Russian Cargoes Of Wheat On Way To Needy India

NEW DELHI, India—(AP)—Famine-threatened India announces that Soviet Russia had agreed to sell her for cash 50,000 tons of wheat—and that Russian ships are already on the way her with some of it.

A government announcement said the agreement to buy 50,000 tons was the "first result" of negotiations with the Soviet embassy here, begun last week, on a Russian offer to supply 500,000 tons.

Earlier Prime Minister Nehru, in a surprise announcement to an applauding parliament, said Russian ships already were on the way to India with wheat cargoes. Nehru also told parliament that the bills before the U.S. Congress to send wheat to India "in our view have no political or discriminatory conditions attached to them and there can be no objection on these grounds to our accepting either of these. We prefer the terms of the house bill because they are simpler," he added.

His statement appeared directed toward conciliating the American Congress, Indian differences with American policies, especially in Korea, have contributed to a delay in final congressional action on a grant or loan of 2,000,000 tons of wheat, which India asked for in December.

APPLE-BOX DERBY FANS should take a gander at the power job pictured above, which is piloted by four year old Bryce Bacher. Bryce didn't make it, but he sure can drive it. His great great-uncle, Henry Bacher, watches him admiringly from the back-

Tunnel Under Willamette River Being Considered

PORTLAND — (AP)—The city council and the county commissioners have been asked informally to finance a study on whether a tunnel under the willamette would be feasible.

City Commissioner William A. Bowes was directed to arrange a meeting with the state highway commission to discuss the matter. The tunnel idea—advanced many times in recent years—is currently being pushed by East side business Kenneth Jette of the East Side Commercial club said the tunnel entrances should be well back from

the river—perhaps to 10th avenue on the west side and to 9th on the east. F. J. Schnell of the Progressive Businessmen's club, said bridge approaches take property from tax rolls, while property adjacent to tunnel entrances increases in value.

Bowes pointed out that tunnels are an expensive way of getting river crossings, and also are costly to maintain. Cost of a survey such as was proposed was estimated at \$50,000.

Local News

Condition Reported — The condition of Guy Pennell, who has been at Mercy hospital for medical treatment, is reported to be improving.

Has Second Operation — Peter Crummett, Roseburg plumber, underwent a second operation at Sacred Heart hospital in Eugene recently. He is reported to be recovering satisfactorily, but is still unable to receive callers. He would like to hear from his friends, however.

Sell Home — Mr. and Mrs. Frank Bistak have sold their home in Nebo Vista to Mr. and Mrs. L. C. Latham and plan to move next week into the Cassel apartments on East Cass street. Mrs. Bistak plans to take her mother, Mrs. Lola Hudson, back to the latter's home in Olympia Monday. Mrs. Hudson has been spending the last week here.
