Ellsworth Backed In Fight To End Price Controls

The Douglas County Farm Bureau, at its regular meeting held in the county court room in Roseburg, June 4, went on record as backing Representative Harris Ellsworth in his fight to end wage and price controls. The opinion of the organization is that supply and demand would be a better method of combating inflation.

Russel Cary reported that there would be a culling demonstration of chickens at an all-day meeting June 16 at Umpqua park beginning at 10:30. Wilbur Cooney and Paul Bernier of Oregon State college will be the principal speakers. A free lunch for all chicken growers will be given at noon.

Mrs. Robert Crawford appealed to all country women asking them to unite in advising the public of the fact that farmers are not receiving the benefits from all the high prices of farm products that the consumer pays. Mrs. Crawford said that the consumer pays \$1.17 per pound for meat when the farmer receives only 30 cents, and yet he feeds the animal from one to three years and also carries the expense of housing.

Phillip Knappie asked the Farm Bureau to get behind the 4-H and the FFA boys who work in Douglas county. He said in Arizona a farm-boy's education begins with 4-H in the grade school, FFA in high school, and upon graduation he enters the Farm Bureau. Then he has received a complete practical farming education with tours, shops and various other methods provided by organizations and county governments.
