

**Presbyterian Clubbers
Slate Chicken Barbecue**

Cruisers and Mariners clubs of the Presbyterian church are sponsoring a chicken barbecue Saturday at Umpqua park for the church congregation, their families and friends. Festivities start at 6:30 p.m.

Reservations must be made by Thursday evening with the church office, Dr. Morris Roach or Sid Fredrickson. Tickets may also be secured at the Photo Lab.

The chicken is to be prepared Saturday afternoon by a committee of men. Other committees will arrange the tables. This is the third annual barbecue. Those attending should bring table service, salads and sandwiches.

**All-Woman Jury
First In Douglas**

Attorneys handling a civil suit in circuit court Tuesday and today are not undervaluing the power of a woman.

For the first time in the history of the circuit court in Douglas county, a trial is being heard by an all-woman jury. Circuit Judge Carl E. Wimberly said.

Clyde Henninger, Roseburg, the lone male to be called from the panel to hear the case, was excused on a peremptory challenge.

The case is that of W. L. Coe versus the Milwaukee Mechanics Insurance company, an action for the collection of insurance money on the loss by fire of several auto cabins in Sutherlin in March, 1950.

The all-woman jury includes Effie Manning, Blanche K. Marr, Mary Ellen Fetter, Elma Dunham, Norma Hatfield, Margaret Burt, Hattie Nay, Thelma Haskin, Betty Brauch and Dorothy Spires, all of Roseburg; Capitola Bartley and Katherine Amacher, both Winchester.

The Bombay duck is a member of the fish family Synodontidae.

the presence of the cruiser, even though it stays in Iraqi waters. The boundary between Iran and Iraq runs in the center of a deep channel, roughly in the middle of the 500-yard-wide river.

The Anglo-Iranian company has ordered all its tankers to withdraw from the Abadan refinery port immediately — presumably to avoid being involved in any trouble. Ten of the 27 tankers reported at the port were loaded. Skippers were instructed to dump their oil cargoes, if need be, in order to get Iranian clearance papers.

The Mossadegh government has demanded that the British sign receipts for all oil cargoes clearing the port to show that fuel is the property of the Iranian National oil company. The British so far have refused to sign such receipts.

WASHINGTON — (AP) — Secretary of State Acheson said today there is "no thought" of United States intervention in the Iranian oil crisis.

Appearing before the house foreign affairs committee, Acheson said however, "we cannot exaggerate the critical nature of the situation and we cannot exaggerate the importance of its solution."

He told the committee the United States is "bending every effort to bring about a favorable solution" of the British-Iranian oil dispute and prevent "a disintegration."

It is the hope of the United States that the Iranian government will approach Britain's offer with "more of an open mind," Acheson said, adding he believed in that case the existing difficulties could be solved.

As to aid proposed for Iran under the \$8,500,000,000 foreign assistance program, Acheson emphasized that it was a long range objective without reference to day-to-day "fluctuations."

"We must consider the program for Iran as apart from this particular crisis," he said.

Acheson said the purpose of the aid is to maintain internal security and prevent "subversion" of Iran's government.

**Missionary Sets
Special Service**

The Rev. Garland E. Benintendi, missionary to China and Formosa, will be speaking at the Assembly of God church, 944 W. First street, Thursday night at 7:45 o'clock.

The Rev. Mr. Benintendi was graduated in 1943 from Central Bible institute, Springfield, Mo. He studied at the University of California and sailed for China in 1947. He spent seven months in Shanghai working among university students.

With his co-worker, Phillip Hogan, he went to Formosa and opened the first Assembly of God mission there. He reports that Formosa has a tremendous population of seven million people in an area of 11,250 square miles.

The Formosans are a very friendly people and extremely hungry to receive spiritual help, he said. There now stands on Formosa an indigenous Assembly of God church, he said.

The Rev. Mr. Benintendi will show pictures and display curios gathered during his missionary activities on the island. The public is invited to attend the service.

**Get Certificates Early,
Advices Health Office**

Parents of children who enter the first grade of grammar school this fall were advised Tuesday by the county health department to obtain birth certificates from the State Board of Health in Salem.

Dr. E. J. Waincott, county health officer, said the certificates are necessary before the youngster can enter school. He advised getting the certificates early in order to avoid possible delay due to the many requests that are made just before school starts.

Application for the certificates may be made through the county health office in the courthouse or by direct mail to the State Board of Health.

**U.S. Again Demands
Czechs Free 2 Pilots**

WASHINGTON — (AP) — This government has again protested in Communist Czechoslovakia about its holding of two jet plane pilots who made an emergency landing there June 8.

A new note made public by the State department asked immediate release of the pilots, Lt. Luther G. Roland of Hummelstown, Pa., and Lt. Bjorn Johansen, a Norwegian training with U. S. air forces.

The U. S. contends they inadvertently crossed the Czech border on a training flight in Germany. The Czechs have said the matter is under investigation, but the State department brushed aside that explanation.

**Eradication Of Tansy
Ragwort Is Launched**

landowners are required to control the weed or be subject to a fine of from \$10 to \$100.

Checking the spreading of seeds is the most important aspect of the control program, Parker said. If the weed should spread into logged-off areas, it may be impossible to control it.

Spread of tansy ragwort seeds is usually by wind or the movement of hay or grass seed. Parker cautioned persons to investigate before purchasing hay or grass seed from areas known to be infested. Spread of the seed also can be by animals, birds and water.

Most plants live two years, turning to seed the second year. During late May and June of the second year the plant grows to one and a half to four feet tall and blooms into golden yellow daisy-like flowers.

Sheep Grazing Aids
Control of the weed may be through use of 2,4-D during March, April or May. At the present time the agricultural agent's office advises use of sodium chlorate or silicate.

The weed seldom affects sheep and in some counties sheep grazing is used as a control measure. In Douglas county, however, there is little chance of using sheep as the infested areas are too wet, Parker said.

Information on the identification and control of tansy ragwort is available in pamphlet form from the county agricultural agent's office in the Roseburg post office.

**Commissioner Beckley
To Attend Conference**

Douglas County Commissioner Lynn Beckley will leave Sunday to attend the 15th annual conference of the National Association of County Officials July 4, 5, 6 and 7 at the Hotel Schroeder, Milwaukee, Wis.

Beckley will represent the Association of Oregon Counties, as its president. He will be away about two weeks.

July 5, he will participate in a discussion of "administration of the highway program."

**July Cattle Slaughter
Up; Hog Quotas Cut**

WASHINGTON — (AP) — With the aim of getting more beef on American tables, the government has raised July cattle slaughter quotas 10 percent above those for June. It cut hog quotas about 10 percent.

The quotas are the number of animals meat packers are allowed to kill. They are based on estimated marketings and are designed to insure fair distribution of meat.

**Polio Prevention
Program Listed
By Health Board**

Summer and early fall are the worst seasons for contracting polio, Dr. E. J. Waincott, county health officer, said Tuesday in pointing to a six-point program for prevention of the dread disease.

So far this year Douglas county has had one new case of poliomyelitis. Eleven cases were contracted during 1950, Dr. Waincott said.

The six-point prevention program, published by the Oregon State Board of Health, outlines the following suggestions for the summer and early fall months:

1. Avoid large gatherings whenever possible.
2. Do not become too tired.
3. Do not become chilled, and avoid swimming in cold water for too long a period.
4. Keep yourself, your food and your surroundings clean.
5. Watch for signs of sickness such as headache, sore throat, upset stomach, sore muscles, fever or difficulty in swallowing or breathing. Consult your physician early when such signs appear.
6. Avoid worry. Polio is usually mild, and victims have a good chance of emerging without crippling.

The board said children are particularly prone to the disease, although anyone may be a victim.

**Lane County Logger
Killed By Falling Snag**

EUGENE — (AP) — Charles Samuel Farmer, 48, Eugene logger, was killed instantly Tuesday afternoon when a falling snag struck him on the back of the head. The accident occurred about 10 miles above Deadwood on holdings of the Farmer Logging Co. of which he was owner.

**Harold Hunsaker, Former
Roseburg Resident, Dies**

Funeral services were held in Portland Tuesday for Harold H. Hunsaker, who died Saturday at The Dalles. Born in Myrtle Creek 47 years ago, he was educated in schools in Roseburg and Portland and at the University of Oregon. He was employed as brakeman for the Union Pacific R. R.

He is survived by his wife, Patricia, of Portland; his mother, Mrs. Cloa Waude, Draper, Utah, and a sister, Mrs. Morris Langfel, Forks, Wash.

**Red Cross Aid
Given At Rodeo**

Red Cross first aid squads stationed at the Douglas county fairgrounds Sunday and Saturday during the Sheriff's posse rodeo proved a valuable safeguard as five persons were treated Sunday.

Sunday's squad, headed by chairman Robert Harvie, treated Chris Jensen Brothers' employee Joe Sullivan for a broken leg and another worker's back injury in addition to a rodeo contestant who was thrown from a horse; a girl's foot, and a boy who suffered nose bleed and a fainting spell.

Other members of the squad were Albert Marx, V. Vivian Logsdon, Mrs. Paul Ryan, Mrs. William Roughshore, Burrell Routh and Glen Brady, who was chairman of the Saturday squad.

Mrs. Geraldine Sheehy Routh and Leland Moore were the other Saturday workers.

Two men were stationed above the chutes throughout the rodeo while the other workers circulated through the crowd and maintained a first aid station.

Cooperation was reported to have been excellent. Dr. E. J. Waincott was on call Saturday and Dr. B. R. Shoemaker was on call Sunday. Billy Mohr's ambulance service was available both days.
