

Test Of Western Air Defenses Now Operating

SAN FRANCISCO — (AP) — The giant test of air defense from the Pacific coast to the Rocky mountains began today, but the only thing visible to most civilians will be occasional vapor trails high in the sky.

"Invading" bombers of the strategic air command are involved with defenders from the western air defense force. The "aggressor" sorties are above 30,000 feet, out of sight but well within range of radar posts screening strategic areas.

The main purpose of the maneuver is a test of the ability of defense forces to detect and identify attacking planes, rather than a battle problem.

Game Fishing Ruined By Logging, Officer Says

PORTLAND — (AP) — Logging is ruining Oregon's game fishing, Captain Bert Walker, chief of the state police game division, asserted here.

He told the East Side commercial club that tree-cutting was

creating a fast run-off of water from the hills, making some streams "sluice boxes" that spew fish to their death.

Walker cited the North Santiam river. It was a top fishing stream 15 years ago, he said, but now is only mediocre. He added that the Rogue's fishing also was fading because of upstream logging.

N. Douglas Farm Bureau To Meet

The North Douglas Farm Bureau center will meet Friday at 8 p.m. in Rice Valley Grange hall. Many important issues will be presented to be discussed and voted upon, it is announced. All members are urged to be present.

Bob King and George Dewey, area representatives, will be present. They will also be at the livestock growers meeting to be held earlier in the day at Azalea Grange hall. Several members from North Douglas are planning to attend and return in time for the center meeting in the evening.

Paul Fury of Yoncalla has received his insurance agent's license and is eligible to write Oregon Farm Bureau insurance. Only Farm Bureau members in good standing are eligible to take advantage of this service. Russ Carey of Roseburg and E. E. Young of Cow Creek are the other licensed agents in Douglas county.

Elgarose

By MRS. THELMA HANSON

Mr. and Mrs. Dale Crenshaw and son Billy are moving to Idaho this week. Crenshaw will help his brother who recently suffered a stroke.

Mr. and Mrs. Leslie John have returned home after taking Mrs. John's mother, Mrs. Mary Hanson, to Gaston.

The 4-H club members of Elgarose and friends enjoyed a skating party at the Winchester rink Saturday evening.

Ray John is stationed at Ft. Lewis, Wash.

David Sage is recovering from a finger injury.

PTA Meet Hears Talk On British Isles

Laurin MacEwan of Days Creek presented a talk and movies on England and Scotland at the Canyonville Parent-Teachers association meeting Thursday.

MacEwan, accompanied by his wife, took a trip through the British Isles last year.

Frank Jarvey sang "Wagon Wheels" and "My Buddy."

The second grade room received a dollar bill for leaving the most dolls present at the meeting.

Superintendent of Schools O. J. Monger gave a short talk on the possibilities of consolidating Days Creek and Tiller with Canyonville.

The Canyonville PTA voted to donate \$4 to the March of Dimes.

One Feb. 22, the next regular PTA meeting, an atomic bomb film will be shown.

Refreshments, following the meeting, were served by the fifth grade mothers of the PTA.

Highway Span Collapse Blamed On Saboteurs

THREE RIVERS, Que. — (AP) — Quebec Premier Maurice Duplessis charged that "saboteurs by subversive elements" was responsible for the collapse of the \$3,000,000 Duplessis highway bridge.

He announced a government inquiry into the disaster.

Nearly half of the broad bridge built in 1948 snapped in 26-below zero weather early Wednesday

morning, plunging four persons to an icy death.

Duplessis, after whom the bridge was named, based his sabotage theory on the "timing" of the crash in the early morning hours and the fact that it was "the Duplessis bridge."

The premier, an outspoken foe of Communism recalled that he is the author of the Quebec "Padlock Law" by which police can close up establishments suspected of subversive or Communist connections.

Save trouble... Get more heat!

with new Rust-Proof Stove Oil

Rust-clogged burners and corrosion-damaged stove parts are things of the past when you use new Richfield Rust-Proof Stove Oil. Its special ingredient, RD-119, absolutely prevents rusting of fuel tank, line, strainers and burners.

This clear fuel burns with a hot blue flame, without soot or fumes; gives you clean heat — and more of it! You always get the same high quality, eliminating need for frequent adjusting burners.

For trouble-free heating at low cost, order Richfield Rust-Proof Stove Oil today.

KDND DIAL-LOG

By CAROL KERR

KRNR's last-minute March of Dimes "Pledge Party" scheduling Wednesday night netted the drive approximately \$300. Highest fees were pledged for Mayor Al Fiegel's singing of "The Whiffenpoof Song" and Al Henninger's rendition of "Ave Maria."

The latter performer was forced out of bed and pajamas in an all-out effort to put in a personal appearance on the show. Other pledge gimmicks included on-the-spot production of singing commercials, an air-trip over Roseburg and the spinning of favorite records.

KRXL program director Del McKay, local chairman of the polio drive, also took part in the show, supplying accurate facts and figures on local response to the campaign.

Patrick (Pat) W. Campbell, Don Lee broadcasting system vice president in charge of station relations since 1942, tendered his resignation effective February 1st it was disclosed over the weekend by the network's president.

A nephew of the late dramatic star, Mrs. Patrick Campbell, Mr. Campbell entered show business in 1915, handling Klaw and Erlanger productions starring Helen Hayes, Katherine Cornell, Alfred Lunt and Lynn Fontaine, George M. Cohan, George Arliss, Laurette Taylor and others.

One of the pioneers in the communications industry, Mr. Campbell, in 1932, as general manager, organized the west coast office
