MODEST MAIDENS

I KNOW IT'S YOUR LAST PAIR OF HOSE, MOTHER, BUT YOU DON'T NEED THEM JUST TO GO OUT WITH FATHER AND I'M GOING OUT WITH MY BEST DATE!

FROM NINE TO FIVE

By Jo Fischer

Will you please stop buzzing, Mr. Wump! You've got the girls so nervous, they're coming out of the washroom!

Flower Show Is Scheduled By Woman's Club June 6

"Roses around the world" will be the theme of the Rose Show, which the Roseburg Woman's club is sponsoring June 6 at the First Methodist church, corner of Main and Lane streets.

Only roses will be entered, announced the co-chairmen Mrs. Earl Bleile and Mrs. H. F. Beauchamp. Entries must be labeled correctly and neatly. Containers will be furnished for the single specimens, also the full blown rose and bud entries.

Classifications for all specimens will be divided into three sections. The first section will include: class 1—hybrid teas, one bloom from any one of red, yellow, white, pink or two tone roses; class 2—floribundas, one spray; class 3—polyanthas, one spray; class 4—climbing roses, one spray, and class 5, miniatures or dwarf roses in your own containers with the exhibitors' names on the bottom.

Section II will include full bloom and bud entry, the same as the hybrid tea classification. They will be judged 25 points each for color and form; 20 points each for substance and stem foliage, and 10 points for size.

American Rose society rules require that all specimen of hybrid teas be disbudded. While failure does not disqualify a bloom, the presence of side buds penalizes it. Roses should be half to three fourths open. Buds one-third or less open do not qualify as a bloom.

Flowers of section 1 and II must be grown by the exhibitors. Only one entry may be received from each exhibitor for each classification from any one person.

Section III will be arrangements. These will include: 1, arrangement of only roses, 2, arrangement with roses predominating, and 3, miniatures. Exhibitors should supply their own containers, with their names printed on the bottom.

Miniatures include — a. An overall of three inches; b. An overall of five inches. Arrangements must be the work of the exhibitors.

Points scoring include color composition, 25; relation to container, 10; proportion and balance, 25; distinction and originality, 20; suitability of combination of material, 10, and condition, 10.

The doors will be open to exhibitors at 8:30 a. m. and closed at 10 a. m. for competitive entries.

Judging begins promptly at 10 a. m., and the doors will be open to the public at 12 noon.

No exhibits or ribbon may be removed before 9 p. m. June 6. First, second and third awards will be made in a variety of each class. One sweepstake ribbon is to be given in each color of hybrid teas. A sweepstake rose of the show will be selected.

AT THEIR SUNDAY BEST!
They'll always look that way wearing clothes we launder! That sparkling, clean-cut look are assured through our modern, scientific laundering methods... at prices keyed to fit your budget. Call now for quick pick up and delivery... complete laundry and cleaning service.

Dr. Wassell Advises Against China Bombing

MIAMI — (AP) — Bombing China "would kill too many innocent people," says retired Rear Admiral C. M. Wassell.

The navy's famed Dr. Wassell of World War II spoke yesterday at a program commemorating armed forces week. "We have plenty of friends in China," he added.

The 67-year-old physician skirted direct questions about General MacArthur, but said: "The Pentagon is better than any one man." Dr. Wassell's evacuation of 42 wounded navy men from a Java

hospital made one of the most dramatic stories of the last war. It was made familiar to millions of Americans in the movie: "The Story of Dr. Wassell."

Grange Asks Referendum

PORTLAND — (AP) — The Oregon Grange will seek a referendum on the school district reorganization bill passed by the last legislature, Grange Master Elmer McClure said.

He said he will file a preliminary petition in Salem Monday. The bill provides for consolidation of school districts in an effort to bring about a more unified control.
