Mr. and Mrs. Ben Gardner and small son, Benn, of Coquille were guests Sunday at the home of the former's grandfather, Dr. C. E. Calame and daughter, Rev. A. Grace Hartley. The Gardners have recently moved to Coquille from Gordon, Neb.

Mr. and Mrs. J. Mathis left Monday for Emmett, Idaho, where they were called by the critical illness of the latter's mother.

Mrs. Delbert Powers left Wednesday for Grants Pass to join Mr. Powers who had been called several days earlier to assist in the care of his grandmother during her last illness. Funeral services for the aged lady were held Wednesday.

Mrs. Thomas Buckle and son, Harvey, were able during the past week to move into the new cottage recently built on a lot adjoining the old home place. Linemen and construction crews for the Pacific Telephone company have been at the work in the valley recently as the weather permitted making arrangements for the taking over of the rural lines. Scarcity of needed materials has occasioned delay in progress of the work and the company now advises that the change will probably not be possible until midsummer.

Mrs. Cliff Boling, Mrs. Louise Oliviant and Mrs. Dorothy Williams were hostesses Friday evening at the home of Mrs. Williams for a pink and blue shower honoring Mrs. Shirley Astry. Games were played under the direction of Mrs. Milton Vance and refreshments served to the large group of ladies in attendance. Many lovely gifts were presented to Mrs. Astry.

The third daughter, Rebecca Dale, arrived Monday at Mercy hospital to join the family of Mr. and Mrs. Dale Ellis. The latter's mother, Mrs. W. Lewellyn of Roseburg, has been caring for little Cindy Lou and Carol.

Mr. and Mrs. Carl Ellis welcomed little Carl Bruce to their family circle Tuesday. The baby was born at Mercy hospital and

has two small brothers, Butch and Tommy.

Members of the Woman's Society of Christian Service of the local church met Thursday for an all-day session in the social room of the church to complete several quilts which will be given to families needing assistance. The pastor, Rev. A. Grace Hartley provided a hot main dish and coffee to supplement the sack lunches brought by the ladies. The group met similarly two weeks ago and cleaned the Sunday school rooms and rearranged them to take care of the increased attendance of the past few months.

A Friday morning prayer group under the spiritual leadership of the W. S. of C. S. has recently been organized. The group meets at 10 a.m. under the leadership of Rev. Miss Hartley who has extended a cordial invitation to all ladies of the valley to attend.

A farewell party for Don Oliviant, who left for the armed service Monday, was held at the school gymnasium Sunday evening. A large group of young folk with a few older friends of the family were in attendance.

**Winston**

By MRS. GEORGE BACHER

Mr. and Mrs. Carl Wohlgenant of Miles City, Mont. paid a surprise visit to Mrs. Helen Duncan at her home in Winston Wednesday. The Wohlgenants, who are visiting relatives in Roseburg and vicinity, are the former owners of the Duncan ranch, selling out some 15 years ago to move to Montana. Friends of the Wohlgenants will be interested to know that they have purchased a large ranch in that state. Associated with them is their eldest son, Joe, and his wife. Their two younger sons, Carl and Richard, are attending Montana State college, and a daughter, born to them after they moved from Ore-

gon, is a student in Miles City high school.

It has been reported that the cooked-food sale conducted by members of the Winston Dillard Home Extension unit at Howard's Hardware store Thursday, Jan. 18, netted \$14. Lack of food, rather than lack of customers, was blamed for the sales failure to reach a higher figure. Bare counters were in evidence shortly after the baked goods went on sale. Proceeds from the affair will be placed in the Azalea house fund.

Mr. and Mrs. George Bacher and son, Bryce, visited Sunday with Mr. and Mrs. Earl Jackson and son, Dennis Lee, of Myrtle Creek. Mrs. Jackson is the former Blanche Alcock of Roseburg.

The program scheduled last Friday evening at the Winston Community Club hall, featuring members of Sally Hill's acrobatic group, was postponed because of inclement weather conditions. Sponsored by the Bluebird groups of Winston and Dillard, the proceeds were to have been used to purchase materials for various hobby classes.

On Wednesday, Mrs. Ed Grant of Eugene was a guest in the home of Mrs. Helen Duncan. Business had brought her husband to Camas Valley and Mrs. Grant accompanied him as far as Winston.

George Bacher has been appointed to serve as supply clerk on the registrar's office of the Veterans' administration in Roseburg. He began work Monday.

Mrs. Minnie Hayes of Coos Bay spent the weekend visiting in the home of her son-in-law and daughter, Mr. and Mrs. Frank True and daughter, Susie.

Some 125 Winstonites turned out Friday evening for the gala dinner-dance sponsored by the Winston Community club at the community hall, for members and their families. Three improvised tables spanned the length of the hall and a baked ham dinner was served. Visiting and dancing, interspersed with ballet numbers by students of Sally Hill's school of dance, formed the evening's entertainment following the dinner party.

**Blood Pressure In 7-Year-Old Boy Rare Case**

PORTLAND — (AP) — A little boy, believed the first patient ever operated on for high blood pressure in the pulmonary artery, was in an oxygen tent today with his fate in doubt.

He had been home for several weeks after the surgery and apparently was improving when congestive heart failure began developing.

A spokesman at Doernbecher Memorial hospital for children said the boy, Dennis Coleman, 7, son of Mr. and Mrs. Jordan Coleman of Portland, had for several years suffered attacks of pain in his chest, especially while exercising.

The diagnosis when he was taken to the hospital last fall was high blood pressure in the vessel leading to the lungs—an extremely rare condition in a person of that age.

The spokesman said it was one of the few times known in which such a diagnosis was correctly made before death. The diagnosis was confirmed at the hospital as cardiac catheterization—a medical technique in which a small plastic tube was inserted in the vein of the arm and gradually worked to the heart itself. Its progress was watched by X-ray.

Surgeons—their names were withheld by the hospital and the University of Oregon Medical school—decided the high blood pressure in Dennis' lungs was caused by spasm of the smaller pulmonary vessels, prompted by overactivity of the nerves.

First the nerves to the right lung were cut, then after several weeks, those to the left lung were cut. The technique, the spokesman said, was similar to that used previously on asthmatic patients.

Hospital and medical school records show no similar operation under the same circumstances in the history of medicine, the spokesman said.

**Freeze Edict Not To Halt Lumber Unions' Demands**

PORTLAND — (AP) — The federal wage-price freeze order will have no influence on negotiations by lumber workers unions for pay boosts, leaders said here.

"We are going right ahead," James E. Fadling, president of the CIO International Woodworkers of America, said. "We intend to proceed with our attempts to better wages and working conditions while we're producing for the war effort."

Eldon Krall, secretary of the Willamette Valley district council of the AFL Lumber and Sawmill Workers, said of the order:

"We expected it. I felt it would be very unfair and unreasonable to freeze the wages of lumber workers at the present scale due to the inequality between wages and prices."

Both unions are now negotiating for wage boosts.

**Camp Adair "Pressure" Activity Hit By Vets**

DALLAS, Ore. — (AP) — Military necessity should determine whether Camp Adair is reactivated, the Dallas chamber of commerce and Monmouth American Legion post contend.

Their statements were aimed at what they labeled "pressure groups" seeking to have the 60,000 acres put back into military use.

The Dallas chamber said in a resolution that the groups "are motivated solely by stimuli originating in close proximity to their cash registers and pocketbooks, without reference to national welfare, economy, or the re-development and maintenance of a highly productive, stable agricultural community."

Nearly all land comprising the camp, which accommodated up to 40,000 men in World War II, has now been turned over to veterans for farming.

**DRAFT SHUTS STORE**  
GENEVA, N. Y. — (AP) — Charles Standish, closed his feed store after three employees were drafted and the manager was classified 1-A.

Standish said: "I haven't the heart to start all over again with inexperienced help."

**MR. BUSINESSMAN!**

... if you make your living by selling something to the general public, whether it be furniture, clothing, insurance or auto repairs—you know how important it is to impress as many folks as possible with the advantages of buying from you. The more people you convince—the more you prosper.

That's why smart businessmen know that newspaper advertising is their wisest investment. They know their advertising in the News-Review speaks not to a mute audience, but to a living parade of CUSTOMERS. If all the folks who read the News-Review stood two abreast, each occupying a three foot square space — THEY WOULD FORM A LINE NEARLY SEVEN MILES LONG! Want to reach them? Phone 100.
