Request For Highway Changes To Be Studied

(Continued from Page 1) such devices as will alleviate the problems of the Douglas Community hospital. The resolution was prepared at a five-hour session of the chamber's highway committee, city officials and hospital representatives Wednesday night.

He said that all the people of Roseburg have a stake in the hospital and that their efforts should not be ignored by the highway commission. He said one of the reasons the present hospital site was chosen was that it was away from noise.

Mayor Flegel, who presided, assured the commissioners that the people of Roseburg wanted to work with them in every way possible to arrive at a solution.

Chandler, the only member of the commission to speak, in giving assurance that every angle of the problem would be considered, emphasized, however, that the commission has the people of the state of Oregon to consider. He said that in spending the taxpayer's money many angles, other than purely local ones, must be studied.

Causes Of Forest Fires Discussed At Assn. Meeting

Forest fires originating from logging and milling operations accounted for nearly half the acreage of burned-over lands in the state, James Walker, assistant state forester, told a meeting of foresters and loggers Thursday night.

Speaking to some 50 logging operators and foresters at a meeting called by the Douglas Fire Protective association at Carl's Haven, Walker said fires so far this year, burned over some 12,000 acres of forests in Oregon.

In discussing fire prevention techniques for operators, Walker said employers should caution their men about the fire hazards in operation of equipment and should see to it that the proper fire fighting equipment — extinguishers and shovels — are available at all operations.

The cost of fire suppression is simply terrific, he declared. A 100-acre fire in Josephine county cost one operator more than \$25,000. An informal discussion followed Walker's talk.

Fred Southwick, district fire warden for Douglas county, told the group that out of 82 fires in the county last year, 32 were caused by power logging equipment and refuse burners.

Grville Smith, superintendent for the F. and J. Logging company, which supplies the Martin Box company of Oakland, warned of becoming lax in taking fire precautions.

Those very things that we think we can get by with for a day or two are those which cause the trouble, he said. "It is very simple to make one mistake, putting not only ourselves in trouble but, the important thing is, what are our grandchildren going to log?"

Joe Queen, Roseburg operator, asked "what happens to small operators who let a fire get out of control and into other territory?"

Jack Hunt, Portland, fire control officer for the bureau of land management, suggested legislation be enacted to extend the fire control season to last most of the year instead of only during summer.

Three Persons Drown In Oregon Accidents

Three Oregonians drowned in widely separated mishaps Thursday — one of them while attempting a rescue.

At Klamath Falls, Willis Pigg, 25, plunged into Link river when June Albrook started to go down. She struggled against him — and he drowned while the girl was saved by two Klamath Falls Gems baseball players, Jerry Dodds and John Payne.

Donald Heath, 18, foster son of Mr. and Mrs. Lloyd Brown of route 2, Hillsboro, drowned in the Tualatin river while in the water with two swimming companions. He could not swim.

James Thomas Newlands, 13, of Fairview, drowned in Blue lake near Troutdale while swimming. He was the son of Mr. and Mrs. Thomas Newlands.

CHIMP'S BITE COSTLY — SPRING CITY, Tenn. — (AP) — Mary, a big chimpanzee, bit a hand, but it wasn't the one which feeds her — it belonged to the police chief.

Vets' Bonus May Call For Certificates—McKay

PORTLAND — (AP) — Gov. Douglas McKay said he considers Oregon duty bound to pay the war veterans bonus because voters of the state approved it.

The governor told the Multnomah county Young Republican club, however, that the state might have to issue certificates to pay it if no bids were received on the bonus bonds.

He pointed out that no bids were received recently on similar bonds in West Virginia and said the same situation might prevail in Oregon.

Increased employment which has boosted tax revenue may make it possible to balance the state budget during the next biennium, he said, but added "the day of reckoning is coming."

Missing American Adds To Diplomats' Mystery

LONDON — (AP) — An American "third man" has been introduced into Britain's mystery of the two missing diplomats.

The London Daily Express said Guy Burgess, one of the two missing British foreign office men, broke a date with an unidentified American medical student living in England, and went off to France.

The newspaper hinted that blackmail by Communists was involved in the mystery.

Burgess, who had been under suspension by the foreign office for misbehavior, disappeared May 25 with Donald MacLean, another foreign office employee. The two had been drinking companions.

Girls Drum Corps Dated At Shrine Football Game

The Roseburg Knights of Pythias Girls Drum and Bugle corps has accepted an invitation to take part in the pre-game pageantry staged at the annual Shriner's hospital all-star football game Aug. 25 in Portland.

Director Bill Black revealed the acceptance Thursday after President Bill Evans of the Roseburg Shrine club reported that the local Shrine organization would sponsor the trip.

The letter of invitation coming from the office of Pageant Director Chet Duncan of Portland complimented the corps on its "splendid appearance" in last year's pre-game pageantry. "We sincerely hope that your group will again be willing to participate in this most worthwhile of all charitable programs," the letter continued.

Finally it stated, "your participation adds immeasurably to the effectiveness of this great event."

This is the fourth annual game featuring the best high school football players in the state against Portland's best. Proceeds go to the Shriner's Crippled Children's hospital.

The Roseburg Shrine club president stated that the local club will "pay all expenses." This is the second year the club has sponsored the trip.

A Letter To Our NON-CATHOLIC Neighbors

Catholics and non-Catholics, as a rule, get along right well together. Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on every battlefield. We work together in the same shops and factories... root for the same baseball teams... do business with one another in a spirit of mutual trust every day.

In these and other phases of everyday life, there is a close association which promotes understanding and respect. But in religion... where this close association does not exist... there is often a regrettable lack of understanding and a corresponding absence of good-will.

Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues... that many sordid things happen behind convent walls... that Catholics do not believe in the Bible... that Catholic teaching is pure superstition and the Mass nothing but mumbo-jumbo.

All non-Catholics, of course, do not believe such things. But enough of these false rumors are in circulation to cause some sincere and intelligent non-Catholics to look upon the Catholic Church with suspicion, and to reject Catholic truth without even troubling to investigate it.

It is for this reason that the Knights of Columbus, a society of Catholic laymen, publishes advertisements like this explaining what Catholics really believe. We want our non-Catholic friends and neighbors to understand us and our Faith, even if they do not wish to join us. We want them to know the Catholic Church as it really is...

not as it is so often misrepresented to be. It is also important to you personally, however, to inquire into the teaching of the Catholic Church. For unless you do, you cannot know whether the Catholic Church is or is not the Church established by Jesus Christ for your salvation. You cannot intelligently accept or reject Catholic teaching until you investigate it and know what it really is.

A distinguished Catholic author has written "A Letter to a Friend Not of My Faith." This letter has been published in the form of a pamphlet which can be read in a few minutes... and which gives a remarkably clear and beautiful explanation of Catholic beliefs, worship and history. More importantly, it gives a blue print of Christian living which will deeply move you whether you accept or reject the Catholic viewpoint.

Free This highly interesting pamphlet is well worth the few minutes it will take you to read it. We will be glad to send you a copy free, on request. Write today... ask for Pamphlet No. KC-23.
