellent progress in most areas, with conditions on Nov. 1 mostly satisfactory to ideal.

However, surface soil moisture was becoming a limiting factor in further growth of these grains in Missouri and the Great Plains

wheat area. The department said that corn—the major livestock feed—improved in quality during October though prospective production dropped about 13,000,000 bushels to 3,105,000,000 bushels.

Stay Of Execution Given Seven Virginia Negroes

RICHMOND, Va. — (AP) — Seven Martinsville Negroes, sentenced to execution for the rape of a white woman, had a new lease on life today.

Governor Battle late Friday granted the men stays of execution until next February so that their attorney might make a new appeal to the United States supreme court.

The governor signed the reprieve order just one week before four of the seven were to have been electrocuted Nov. 27 at Virginia state penitentiary. The other three were to have died Nov. 23.

UP TO SCRATCH—New Yorkers' eyebrows raised when they recently got a glimpse of Juliette Margien's fingernails. After 28 years in Hollywood caring for screen stars' nails, she believes long nails enhance a woman's attractiveness. Her right hand has "short" nails (for shaking hands) while those on her left hand (for glamor) are 3 1/2 inches long.

KDND DIAL-LOG

By CAROL KERR
More than one third of the three-score Hollywood stage, screen and radio celebrities who comprise the regular "Company" for KJJ-Mutual-Don Lee's "Family Theater" series of programs will be featured in the first "Thankful Hour" show to be presented over Mutual-Don Lee as part of the Thanks-giving Day celebration. The program has been scheduled for Thanksgiving Day, Thursday, Nov. 23, from 3:00 to 4:00 p. m. The "Thankful Hour," broadcast in co-operation with the Rev. Patrick Peyton, C.S.C., who was responsible for inaugurating the annual "Joyful Hour" and "Triumphant Hour" series on the network, will combine the power of script, music and spotlight performance, to provide an appealing, through-provoking Thanksgiving-themed show. Producer-director Joseph Mansfield, announcer Tony La Frano and musical director Harry Zimmerman, normally featured on the Mutual-Don Lee's "Family Theater" programs (Sun., 4:30-5:00 p. m.), will be assigned similar chores for this special broadcast. The "Thankful Hour" will be similar in motif to the "Joyful Hour," a Christmas-themed program, and the "Triumphant Hour," presented on Mutual-Don Lee as part of the Easter celebration. The latter two programs have been aired annually since 1947.

Target Of Clackamas Assessor Of Recall Move

MILWAUKIE — (AP) — North Clackamas county residents are going to try to recall Assessor Rufus Wood. Tax assessments are too high, they say, and recalling the assessor is the answer. At a public meeting tax grievance blanks, provided for individual protests, were quickly exhausted. Money was collected to strengthen the Clackamas county Taxpayers league. Lloyd Crosby, member of the legislature, said the state tax commission should share some of the criticism. When the commission ordered assessments cut back to 1948 levels, it ordered only a 50 percent cut in already over-inflated assessments in the north part of the county, he said.

BEE-WIND-CRASH

RESEDA, Calif. — A gust of wind blew a bee into the window of Mrs. Margaret K. Steward's automobile. The bee stung her in the eye. And the same wind blew her dress up over her head, reducing visibility to zero. This, the 21-year-old housewife told police, caused her to crash into the parked car. Officers estimated the combined damage at \$500.

Auto Blow Kills Farmer As He Leads Cow

SALEM — (AP) — Adam Schien-furth, 61, Gervais farmer, was killed Thursday when struck by a car near his home.

He was leading a cow along a road when struck by an auto driven by Omer Bewley, Gervais. Bewley told state police he was blinded by the headlights of an approaching car.

AMERICAN DREAM — Little Chuck Bentley, 8, of Denver, Colo., got The Big One when fraternity men at the University of Denver treated 1000 orphans to a football game and refreshments. The school's interfraternity council supplied 2000 hot dogs, most of them smaller than Chuck's, 3000 bottles of pop and impressive amounts of candied apples, popcorn and candy for the children.

Reds in Federal Jobs Deport Themselves

WASHINGTON — (AP) — The Justice department has announced the deportation of two persons it described as prominently connected with Communist organizations in this country. They were identified by the department as Beatrice Johnson, 48, a native of Poland, and Andrew Overgaard, 55, a native of Denmark. Both sailed Friday. Apparently the new security act, which allows imprisonment of deportable aliens, prompted them to leave willingly.

Uncle Freed Of Charge Of Hammer Beating

SAN FRANCISCO — (AP) — After deliberating more than six hours, a jury found Douglas Carapata innocent last night of beating his niece nearly to death with a hammer.

Carapata, 46, a San Francisco salesman and apartment house owner, had been charged with assault with intent to commit murder. His niece, 25-year-old Mary McIntyre, Canadian-born San Francisco advertising career girl, was found bleeding in her apartment last June 4.

Miss McIntyre had testified that Carapata struck her during an argument in which she accused him of being a homosexual.

King Ranch Holds Big Sale Of Cattle, Horses

KINGSVILLE, Tex. — (AP) — The Santa Gertrudis cattle netted the King ranch \$98,000 for 29 yearlings.

The ranch also sold 51 quarter horses for \$33,365. The Santa Gertrudis — essentially five-eighths shorthorn and three-eighths brahm — are tremendous in size when full grown. It is the only breed of cattle ever developed in the United States. The bulls yesterday brought an average of \$3,379 each. Highest price was \$10,000 paid by Edgar Brown of Orange, Tex.

FALSE ALARM

RICHMOND, Va. — (AP) — A ranging burglar alarm in mid-town Richmond this morning brought five police patrol cars snarling to Schwarzchild's jewelry store—scene of a quarter-million dollar gem theft last year. A window cleaner came clean for today's fuss. Sheepishly, he said he had set off the alarm while washing a window on the front of the store. The patrol cars melted off into the traffic.

Ten Years in Oregon's Tall Timber

This Year marks our 10th birthday in Eugene. We have tried, in these ten busy Oregon years, to merit a position of respect and friendship in the business and social life of the communities with which we are so closely identified. Our plywood plants at Willamina and Eugene; our lumber mill at Roseburg; our logging camp on Little River—all of these represent our stake in Oregon and make possible the employment of nearly 1000 workers. It's a big family—with pride in our jobs, our homes, and in the lumber and plywood that we produce under the APMI trademark. But perhaps our greatest pride, right now, is that we are having our 10th Eugene birthday. We look forward to many more.
