DIAL-LOG

By CAROL KERR

TED HALLOCK, of Don Lee affiliate KPOJ, Portland, recently penned a vitriolic masterpiece, The Oregonian's William Moyes, which appeared in Moyes Feb. 20 column. Highly significant to those involved or interested in radio, the Hallock letter herewith gets a reprint.

"MIKE: In answer to 'D. G. Sherwood,' in your column of Feb. 13. Do you really want to know why all the 'dirty remarks' about Arthur Godfrey? The remarks, friend, are not actually directed at Godfrey at all. There's no need for intelligent souls to indict his lewd, vain, and unwitty aphorisms. They declare themselves for what they are.

"The remarks are directed to you (D.G.) and your like who have turned radio into the rotten business it is. Who have given Philip Wylie and Aldous Huxley and George Orwell food for a million traets on mass stupidity; who have forced great comedians (Fred Allen, etc.) to hide behind the skirts of Miss Bankhead; who have made it necessary for the most meaningful writers of comedy and dramatic radio prose to conceal their true intellectual identities or forsake radio (Goodman Ace, Arch Oboler, Norman Corwin, Archibald MacLeish).

"You, my friend, are the reason for ulcers, the reason for bad program directors, the jewel in the eye of the great god Hooper. You

are the downfall of what could have been a great art and instead is the greatest deodorizer, cathartic bormon stimulant, chain smoker, and 150-horsepower nothingness in civilization's history.

"Thanks for killing what thrives in us in the profession once had pride in. — TED HALLOCK, KPOJ.

SATURDAY: Alfred Wallenstein conducts the Los Angeles Phiharmonic orchestra in Stravinsky's "Firebird Suite," Beethoven's Concerto No. 2, and "Dvorak's 'Symphony No. 5' on 'Symphonies for Youth' (11:00-12:00 noon).

Presentation of the first-prize award for its "superior contribution to better intergroup relations," a citation announced for the "Document A-77" program by the national conference of Christians and Jews, will be made during MDL's re-broadcast of this public service feature (4:30-5:30 p.m.).

Canada Will Up Korean Force To Full Brigade  
OTTAWA — (AP) — Canada soon will have a full brigade of 5,000 men in Korea, defense minister Brooke Claxton told the House of Commons.

Claxton said that some 4,000 men from Canada's 9,000-man special force now training at Fort Lewis, Wash., would leave soon to join the 2nd battalion of light infantry already in Korea.

## War With Russia Would Lose Areas Of Alaska, Claim

WASHINGTON — (AP) — The senate armed services preparedness subcommittee, following a trip to Alaska, says all-out war with Russia would force this country to abandon certain isolated areas of Alaska.

It gave assurance, however, that "critical areas can be held." The subcommittee said it appears "reasonable to assume that little could be done to protect the Seward peninsula area from either bombing or actual invasion if the Russians so desired." It was the only specific reference made by the senators to areas within their category.

Declaring it found the military establishment alert and ready for any eventuality, the task force asserted that "if the present state of alertness and vigilance is maintained, there can be no Pearl Harbor in Alaska."

Despite this, however, the report stated that the defense program was crippled by numerous factors.

"Housing appears to be the big bottleneck," Hunt explained. "The little bottlenecks within that big one are a scarcity of labor, unreasonably high costs of construction and transportation, outrageous costs of living, and a strangle amount of governmental Red tape upon which the whole program exists."

Citing 47 individual steps which the task force found to be required between the initiation of a project and the contract award, Hunt said:

"Red tape along with Red Russia can be a dangerous foe."

## Quickie College System Failure, Yale Prexy Says

NEW HAVEN, Conn. — (AP) — President A. Whitney Griswold of Yale university says World War Two's hurry-up system of college education was a failure.

Awarding a college degree for such telescoped "Marathon" study is "like awarding a prize to the artist who paints the most pictures instead of the artist who paints the best," the educator said in a speech prepared for the alumni day luncheon.

With education facing another national emergency which could well continue for another generation, he suggested this formula for accelerating academic study on a more practicable basis: "I suggest that the best way to do it would be to eliminate waste motion all along the line; to strengthen our secondary school curricula in both substance and discipline; to eliminate redundancy, vocationalism, jargon, . . . and excessive extra-curricular activities from our liberal arts colleges; to offer short (not more than eight-week) summer terms for intensive work in subjects, such as foreign languages, a few elementary mathematics, that can be studied intensively.

"If these steps should make it possible for students to take their B. A. or B. S. degrees in three years, so much the better," he said. "The degrees would be worth more than they are today."

FUGITIVE CAUGHT  
KIAMATH FALLS — (AP) — Sheriff Jack Franey said he was notified yesterday that Frank Andrea Wilson, wanted here on a charge

## State Unemployment Commission Under Fire

SALEM — (AP) — The State Unemployment Compensation commission came under heavy fire here as a senator demanded resignation of the commission's chairman, and a spokesman for employers accused the commission of "fudging."

Sen. Manley J. Wilson, Warren, a Democrat and a state CIO leader, demanded the resignation of T. Morris Dunne, chairman of the commission.

James Cellars, representing employers, made the "fudging" charge. He accused the commission of violating the seasonality law by winking at the requirement that operators must shut down for 12 straight weeks in successive calendar years to qualify as seasonal.

Both charges were made before the senate labor and industries committee. Cellars told the committee that

## Dunne Had Admitted That Several Lumber Operators Enjoy Seasonal Status Which Had Been Granted Illegally by the Commission

Dunne had admitted that several lumber operators enjoy seasonal status which had been granted illegally by the commission. Wilson then called for Dunne's resignation. But Dunne later denied he made any such statement.

Dunne also said that the senate committee, by failing to give employers enough notice about unemployment legislation, has adopted a philosophy "that can have only one destiny — socialism."

## Scalping Scene Re-Hung Despite Indian Protest

WASHINGTON — (AP) — The painting of an Indian scalping a white man has been returned to its old place on the wall of the house interior affairs committee room.

Former Rep. Peterson (D-Fla.) had it taken down last year after Charley Grounds, a Seminole Indian attorney from Oklahoma, protested it was in bad taste and offended every Indian who entered the room.

Rep. Murdock (D-Ariz.), the new committee chairman, had it put back. It was one of a set painted by Maj. Gen. S. Richardson nearly a century ago, Murdock told a reporter, and he thought they should all be hung together.

## Cost-Free U.S. Insurance For GIs Object Of Bill

WASHINGTON — (AP) — Senate leaders hoped to win quick approval of a bill to give \$10,000 worth of cost-free government insurance to every person in the armed services.

A similar bill was passed last month by the House. In the past most persons in the armed services have been required to pay premiums to get government insurance.

Both the House and Senate bills would assure a payment of \$10,000 on all deaths since the Korean war started, without payment of premiums. The free insurance, however, could not be converted when a man left the service. That is permissible under the present system.

## DOGGED OUT OF JOB

JACKSONVILLE, Fla. — (AP) — Electric meter reader Hinton Miller Jr. resigned from his city job and auditor J. E. Pace reported it was "due to the fact that since October 18 he has suffered four dog bites and does not believe he can stand the mental hazard of his occupation."

## GI's Slaughtered Because Only One Sentry Posted

TORONTO — (AP) — A Canadian Press correspondent reported from Korea that 68 American soldiers were slaughtered in a village they had captured because they posted only a single sentry and then went to sleep.

Correspondent Bill Boss, with the Canadian soldiers of the Princess Patricia regiment, wrote that the Chinese advancing in the Chip-yong sector, saw a picture of horror at the tiny village of Kudun. "The Canadians saw the bodies of the Americans—68—many stark naked, killed in flight as they struggled to get out of their sleeping bags and attempted to get away," the dispatch said.

The Patricia's learned that their predecessors bedded down after taking the village and posted a sentry instead of digging in and maintaining a proper watch. The Chinese silently established a roadblock behind the Americans and attacked from the front, mowing down the awakened troops mercilessly.

Boss quoted Maj. Gordon Henderson of the Princess Pats as saying: "It's a tragedy. But it's a terrific lesson for our fellows. It rams home every point the commanding officer has been teaching these last weeks of night training."

## Woman Recovering After Self-Hanging Half-Hour

COULEE DAM — (AP) — Okanogan county Sheriff Lester Moss said a woman who hanged herself for 30 minutes here Saturday will recover.

He said Mrs. Muriel Ferguson, 43, was discovered hanging in the basement of her home by her 10-year-old son. The boy summoned a neighbor who gave artificial respiration until the woman was removed to Grand Coulee hospital. She was unconscious until late Sunday evening, hospital attendants said but will be released later this week.

Sheriff Moss said Mrs. Ferguson's action was attributed to ill health and despondency.

## CIO Seeks To Unionize Dept. Store Workers

NEW YORK — (AP) — The CIO will seek to unionize the estimated 1,500,000 department store workers in the nation.

The drive—using 8,300 employees in five R. H. Macy stores in the metropolitan area as a nucleus—was announced here.

Allan S. Haywood, organizational director of the CIO, said one of the principal reasons for the campaign is to make a "further effort to remove from trade unions the influence of communism."
