

### Fleeing Negro Shot At Dunsmuir

WEED, Calif.—(AP)—Will Moody Bolden, 31-year-old Negro, remains in a critical condition at a hospital here, his lung pierced by a bullet during a Saturday shooting scrape with Dunsmuir police.

The wounded man has been charged in Siskiyou county with assault and breaking and entering.

According to Dunsmuir police, a man answering his description attacked Mrs. E. A. Christensen, apartment house manager, after walking into her apartment and asking for coffee.

Her screams aroused a tenant who beat off the attacker. But he got out of the building.

A short time later a man — officers say it was Bolden — attempted to break into a north Dunsmuir home and was chased away down a canyon. Officer Kenneth Irwin said he fired two shots, one over the fleeing man's head. The second struck Bolden in the back.

### Mother's Abdominal Cavity Yields Infant

TACOMA — (AP)—A Tacoma doctor reports the birth of a child here from the abdominal cavity of the mother — and both are doing well.

Dr. Leo Annett said the operation, which he termed unusual, resulted from a tubular pregnancy in the mother, Mrs. James Smith of Tacoma. This condition, Dr. Annett said, usually requires an operation for removal of the fertilized egg.

The baby girl was delivered after eight months pregnancy and placed in an incubator.

The father, a master sergeant with the Second infantry division in Korea since last August, now is enroute home on rotation, Mrs. Smith said.

### quick-hitch "DRIVE-IN" CULTIVATOR for the CA Tractor

The Allis-Chalmers "drive-in" system eliminates heavy lifting and blocking up ordinarily required for front-mounted tools. You just drive your tractor into the frame and bolt it on.

In the field, too, the CA Cultivator is unmatched for good work and ease of operation. With the hydraulic system set for delayed action, front gangs lift the moment you push the hydraulic lever. Rear gangs cultivate to the end of the row, then lift automatically.

Round, tubular gang assemblies offer almost unlimited choice of shank settings. Parallel linkage leads shovels naturally into the ground without forced pressure.

The CA Cultivator has many other outstanding features we would like to show you. Stop in and see us.

### TV Programs Teeming With Crime, Data Shows

LOS ANGELES — (AP)— One hundred and twenty-seven murders, 161 "justifiable killings," 357 attempted murders, 93 kidnappings, 11 jailbreaks, three brandings of men with red hot irons, . . .

These figures, says TV magazine, Video trade publication, represent crimes committed in one week on television programs broadcast by the seven Los Angeles stations.

The magazine, which made a survey of telecasts during the week beginning May 1, reports:

Eighty-two percent of the crimes occurred on programs designed especially for children.

Seventy percent of all children's programs depend on crime and violence for their appeal.

Only 5.5 percent of all crime programs are broadcast after 9 p.m. when children presumably are in bed.

Assaults, batteries, cases of dishonest gambling and lesser crimes were too numerous to tabulate,

the magazine says. It is turning over a 176-page report on the survey to Mayor Fletcher Bowron for study.

### REA LOAN GRANTED

WASHINGTON — (AP)— The Rural Electrification administration has approved a \$225,000 loan to the Independent Telephone Co., Pilot Rock, Ore.

The minimum depth of the Suez Canal is 34 feet.

### Slayer Facing 2nd Death Verdict

WATERLOO, Iowa — (AP)— Death on the gallows confronts Edward J. (Buddy) Beckwith for the second time.

A jury of eight women and three men convicted him of first degree murder in the slaying of Mrs. Irma Jean Stahlhut, 22, wife of a Morrison, Ia., tavern owner.

The jury which deliberated only 40 minutes, recommended the death penalty. That makes it mandatory for the judge to sentence the 29-year-old Waterloo factory worker to hang.

A similar verdict was returned after Beckwith's first trial in November, 1949. The state supreme court reversed that verdict and returned the case for another trial.

The second trial was heard by only 11 jurors because of a rumpus at its outset, caused when one of the women selected to serve refused to take the oath as a juror.

The woman, Mrs. Jeanette Watson of Waterloo, told the judge she could not take the oath until she found someone to take care of her two sons, aged 8 and 3.

District Judge Shannon B. Charlton sentenced the woman to six months in the state women's reformatory for contempt of court. She later offered to serve, but the defense declined to accept her and the trial went ahead with only 11 jurors.
