Oregon's Incoming Fund For Highways Announced

SALEM - (P) - Oregon will get \$7,761,000 a year in federal highway funds for the next two years, State Highway Engineer R. H. Baldock said.

With state matching money, the total will be raised to \$12,900,000 a year, or \$2,300,000 a year more than has been available for each of the past two years.

Baldock said the Highway Commission probably would adopt its road program for the next year at its meeting in Portland December 19 and 20.

Without Painful Backache As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complaints of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.
