Roseburg Trick-Riding Artist Hopes To Make Career Of It, Is Veteran Of Douglas Event

Roseburg's Jackie Carstens, above, is one of the top trick-riding stars who will perform in the Douglas county Sheriff's posse rodeo Saturday and Sunday at the county fairgrounds. The diminutive star is a member of the Rodeo Cowboys association and is rated as a "comer" in the profession.

A resident of Roseburg all of her 23 years, Miss Carstens became fascinated by the trick riding exhibited in the first rodeo here and started developing her own acts. Her RCA membership makes her a professional already but she has ambitions to make a full-time career of it and is only waiting for a chance to hit the big time.

New Trick Artist
Sheriff's posseman Frank Denton reports that Miss Carstens' riding is even better than last year with a new trick added to her already extensive repertoire, which includes the hippodrome stand, co-sack drag, one-leg stand and fender drag.

The new trick is the "stroud layout" in which the rider hangs from the side of the horse with one foot in the stirrup.

Her well-trained horse Sonny Boy, a palomino, is a great asset in trick riding, Miss Carstens notes. The horse is very dependable, always moving in a straight line and apparently sensing the delicate maneuvers being performed by his mistress.

Easiest Thing In World
Miss Carstens first performed exhibition riding several years ago in the Burns, Ore., rodeo. She was an amateur at that time but joined the Rodeo association in order to enter the Douglas county Sheriff's posse rodeo. This weekend will mark the fourth local rodeo in which she has participated.

Miss Carstens is only five feet, one and one half inches, and weighs a mere 100 pounds, leading some observers to wonder how such a tiny gal can maneuver holdrd sd dr ford, nuy dhr just a miles and says it's the easiest thing in the world and the most fun, too.

Canyonville Voters Pass Proposed School Budget

The budget for school district 8, Canyonville, passed 25 to 1 at an election Monday night. It provided a district tax for the fiscal year beginning July 1, 1951 which will exceed the 6 percent limitation provided in the Oregon constitution in the amount of \$17,269.39.

The reasons for making such increase in tax levy are: continued increase in student population necessitating additional teachers and facilities and an inadequate tax base established on the pre-war value.
